INDEPENDENT AUDITOR'S REPORT AND

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
KETCH Pension Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of KETCH Pension Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 Financial Statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 13, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 Financial Statements, and (b) the form and content of the information included in the 2021 Financial Statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KETCH PENSION TRUST

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the KETCH Pension Trust (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the Plan administrator.

General - The Plan is a defined contribution plan sponsored by Kansas Elks Training Center for the Handicapped, Inc. (the “Organization”) for the benefit of its full-time employees who have completed 6 months of service and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”).

The Plan is administered by the Organization’s Benefits Committee (“Committee”), which is a committee of upper-level management of the Organization. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

Plan amendments – Effective April 1, 2022, the Plan was amended and restated to incorporate prior amendments, including technical amendments required by the Internal Revenue Service (“IRS”).

The Plan was formally amended on May 11, 2022 to adopt IRS final hardship withdrawal regulations as well as incorporate amendments required by the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act. This good faith amendment was effective January 1, 2020.

Contributions - Participants may contribute from 2% to 75% of eligible compensation. Highly compensated employees are limited to a salary reduction of 80% of qualifying compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Organization contributes 100% of the first 5% of eligible compensation that a participant who has completed 1 year of service contributes to the Plan. Participants must be employed by the Organization on June 30 and December 31 (the anticipated semi-annual funding dates) in order to receive the respective matching contributions. Additional amounts may be contributed at the option of the Organization. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers 27 pooled separate accounts and 1 insurance investment contract as investment options for participants.

KETCH PENSION TRUST

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of benefits - On termination of service due to death, disability, retirement, or any other reason, a participant (or beneficiary) will receive a lump sum amount equal to the value of the participant's vested balance in his or her account.

Effective December 20, 2019, the Secure Every Community Up for Retirement Enhancement ("SECURE") Act became law. The SECURE Act changed the age participants must take minimum required distributions to 72; however, this provision was temporarily suspended by regulatory changes during the year 2020 as a result of COVID-19. Required minimum distributions were allowed be suspended from December 20, 2019 to December 31, 2020. Benefits could also be withdrawn for certain qualifying hardship circumstances during the same time frame. See "Plan amendments" for current year formal adoption of the SECURE Act requirements.

Forfeited accounts - At June 30, 2022 and 2021, forfeited nonvested accounts totaled \$1,125 and \$8,293, respectively. These accounts will be used to reduce future employer matching contributions. Also, for the years ended June 30, 2022 and 2021, employer matching contributions were reduced by \$10,857 and \$2,546, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

KETCH PENSION TRUST

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract values are an aggregation of contributions plus accrued interest, less withdrawals, if any, and are guaranteed by the investment contract issuer and reflect the exit value available to the Plan and Plan participants. The AUL Stable Value Account is considered fully benefit-responsive, and contract value approximates fair value at June 30, 2022. See Note 5 for further discussion of the AUL Stable Value Account.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative expenses - Certain expenses of the Plan are paid by the Organization and are not included in the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. For the years ended June 30, 2022 and 2021, plan expenses totaled \$19,027 and \$9,586, respectively.

Investment valuation and income recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits - Benefits are recorded when paid. There were no benefits requested before year end that were not paid.

Unit values - Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but do have an interest therein represented by units valued daily. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each account are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(2) **Summary of significant accounting policies (continued)**

Regulatory changes - As a result of the COVID-19 global pandemic, United States Congress passed the CARES Act on March 27, 2020, which included several optional provisions for employee benefit plans. Management adopted a provision (effective March 27, 2020) which allowed eligible participants to take coronavirus related hardship distributions. The Plan also gave participants the option to suspend required minimum distributions through December 31, 2020. See "Plan amendments" for current year formal adoption of these provisions.

