INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Daily Harvest 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Daily Harvest 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the 2021 Financial Statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of schedule H, part IV, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2021 and schedule H, part IV, Line 4i - schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated February 9, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Daily Harvest 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Daily Harvest 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established January 1, 2019 by Daily Harvest, Inc. (the "Company") for the benefit of eligible employees of the Company and its participating employers in accordance with the provisions of Internal Revenue Code ("IRC") Section 401.

Administration of the Plan

The Company is the Plan administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan. Human Interest serves as the Plan's trustee. Matrix Trust Company serves as the Plan's investment custodian and recordkeeper.

Eligibility

All employees of the Company, except for union employees, non-resident aliens, and interns, are eligible to participate in the Plan upon reaching the age of 21.

Contributions

Participants are allowed to make pre-tax and Roth contributions of up to 100% of their compensation for up to the limitation specified in the IRC in effect for each taxable year. For 2021, participants were permitted to contribute up to a maximum of \$19,500, with an additional \$6,500 for catch-up contributions for employees over 50 years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company also has the option to contribute a discretionary profit-sharing contribution. For the year ended December 31, 2021, the Company elected not to fund a discretionary profit-sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' accounts are 100% vested at all times from all contribution sources.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (reduced by the highest value of any outstanding loan balance in the preceding 12 months). Interest rates on loans are based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Repayment terms depend on the type of loan: a general loan must be repaid within five years, while loans used to acquire a primary residence can be repaid within ten years. Loans are repaid through payroll deductions and are collateralized by the balance in the participant's account. At December 31, 2021, participant notes receivable were \$44,306 with maturity dates ranged from 2022 through 2026 and interest rates ranging from 4.25% to 4.30%.

Notes to Financial Statements
December 31, 2021 and 2020

Payment of Benefits

Employees may receive their benefits either at their normal or early retirement date in the form of a lump-sum payment or partial withdrawal. Benefits are also provided in the event of death, disability, or termination of employment. The Plan has an involuntary cash out provision for terminated participants whose account balances are less than \$1,000. Amounts in excess of \$1,000 shall remain in the Plan, and no distributions shall occur until distribution election is made or is otherwise required. Participants may also request in-service distributions upon attaining age 59½ or due to certain hardships.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes realized and unrealized gains and losses on investments. Realized gains and losses are calculated as the difference between the proceeds from sales and the related investment's fair market value at the beginning of the Plan year, or acquisition cost if acquired during the year. Unrealized appreciation and depreciation are calculated as the difference between the fair value of investments at the end of the year less their fair values at the beginning of the year, or acquisition cost if acquired during the year. Capital gain distributions are included in dividend income. Certain investment-related expenses are included in investment income and are not readily determinable.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Loans are considered delinquent after a grace period of non-payment on the last day of the calendar quarter following the calendar quarter in which the scheduled loan payment was due. No allowance for credit losses has been recorded as of December 31, 2021.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

The employer may elect to pay all or some of the administrative expenses of the Plan. If the employer does not elect to pay all of the expenses, the remaining expenses will be paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

December 31, 2021 and 2020

3. INFORMATION CERTIFIED BY THE CUSTODIAN

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by the custodian of the Plan, except for comparing such information with the information reported in the Plan's financial statements. The custodian of the Plan has certified the completeness and accuracy of all investments and related investment activity, in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021. Based on information provided and certified by the custodian of the Plan, there were no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2021 and 2020.

4. FAIR VALUE MEASUREMENTS

The FASB's Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments, fair value				<u>\$ 2,369,678</u>

5. TAX STATUS

The Plan adopted a volume submitter plan, designed and administered by the trustee on behalf of the Company. The trustee obtained an advisory letter from the Internal Revenue Service, dated June 30, 2020, stating that the Plan, as designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. There are no tax-related penalties or interest reflected in these financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain fees and expenses of the Plan are paid by the Company. Notes receivable from Plan participants are party-in-interest transactions. All such party-in-interest transactions are considered exempt from the prohibited transactions rules.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the 2021 statements of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

9. RECONCILIATION TO FORM 5500

Differences between the financial statements and the Form 5500 relate to the trustee reporting Plan activity on the cash basis (versus accrual basis) for the Form 5500. The following is a reconciliation of the financial statements to the Form 5500 as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits		
per financial statements	\$ 5,289,865	\$ 2,475,070
Employee contributions receivable	<u>(65,696)</u>	<u>(101,205)</u>
Net assets available for benefits		
per Form 5500	<u>\$ 5,224,169</u>	<u>\$ 2,373,865</u>
Change in net assets available		
for benefits per financial statements	\$ 2,814,795	
Add: Contributions receivable, prior year	101,205	
Less: Contributions receivable, current year	<u>(65,696)</u>	
Net income per Form 5500	<u>\$ 2,850,304</u>	

10. DELINQUENT PARTICIPANT CONTRIBUTIONS

For the years ended December 31, 2021 and 2020, the Plan inadvertently delayed making certain deposits for employee withholdings as soon as they could be reasonably segregated, amounting to \$229,789 and \$147,866, respectively. The Plan took corrective action in 2021 by funding \$210 of lost earnings related to 2021 employee contributions and the lost earnings on the remaining 2021 contributions represent \$112 and will be funded in 2022. The amount of lost earnings for 2021 and 2020 are not considered material to these financial statements.

11. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through April 10, 2023, the date the financial statements were available to be issued. Based on this evaluation, Plan management has determined that no subsequent events require recognition, or disclosure in, these financial statements.
