Independent Auditor's Report

To the Plan Administrator
Employee Benefit Plan of Fearless Solutions LLC
Baltimore, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employee Benefit Plan of Fearless Solutions LLC (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Employee Benefit Plan of Fearless Solutions LLC

Notes to the Financial Statements

1. Description of the Plan

The following description of the Employee Benefit Plan of Fearless Solutions (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, safe harbor 401(k) profit sharing plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodian and Administration of the Plan

The custodian and recordkeeper of the Plan is Mutual of America Life Insurance Company (Mutual of America or custodian). The Plan Sponsor is Fearless Solutions, LLC (the Company). The Plan is administered by a Plan Administrator appointed by Company management. The custodian holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees of the Company are eligible to participate in the plan, with the exception of non-resident aliens with non-U.S. source income and those who are classified as or treated as independent contractors, and employees covered under a collective bargaining agreement. Leased employees, as defined in the Plan document, are eligible to participate in the plan unless: (1) the leased employees are covered by their own retirement plan sponsored by the leasing organization and (2) no more than 20% of our non-highly compensated workforce is leased.

There is no minimum age or service requirement to make a salary reduction contribution and to receive a Company matching contribution under the Plan.

All employees hired on or after September 1, 2018 are informed by written notice of auto enrollment and their right to elect to have no such automatic enrollment contributions made on their behalf. The notice includes procedure for exercising that right and the timing for implementing such election. If the employee does not make the election with the timeframe provided in the notice, the employee will be automatically enrolled. Withholdings are set at 1% of eligible compensation, as defined, with a 1% increase on an annual basis, up to 4%.

Contributions

Eligible participants may contribute between 1% and 100% of their eligible compensation, not to exceed the maximum allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees 50 years and older. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions.

The Company makes a matching contribution equal to 100% of the salary reduction amount elected by the employee, not to exceed 4% of total compensation. The Company may also make a discretionary contribution. Employer match contributions totaled \$684,960 for the year ended December 31, 2021. The Company made no discretionary contributions for the year ended December 31, 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employee Benefit Plan of Fearless Solutions LLC

Notes to the Financial Statements

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan under a separate account with Mutual of America. The Plan also offers an investment in a general account held by Mutual of America, which is an interest accumulation account.

Participant Accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, allocations of Company's matching and discretionary contributions, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their entire account balance, including all Company contributions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may receive an amount equal to the value of their vested interest in the form of a lump sum payment. Upon termination of service, if the vested value of a participant's account is less than or equal to \$1,000, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account exceeds \$1,000, he or she may elect to receive either a lump-sum amount, substantially equal payments for a specified term, elect to have all the distribution paid in a direct rollover to another qualified plan, or a combination of the above.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance less the highest outstanding loan balance during the previous year. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. In general, note repayment terms range from one to five years unless the note was made to purchase a principal residence, in which case the note may be repaid over a period not to exceed twenty years. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Employee Benefit Plan of Fearless Solutions LLC

Notes to the Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for further information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule of assets held (at end of year) is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule of assets held (at end of year).

Employee Benefit Plan of Fearless Solutions LLC

Notes to the Financial Statements

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule of assets held (at end of year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Interest Accumulation Account

The Plan holds an interest accumulation account through a deposit administration contract. In a deposit administration contract, the employer deposits funds at interest with a life insurance company, and then makes withdrawals from the deposit fund to buy retirement annuities for retiring employees. The deposit administration contract contains permanent annuity purchase rate guarantees under which the life insurance company permanently guarantees that each \$1,000 of fund value will be able to buy at least a certain amount of annual annuity benefits.