(3) **Information prepared and certified by the custodians**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The organization changed their custodian from Voya Retirement Insurance and Annuity Company ("Voya") to American United Life Insurance Company ("AUL") as of November 4, 2021. All participant assets available for benefits were transferred effective November 4, 2021. Accordingly, Voya, the prior trustee and AUL, the current custodian of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments, at fair value
- Investments, at contract value
- Net appreciation (depreciation) in fair value of investments
- Interest on insurance investment contracts
- Schedule of assets (held at end of year)

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

KETCH PENSION TRUST

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the methodologies used during the years ended June 30, 2022 and 2021.

Pooled separate accounts: Valued at the Net Asset Value ("NAV") of units of the separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the AUL general account provides the fund with a liquidity guarantee whereby AUL ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. The accounts are valued at the NAV of shares held by the Plan at year-end. There are no unfunded commitments from participants in the Plan who invest in this account.

Fixed Account: The Voya Fixed Account is an individual guaranteed investment contract issued by Voya. This contract is considered to be non-benefit responsive and is valued at fair value. Fair value is determined by discounting the related cash flows based on current yields or similar instruments with comparable durations considering the credit worthiness of the issuer. Plan management has determined contract values to be the most reasonable estimate of fair value. See Note 5. While transactions involving the purchases and sales of individual Fixed annuity contracts are not observable in a public marketplace, contract value has historically provided a good approximation of fair value. The Fixed Account is reported as Level 3 in the Fair value hierarchy.

(4) Fair value measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value, as measured on a recurring basis, as of June 30, 2022 and 2021:

Investments at Fair Value as of June 30, 2022			
Level 1	Level 2	Level 3	Total
\$ -	\$ -	\$ -	\$ -
Investments measured at NAV**:			
Pooled Separate Accounts*			4,092,910
Total investments at fair value			\$ 4,092,910

Investments at Fair Value as of June 30, 2021			
Level 1	Level 2	Level 3	Total
\$ -	\$ -	\$ 700,168	\$ 700,168
Voya Fixed Account			
Investments measured at NAV**:			
Pooled Separate Accounts*			5,478,070
Total investments at fair value			\$ 6,178,238

* The fair value of the investments in the pooled separate accounts has been estimated using the NAV of the investments. The pooled separate accounts listed in the above charts are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

** In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(4) Fair value measurements (continued)

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended June 30, 2022 and 2021:

	<u>Voya Fixed Account</u>	
	<u>Years Ended June 30,</u>	
	<u>2022</u>	<u>2021</u>
Balance, beginning of year	\$ 700,168	\$ 631,823
Interest income	24,850	7,377
Transfers in and/or out ^(a)	(651,179)	14,783
Purchases	19,577	54,870
Settlements	(93,416)	(8,685)
Balance, end of year	<u>\$ -</u>	<u>\$ 700,168</u>

(a) These amounts represent transfers between funds within Level 3 investments and not the transfer of fund types in to Level 3 due to changes in observable inputs under the FASB ASC 820 fair value framework.

(5) Investment contract with insurance company

During the year ended June 30, 2021, the Plan had a non-benefit responsive guaranteed investment contract with Voya held in the general account of Voya ("Voya Fixed Account"). These investments were the equivalent of savings accounts and were credited with declared rates of interest for the time period invested. The average yield for the Voya Fixed Account was 1.06% and 1.10% as of June 30, 2022 and 2021, respectively

During the year ended June 30, 2022, these assets were transferred to a fully benefit-responsive guaranteed investment contract with AUL (a OneAmerica subsidiary) held in the general account of AUL ("AUL Stable Value Account"). This investment is the equivalent of a savings account and pays interest for the time period invested. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan by AUL. The crediting interest rate is based on a formula agreed upon with the issuer and is reset on an annual basis, but may not be less than 0% for the AUL Stable Value Account. The average yield for the AUL Stable Value Account was 0.75% for the year ended June 30, 2022. The contract itself does not have a scheduled maturity date.

