## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators of the  
Vivax Pro Painting Smart Plan  
Denver, Colorado

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Vivax Pro Painting Smart Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 16, 2022 and December 31, 2021, and the related statements of changes in net assets available for benefits for the period from January 1, 2022 through March 16, 2022 and the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Vivax Pro Painting Smart Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution for the period from January 1, 2022 through March 16, 2022 and as of March 16, 2022 and as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vivax Pro Painting Smart Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vivax Pro Painting Smart Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vivax Pro Painting Smart Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vivax Pro Painting Smart Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – December 31, 2021, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the Period From January 1, 2022 through March 16, 2022 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Vivax Pro Painting Smart Plan  
NOTES TO FINANCIAL STATEMENTS  
March 16, 2022 and December 31, 2021

1. Description of the plan

The following description of the Vivax Pro Painting Smart Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering the all employees (except collective bargaining and non-resident aliens) of Vivax Pro Painting (the “Company”) who have completed two months of employment. The Plan is subject to the provisions of ERISA. Participation in the Plan begins on the first day of the Plan month coinciding with or following the date eligibility requirements are met. The Trustee is responsible for oversight of the Plan. The Trustee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Effective December 31, 2021, management elected to suspend contributions to the Plan and merge assets with the Alliance Group Retirement Plan (an existing Plan). Plan assets were transferred to the Alliance Group Retirement Plan on March 16, 2022.

Contributions

Each year, participants may contribute up to 100% annual compensation, as defined by the Plan and subject to statutory limitations, on either a pre-tax or post-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions equal to 100% of up to 3% of compensation. For 2022 and 2021, the Company contributed a matching contribution of \$-0- and \$175,096, respectively. The Company may make discretionary profit sharing contributions. For 2022 and 2021, the Company did not elect to make any profit sharing contributions. Company contributions are subject to certain IRS limitations. Participants are required to be employed on the last day of the Plan year and have at least 1,000 hours of service to receive employer contributions.

Participant accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Company contributions and the earnings thereon is based upon the years of service of the participant. A year of service means a Plan year in which the participant completes at least 1,000 hours of service. A participant becomes 25% vested after one year of service and vests an additional 25% for each year of service thereafter, and is 100% vested after four years of service.

Vivax Pro Painting Smart Plan  
NOTES TO FINANCIAL STATEMENTS  
March 16, 2022 and December 31, 2021

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions based on the terms of the note. These provisions were temporarily modified by the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") provisions described below.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant receive a lump sum amount equal to the participant's vested interest in his or her account or if the participant is required to receive lifetime required minimum distributions may receive monthly, quarterly or annual installments. Participant's may request an in-service distribution once attaining age 59 ½ or for hardship as defined in the Plan.

CARES Act provision

On March 27, 2020, in response to the Covid-19 pandemic, the U.S. Congress enacted the CARES Act, which among other things, includes a provision that allows participants to suspend loan payments for a 12 month period beginning within 2020. This provision was operationally available immediately.

Forfeited accounts

Participants who terminate employment forfeit any non-vested portion of their account. At March 16, 2022 and December 31, 2021, the balance held in the forfeiture account was \$-0- and \$16,507, respectively. These accounts may be used to reduce future employer contributions. During the period from January 1, 2022 through March 16, 2022 forfeitures were not utilized. During the year ended December 31, 2021 forfeitures of \$30,581 were utilized to reduce the employer contribution.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment adviser and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments sold as well as held during the year.

Vivax Pro Painting Smart Plan  
NOTES TO FINANCIAL STATEMENTS  
March 16, 2022 and December 31, 2021

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participant contributions. There were no 2022 or 2021 excess contributions.

Payment of benefits

Benefits to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. Certain transaction based fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the Fair Value Measurement Topic of the Accounting Standards Codification (ASC 820) are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2021.

Vivax Pro Painting Smart Plan  
NOTES TO FINANCIAL STATEMENTS  
March 16, 2022 and December 31, 2021

The following is a description of the valuation methods used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets measured at fair value on a recurring basis as of December 31, 2021:

	<u>Assets at Fair Value as of December 31, 2021</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Registered investment companies	\$ <u>2,557,394</u>	\$ <u>          -</u>	\$ <u>          -</u>	\$ <u>2,557,394</u>

As discussed in Note 1, no investments were held as of March 16, 2022, as the Plan transferred all assets out of the Plan on March 16, 2022.

4. Information certified by custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2021, net appreciation in fair value of investments and interest and dividends for the period from January 1, 2022 through March 16, 2022 and the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company.

5. Related-party transactions and Party In Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the company. These transactions qualify as exempt party-in-interest transactions.

6. Tax status

Effective January 1, 2016, the plan was amended and restated by adopting a volume submitter plan. The volume submitter obtained a determination letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan applies the standards on accounting for uncertainty in income taxes. Management evaluated the Plan’s tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Accordingly, no provision for income taxes has been included in the Plan’s financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Vivax Pro Painting Smart Plan  
NOTES TO FINANCIAL STATEMENTS  
March 16, 2022 and December 31, 2021

7. Risks and uncertainties

The Plan invests in several types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. Plan merger

Effective December 31, 2021, the Plan administrators suspended contributions to the Plan and merged the Plan with the Alliance Group multiple employer plan. Plan assets of \$2,451,376 were transferred on March 16, 2022.

9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021, to the Form 5500:

Net assets available for benefits per the financial statements	\$ 2,810,635
Employer contribution receivable	(175,096)
Employee contribution receivable	<u>(18,675)</u>
Net assets available for benefits per the Form 5500	<u>\$ 2,616,864</u>

The following is a reconciliation of employee and employer contributions per the financial statements for the year ended December 31, 2021 to the Form 5500:

Employee contributions per the financial statements	\$ 312,882
Employee contribution receivable at December 31, 2021	<u>(18,675)</u>
Employee contributions per the Form 5500	<u>\$ 294,207</u>
Company contributions per the financial statements	\$ 144,515

NOTES TO FINANCIAL STATEMENTS  
March 16, 2022 and December 31, 2021

10. Nonexempt transactions

During 2021 and 2020, the plan sponsor did not remit twelve and nineteen, respectively, participant contributions in the amount of \$53,287 and \$90,490, respectively, to the plan in a timely manner, as defined by ERISA. These late contributions were funded during 2021 and 2020. These contributions are considered nonexempt party in interest transactions, which may result in an imposition of a 15% excise tax on the amount of the transactions.

11. Subsequent events

Subsequent events were evaluated through date of the auditor's report, which is the date the financial statements were available to be issued and has determined that no significant events occurred that would have a material impact on its financial statements.
