Independent Auditor's Report

To the Plan Administrator
Johnson Matthey Inc. Salaried Employees' Savings Investment Plan
Wayne, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Johnson Matthey Inc. Salaried Employees' Savings Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of June 30, 2022 and 2021, and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Johnson Matthey Inc. Salaried Employees' Savings Investment Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Johnson Matthey Inc. Salaried Employees' Savings Investment Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the salaried employees of Johnson Matthey Inc. (the Company) who have one month of service and have elected to participate in the Plan. Effective July 1, 2008, part time employees working at least 16 hours per week are eligible to participate. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 50% of their monthly pretax base compensation as defined in the Plan. Participants may allocate a portion of their contributions as Roth 401(k) contributions, which is an after-tax contribution. The participant's maximum pretax and after-tax contributions are limited as defined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Catch up contributions are permitted up to the limit as defined by the IRC.

Newly hired individuals are automatically enrolled in the Plan with a 4% contribution rate.

The Plan is a Safe Harbor 401(k) Plan. The maximum company Safe Harbor matching contribution will be 100% of the employee basic contributions up to 4% of the employee's compensation. Employee basic contributions includes pretax, after tax and catch up contributions. The Safe Harbor matching contribution may be invested in any of the investment options offered under the Plan. Part-time salaried or hourly base employees are eligible to receive the Safe Harbor matching contributions after meeting certain service criteria, based on an elapsed time methodology.

The Company will make an employer contribution equal to 8% of an employee's compensation in addition to the Safe Harbor matching contribution for employees who meet certain eligibility requirements. If the employee was hired or rehired by the Company on or after September 1, 2013; if the employee is a participant under the Johnson Matthey Inc. Amended and Restated Salaried Employees Pension Plan (the Pension Plan) and elected to participate in this Plan on or after April 1, 2014 instead of continue to actively participate in the Pension Plan; or if the employee was hired or rehired by the Company prior to September 1, 2013 and was not eligible to accrue a benefit under the Pension Plan due to the Pension Plan's eligibility service requirement of at least a 1,000 hours of service. There are different eligibility requirements for part-time salaried and hourly base employees.

Contributions, employee, safe harbor and employer, to all of the Company's qualified Plans are subject to certain limitations as defined by the IRC.

Johnson Matthey Inc. Salaried Employees' Savings Investment Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's Safe Harbor matching contributions, (b) Employer Contributions and (c) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan includes a 25% cap limit within a participant's account balance relating to the Johnson Matthey PLC common stock.

Vesting

Participants are always 100% vested in their pretax or after-tax contributions and are immediately vested in the Safe Harbor matching contributions. Participants are fully vested in employer contributions after three years.

During the year ended June 30, 2022, there was a sale of a business unit and all impacted participants were 100% vested in their employer contributions as of their date of termination.

Administrative Expenses, net

The Company pays some of the administrative costs of the Plan associated with professional services provided to the Plan, the balance being paid directly by the Plan. Fees that are paid by the Company are excluded from these financial statements. Recordkeeping fees are paid by the Plan. If any redemption fees relating to investment transactions apply, those charges are paid from the participant's account for investments held less than 90 days.

The Plan has a Revenue Credit account with T. Rowe Price. Through this account the Plan may elect to allocate the revenue credits received on certain investments within the Plan to eligible participant's accounts, on a quarterly basis in arrears, based on a defined formula. The amount allocated for the plan year ending June 30, 2022 was approximately \$215,585.

Forfeitures

Forfeitures are used to offset future employer contributions and to pay Plan expenses. The balances of forfeited non-vested accounts at June 30, 2022 and 2021 were \$917,654 and \$501,580, respectively.

During the plan year ending June 30, 2022, the Plan utilized approximately \$534,549 of forfeitures to offset employer contributions and to pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance not including employer contributions or funds invested in Johnson Matthey PLC common stock. The loans are secured by the balance in the

Johnson Matthey Inc. Salaried Employees' Savings Investment Plan

Notes to Financial Statements

participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 9.50%. Loan repayments are made through payroll deductions over a period not to exceed five years, with the exception of loans for the purchase of a primary residence, which may have a longer term.

Payment of Benefits

Upon separation of service, death, disability, or retirement, participants may elect to receive a lump-sum amount equal to the value of the vested interest in their accounts, unless they elect to receive their benefits in the form of installments, or combination of a lump sum amount and installments. Additionally, if the participant reaches age 59 ½, or under certain circumstances of financial hardship allowed under Safe Harbor hardship withdrawal rules, the participant is allowed to withdraw funds from the Plan.

Effective January 1, 2020, the Plan was amended for certain provisions relating to required distributions under the Setting Every Community up for Retirement Enhancement Act of 2019 (SECURE Act). The amendment did not have a material impact to the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements, in accordance with accounting principles generally accepted in the United States of America (GAAP), requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Johnson Matthey PLC common stock is stated at fair value based upon a quoted market price. The investments in the common/collective trust funds are valued at NAV per unit, as determined by the trustee at year end. The NAV is used as the practical expedient to estimate fair value for the common/collective trust funds. See Note 4 for discussion on fair value measurements.