The contract meets the criteria of a fully benefit responsive investment contract ("FBRIC") as contemplated by FASB ASC 962-325-35-5 and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

KETCH PENSION TRUST

NOTES TO FINANCIAL STATEMENTS

(5) Investment contract with insurance company (continued)

Investments in the AUL Stable Value Account do not require an adjustment since the Plan believes that the contract value is the best approximation of fair value. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the fully benefit-responsive contract was \$626,939 and \$0 as of June 30, 2022 and 2021, respectively, and is reported as investments, at contract value on the statements of net assets available for benefits.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

During the year ended June 30, 2021, all other investment options under the investment contract were held in a variable investment account within Voya, the pooled separate account Voya Variable Annuity Account D. During the year ended June 30, 2022, these assets were transferred to a variable investment account within AUL, the pooled separate account AUL Series Separate Account II. The separate accounts own and hold the underlying mutual fund shares. The Plan and participants hold "accumulation units" in the separate accounts. These investment options are valued daily at the closing NAV per share as determined by the funds on June 30, 2022 and 2021.

(6) Related party transactions and party-in-interest transactions

During the year ended June 30, 2021, certain Plan investments were pooled separate accounts and a fixed account included in an insurance investment contract managed by Voya, the prior custodian. During the year ended June 30, 2022, the Plan investments were transferred into a fixed annuity contract and pooled separate accounts managed by AUL, the custodian as defined by the Plan. Fees incurred by the Plan for investment management services provided by a third party are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

As described in Note 2, the Plan made direct payments to the custodians and/or an agents of \$19,027 and \$9,586 for the years ended June 30, 2022 and 2021, respectively, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

KETCH PENSION TRUST

NOTES TO FINANCIAL STATEMENTS

(7) **Plan termination**

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) **Tax status**

The IRS has determined and informed the Organization by a letter dated June 30, 2020, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(9) **Excess contributions refundable**

At June 30, 2022 and 2021, \$0 and \$2,977, respectively, have been included in the Plan's statement of net assets available for benefits as excess contributions refundable to be paid to certain active participants to return to them contributions as required to satisfy the relevant nondiscriminatory provisions of the Plan.

(10) **Corrective distributions**

At June 30, 2022 and 2021, \$0 and \$2,107, respectively, have been included in the Plan's statement of net assets available for benefits as a corrective distribution payable to correct an error in calculating the forfeited, nonvested remaining balance due to a terminated participant.

(11) **Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

KETCH PENSION TRUST

NOTES TO FINANCIAL STATEMENTS

(12) COVID-19

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. There is unprecedented uncertainty surrounding the duration of the pandemic, developing variants of the disease, potential economic ramification, and any government actions to mitigate them. Accordingly, the Plan Sponsor is not able at this time to estimate its full Impact on the Plan's financial statements.

(13) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2022 and 2021 to form 5500:

	June 30,	
	2022	2021
Net assets available for benefits per the financial statements	\$ 4,814,851	\$ 6,259,802

(13) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of net (decrease) increase per the financial statements for the years ending June 30, 2022 and 2021 to form 5500:

	<u>Years Ended June 30,</u>	
	<u>2022</u>	<u>2021</u>
Net (decrease) increase per the financial statements	\$ (1,444,951)	\$ 1,830,824
Change in corrective distributions not accrued on the form 5500	(4,415)	2,107
Change in excess contributions refundable not accrued on the form 5500	<u>(2,977)</u>	<u>1,775</u>
Net income (loss) per Schedule H of the Form 5500	<u>\$ (1,452,343)</u>	<u>\$ 1,834,706</u>

(14) Other receivable

During 2022, it was discovered that the vesting percentage for one participant was incorrectly calculated resulting in not enough employer matching contributions being forfeited. The over distributed amount of \$2,308 is presented as an other receivable on the statement of net assets available for benefits as of June 30, 2022. Plan administration is currently working with their third-party administrator to correct this error.

(15) Subsequent events

The Plan has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. No significant items were noted during this evaluation that would require disclosure in the financial statements or accompanying footnotes.
