Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed the audit of the financial statements of 403(b) Thrift Plan of the Lutheran Social Ministries of Maryland, Inc., (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2022, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - 2022 Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Prior Year Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan had excluded from investments in the statement of net assets available for benefits, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts had also been excluded from the 2021 financial statements. If the identified contracts, as reported by a qualified institution, were included, net assets available for benefits would have been increased by \$270,995 as of June 30, 2021. Further, investment income of \$56,335, benefits paid to participants of \$-0-, and administrative expenses of \$30, related to such accounts, as identified by the respective qualified institution, had also been excluded from reflection in the statement of changes in net assets available for benefits for the year ended June 30, 2021. Accounting principles generally accepted in the United States of America require that these accounts and the related additions and deductions be included in the 2021 financial statements.

In their report dated April 12, 2022, the predecessor auditors indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2021 financial statements.

403(b) Thrift Plan of Lutheran Social Ministries of Maryland, Inc.

Notes to Financial Statements

June 30, 2022 and 2021

Note 1 - Description of Plan

The following description of the 403(b) Thrift Plan of Lutheran Social Ministries of Maryland, Inc. (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code (IRC) covering substantially all full-time employees of Carroll Lutheran Village, Inc., The Lutheran Village at Miller's Grant, Inc., and Lutheran Social Ministries of Maryland, Inc. (the Companies) with the exception of PRN/On-Call employees and Servers/Utility Workers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Companies' Board of Trustees is responsible for oversight of the Plan. The Investment Committee reviews the appropriateness of the Plan's investment offerings, monitors investment performance and reports, through the Finance Committee, to the Board of Trustees.

Service and Age Requirement Rules

There are no designated service or age requirements associated with the Plan in regard to the participant elective salary deferral contributions. For the employer base contributions, participants must meet the additional eligibility requirements of being at least 21 years of age and completing one year of service. Participants are credited with a year of eligibility service by attaining 1,000 hours of service during the 12 consecutive month period commencing on their hire date. Subsequently, participants are credited with a year of service for eligibility purposes by attaining 1,000 hours of service during the calendar year. This eligibility is recognized at the beginning of the next plan year.

Participation

An employee becomes a participant in the Plan for purposes of elective deferral contributions on the day on which they become an eligible employee. An employee becomes a participant in the Plan for purposes of the employer base contributions on the first day of the month coinciding with or next following the date, such eligibility requirements are met. Participants should refer to the plan document available to them for a detailed explanation of the major provisions relating to all eligibility.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the plan document, up to the maximum limits of the IRC. Effective July 1, 2019, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants who have completed 15 years of service may make additional contributions in accordance with the plan document, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Notes to Financial Statements

June 30, 2022 and 2021

Note 1 - Description of Plan (continued)

Contributions (continued)

All employees are eligible to receive employer contributions except for Servers/Utility Workers and PRN/On-Call employees. The Companies contributed 3 percent of eligible employee compensation, as defined by the plan document, for the years ending June 30, 2022 and 2021, to those employees eligible to receive employer contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the employer contributions, as well as allocations of the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100% vested after three years of credited service, based on the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0 %
1	0
2	0
3	100

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

At June 30, 2022 and 2021, forfeited nonvested accounts totaled \$16,814 and \$15,001, respectively. These accounts will be used to pay any charges associated with the forfeited accounts. Any remaining amounts will be used to reduce future employer contributions. In 2022 and 2021, employer contributions were reduced by \$25,740 and \$12,538, respectively, from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Loans

Participants may borrow from Mutual of America Life Insurance Company, the custodian of the Plan, using a portion of their account balance as security for the loan. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 50% of their vested account balance. The loans bear interest at rates commensurate with local prevailing rates as determined periodically by the custodian of the Plan. Principal and interest is paid ratably through bi-weekly payments by the participant to Mutual of America Life Insurance Company. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions.