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income, including capital gain distributions, is recorded on the ex-dividend date.

Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Johnson Matthey Inc.
Salaried Employees' Savings Investment Plan

Notes to Financial Statements

Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. Securities that trade infrequently and therefore have little or no price transparency are valued using the Plan trustee's best estimate. Other than those matters described in Note 4, there are no restrictions or limitations on the withdrawal of other investments in the portfolio.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. Any eligible rollover distribution greater than \$1,000 but less than \$5,000 after January 1, 2019, will be transferred directly to the individual retirement plan of a designated trustee or insurer unless the participant elects to receive such distribution in a lump sum or directly transfer such amount to an eligible rollover plan.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at June 30, 2022 and 2021 and net depreciation in the fair value of investments, dividends and interest for the year ended June 30, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company, a qualified institution and the trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Johnson Matthey Inc. Salaried Employees' Savings Investment Plan

Notes to Financial Statements

For a description of the valuation methodologies used for assets measured at fair value, see Note 2. There have been no changes in the methodologies used at June 30, 2022 and 2021.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value as of June 30, 2022 and 2021:

Investment Assets at Fair Value at June 30, 2022				
	Level 1	Level 2	Level 3	Total

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as the practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

T. Rowe Price Retirement Trusts (d)		216,130,517	N/A	Daily	Up to 30 days

(a) Stable Value Fund - The Plan has a common collective trust investment with the T. Rowe Price Stable Value Common Trust Fund (the Fund). The Fund is a direct filing entity. Under the terms of the Fund's Declaration of Trust, retirement plans invested in the Fund are required to provide either a 12 or 30 month advance written notice to the Fund's trustee prior to a full redemption of trust units. As of June 30, 2022, the Plan had not provided the Fund's trustee with advance written notice.

(b) Diversified Real Asset CIT - The Plan has a collective investment trust (the DRA CIT), with Principal Trust Company (the Trustee). The DRA CIT is a direct filing entity. Withdrawals are permitted on any business day and are processed within a reasonable time, normally not to exceed 3 days. The Trustee will calculate the unit value applicable to each investment on each valuation date.

(c) Core Plus Bond Fund - The Plan is invested in the Core Plus Bond Fund (the Bond Fund) through their participation in the Prudential Trust Company Collective Trust. The investment is a direct filing entity.

(d) T. Rowe Price Retirement Trusts - The Plan is invested in various T. Rowe Price Retirement Target Date Trusts (the Trusts) formed under the T. Rowe Price Strategic Common Trust Fund. The investment is a direct filing entity. Under the terms of the Declaration of Trust, retirement plans invested in the Trusts may be required to provide up to 30 days advance written notice prior to redemption of trust units.

Salaried Employees' Savings Investment Plan

Notes to Financial Statements

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by an affiliate of T. Rowe Price Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest in addition to the activity within the Revenue Credit account, as described in Note 1. Notes receivable from participants also qualify as party-in-interest transactions. All of these transactions are considered to be exempt party-in-interest transactions under ERISA.

At June 30, 2022 and 2021, the Plan had an investment option in the common stock of Johnson Matthey PLC, the parent company of Johnson Matthey Inc., totaling \$12,456,644 and \$25,777,840, respectively. During the year ended June 30, 2022, the Plan recorded dividend income totaling \$598,909.

Due to a job classification change for one participant, the Plan transferred \$13,884 to the Johnson Matthey Hourly 401(k) Plan, which is a related party to the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. The Company may reduce or suspend employer matching safe harbor contributions upon satisfaction of certain requirements including a 30-day advanced notice to all eligible employees.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 11, 2016, that the Plan is designed in accordance with applicable sections of IRC. The Plan has been amended since receiving the determination letter. The Company believes the Plan is currently operating in compliance with the applicable provisions of the IRC.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<i>June 30,</i>	2022	2021
Net assets available for benefits per financial statements	\$ 408,200,336	\$ 550,424,266
Less: Deemed distribution of participant loans	(724,489)	(280,174)
Net Assets Available for Benefits Per the Form 5500	\$ 407,475,847	\$ 550,144,092

Johnson Matthey Inc.
Salaried Employees' Savings Investment Plan

Notes to Financial Statements

The following is a reconciliation of net increase per the financial statements to the net income per the Form 5500:

June 30, 2022

Net decrease before transfer per the financial statements	\$ (142,210,046)
Less: Net deemed distribution of participant loans	(444,315)
Net Loss Per the Form 5500	\$ (142,948,419)

9. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks, such as, interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in mutual funds and common stock that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practice, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

10. Subsequent Events

The Plan has evaluated subsequent events through April 18, 2023, the date the financial statements were available to be issued.
