Independent Auditors' Report

To Plan Management of
Richardson Molding, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Richardson Molding, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of May 26, 2022, and year ended December 31, 2021 (in liquidation), and the related statement of changes in net assets available for benefits for the year then ended (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Richardson Molding, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 26, 2022 and, for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter—Basis of Accounting

As discussed in Note 9 to the financial statements, the governing body of Richardson Molding, LLC 401(k) Plan approved a plan of liquidation in December 2021, and management determined liquidation is imminent. As a result, the financial statements for the period ended May 26, 2022, and year ended December 31, 2021, were prepared on the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Richardson Molding, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Richardson Molding, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Richardson Molding, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Richardson Molding, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Richardson Molding, LLC 401(k) Plan
Notes to Financial Statements
Period Ended May 26, 2022, and
Year Ended December 31, 2021

Note 1 - Description of Plan

The following description of the Richardson Molding, LLC 401(k) Plan (“Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan was established December 31, 1972 and is a defined contribution plan covering all full-time employees of Tulip Richardson Molding (“Company”), who are age twenty-one or older, and are employed the first of the month after they have been with the company 60 days. Beginning November 15, 2018, employees who are eligible to participate in the Plan are automatically enrolled at a deferral rate of 3%, unless otherwise elected by the participant. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year participants may contribute an amount not to exceed a specific dollar amount determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently is no longer making any matching contributions due to being liquidated in May 2022.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service for purposes of the employer’s matching contribution. Due to the termination of the plan, all participants are 100 percent vested in the plan.

Payment of Benefits - Active participants may take a withdrawal from the Plan in the event of a financial hardship. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant or survivor. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, the Plan will make a mandatory distribution following severance from employment for balances less than \$1,000.

Period Ended May 26, 2022, and
Year Ended December 31, 2021

Note 1 - Description of Plan (Continued)

Loans from Participants - Participants may borrow from their fund accounts up to a maximum of 50% of the participant's vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account. The determination of a reasonable rate of interest must be based on appropriate regional factors unless the Plan is administered on a national basis in which case the Administrator may establish a uniform reasonable rate of interest applicable to all regions. Principal and interest are paid ratably through monthly payroll deductions.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the liquidation basis of accounting, which approximates the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Loans from Participants - Loans from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition - The Plan's investments are valued at their fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Date of Management Review - Management has evaluated subsequent events through April 12, 2023, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurement

The fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy, the plan investment assets at fair value, as of May 26, 2022 and December 31, 2021. Investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Administrative Expenses

Substantially all administrative expenses associated with the Plan are paid directly by the Company.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Related Party Transactions

Certain plan assets are held in investment options managed by Fidelity Investments. Fidelity Investments became the current trustee on October 15, 2018, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Period Ended May 26, 2022, and
Year Ended December 31, 2021

Note 9 - Plan Termination

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

On December 2, 2021, the Plan's sponsor was acquired by another company, Stryten Energy, LLC. After acquisition, plans were made to terminate the Plan. As a result, all contributions to the Plan ceased in 2021 and the Plan sponsor paid off all participant loan balances with the Plan prior to May 26, 2022. Participants were allowed to withdraw their balances or roll over balances to other retirement accounts in accordance with Plan restrictions and IRS guidelines. Any participant with a balance remaining in the Plan had the option to transfer their balance to the acquiring company's retirement plan. The Plan began transferring all assets out and completed the process on May 26, 2022, when it ceased existence.

Due to the plan termination, the appropriate basis of accounting for the financial statements is the liquidation basis of accounting, which approximates accrual basis for the Plan. All assets and related activity for the years ended are presented in accordance with the liquidation basis of accounting. The final termination date of the Plan was May 26, 2022.

Plan Name: Richardson Molding, LLC 401(k) Plan

Plan Number: 001

EIN: 813988183

Subject: [Final Plan Filing – 2022 Final Short Plan Year](#)

The plan was terminated effective 12/5/2021 and no new contributions were made to the plan after that date. The plan was fully liquidated of assets effective 5/26/2022.

At the time of filing this Form 5500, we did not have the completed Auditor's Report available to attach to the filing. This is because we failed to engage our auditors soon enough so that they could produce the report in time for us to attach it to this filing by the 3/15/23 filing deadline.

The audit firm that we have engaged for auditing the plan is Forge Financial and Management Consulting, Inc. (EIN is 88-2802798).

Once we receive the Auditor's Report from Forge, we will amend the filing/return with the Auditor's Report attached. We anticipate being able to amend the filing by no later than 4/7/2023.

If you have any questions or need any additional information, then please don't hesitate to contact me directly.