At June 30, 2022 and 2021, the balance of these plan loans was \$144,029 and \$144,126, respectively. At June 30, 2022 and 2021, under the borrowing terms of these loans, \$172,834 and \$172,951, respectively, of plan assets serve as collateral for these loans.

Note 2 - Summary of Significant Accounting Policies (continued)

Plan Loans (continued)

In the event of default, such loans are reportable to plan participants as taxable income, but remain outstanding and continue to accrue interest until repaid by the participant or the participant becomes eligible to receive a distribution under the terms of the Plan. As of June 30, 2022 and 2021, there were \$7,904 and \$-0- worth of loans in default.

Note 3 - Information Certified and Provided by Mutual of America Life Insurance Company

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at June 30, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, for the years ended June 30, 2022 and 2021, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Mutual of America Life Insurance Company (the custodian of the Plan).

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

403(b) Thrift Plan of Lutheran Social Ministries of Maryland, Inc.

Notes to Financial Statements

June 30, 2022 and 2021

Note 4 - Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

The pooled separate accounts are valued at the net asset value (NAV) of units held. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liability.

The investment contract with the insurance company is valued at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus interest at the credited rate, less funds used to make benefit payments and pay administrative expenses charged.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Fair Value Measurements at June 30, 2022			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
			Total
Investment contract with insurance company	\$ -	\$ 1,791,202	\$ -
Investments measured at net asset value ⁽¹⁾			10,506,269
			\$ 12,297,471

403(b) Thrift Plan of Lutheran Social Ministries of Maryland, Inc.

Notes to Financial Statements

June 30, 2022 and 2021

Note 4 - Fair Value Measurements (continued)

Fair Value Measurements at June 30, 2021				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investment contract with insurance company	\$ -	\$ 1,809,361	\$ -	\$ 1,809,361
Investments measured at net asset value ⁽¹⁾				12,828,453
				<u>\$ 14,637,814</u>

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended June 30, 2022 and 2021, there were no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

		Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
		June 30, 2022	June 30, 2021			
Pooled Separate Accounts						
Allocation	(a)	\$ 344,816	\$ 378,639	\$ -	Immediate	None
Balanced	(b)	326,734	363,553	-	Immediate	None

Note 4 - Fair Value Measurements (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient (continued)

- (a) This class invests primarily in fixed income and equity securities. The class's objective seeks both current income and capital appreciation. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments.
- (b) This class allocates its assets among stocks, bonds, and money market instruments. The class's objective seeks total return. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments.
- (c) This class invests primarily in equity securities. The class's primary objective is capital appreciation. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments.
- (d) This class invests primarily in fixed income securities. The class's objective is to provide current income. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments.
- (e) This class invests primarily in real estate securities. The class's objective is to provide current income. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments.
- (f) This class invests in an appropriate asset allocation associated with its target retirement date. The class's objective is to seek current income, capital preservation, or capital appreciation appropriate with its targeted retirement date. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments.

Note 5 - Investment Contract with Insurance Company

The Plan has an investment contract with Mutual of America Life Insurance Company. Mutual of America Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and interest at a rate that is determined by Mutual of America Life Insurance Company from time to time. The minimum interest rate is guaranteed never to go below 1.00%. As of June 30, 2022 and 2021, the interest rate was 1.00%.

Note 6 - Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

Note 6 - Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2019.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Companies contribution portion of their account.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. The actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economy, financial markets, and the geographical area in which the Companies operates. It is unknown how long these conditions will last and what the complete financial effect will be to the Companies and how it will affect the Plan. Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions

Note 9 - Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by Mutual of America Life Insurance Company. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. In addition, Mutual of America Life Insurance Company issues loans to plan participants which are secured by the participant's account balance, but are contractual agreements between Mutual of America Life Insurance Company and the participant, and are funded by Mutual of America Life Insurance Company's general fund. Mutual of America Life Insurance Company is the custodian as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions.