Pooled Separate Account

The pooled separate account is divided into sub-accounts which are referred to as separate accounts. The pooled separate account operates similarly to a mutual fund at the investment level and is invested in assets that match the investment objectives of the separate accounts. The Plan's

Employee Benefit Plan of Fearless Solutions LLC

Notes to the Financial Statements

interest in the pooled separate account is evidenced by units of account. The unit value of the pooled separate account is based on the net asset values which are calculated by using quoted market prices of the underlying investments and adjusted for certain separate account charges. The fair values of the pooled separate account have been calculated using the net asset value per share of the underlying investments. The net asset value (NAV), as provided Mutual of America, is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<i>December 31, 2021</i>	Total	Level 1	Level 2	Level 3
Interest accumulation account	\$ 442,513	\$ 442,513	\$ -	\$ -

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2021 and 2020:

<i>Description</i>	2021 Fair Value	2020 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account					
Equity funds (a)	\$ 4,295,786	\$ 2,762,275	-	Immediate	None
Fixed Income funds (b)	121,354	64,253	-	Immediate	None
Balanced funds (c)	5,136,598	3,303,515	-	Immediate	None
Total	\$ 9,553,738	\$ 6,130,043			

(a) *Equity Funds: The Funds invest in a diversified portfolio of primarily common stocks with a broad exposure to the market. The Portfolios may invest in companies with smaller or larger market capitalizations, investing in domestic and foreign issuers. Investment objectives include achieving a high level of total return, through appreciation of capital and, to a lesser extent, current income, seeks capital growth over time, seeks reasonable income or provide long-term capital appreciation and income.*

(b) *Fixed Income Funds: The underlying Money Market Fund seeks the realization of current income to the extent consistent with the maintenance of liquidity, investment quality and stability of capital. The Fund invests only in money market instruments and other short-term securities. The other underlying funds seek current income with a secondary objective of preservation of capital. The Funds invest primarily in investment grade, publicly traded debt securities, such as bonds, U.S. Government and agency securities, including mortgage-backed securities, and zero-coupon securities with ratings that range from AAA to BBB at the time of purchase.*

(c) *Balanced Funds: The Funds in this category seek to achieve capital appreciation and current income, competitive total return or high total return with reduced risk over the long-term by investing in a diversified portfolio of common stocks, debt securities and money market instruments.*

Deposit Administration Contract

The Interest Accumulation Account represents a deposit administration contract ("Contract") entered into by the Plan with the Plan's recordkeeper, Mutual of America. Mutual of America maintains the contributions in an unallocated fund, whose assets are invested with other assets in a general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by Mutual of America. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made under the Contract, plus earnings, less withdrawals and administrative expenses. There are no reserves against contract value for the credit risk of the Contract issuer or otherwise.

Requests for withdrawal can be made at any time and no fair value adjustment is applied as they are not dependent on Mutual of America having to liquidate securities in order to generate a payment. In addition, in cases of transfer to other providers or contract discontinuance, Mutual of America will not impose any separate charges or fees or any market value adjustment on balances in the interest accumulation account. Effectively, the contract value of the investment in the interest accumulation account per the Statements of Net Asset Available for Benefits is the redeemable value of the fund. The contract crediting rate is established on a quarterly basis and is based on a formula agreed upon with the issuer.

There are no events that limit the ability of the Plan to withdraw contract value or otherwise transact at contract value with Mutual of America as the contract issuer. Mutual of America may

Employee Benefit Plan of Fearless Solutions LLC

Notes to the Financial Statements

defer any withdrawal requests for up to six months following the date that Mutual of America receives the transaction request. Mutual of America or the Plan may terminate the contract with 30 days advance written notice to either party. Upon such notice, the contract owner may choose immediate payment at contract value or purchase the paid-up annuity benefits within 30 days.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Mutual of America or its subsidiaries and affiliates. Participant note and distribution processing fees are paid to Mutual of America by participants. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. The Employer directly pays any other fees related to the Plan's operations. The Plan also issues notes to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan provides for investment options in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

8. Income Tax Status

The Plan adopted a prototype plan sponsored by Mutual of America. The prototype plan has received an opinion letter from the IRS, dated March 31, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan Administrator has evaluated subsequent events through February 27, 2023, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements, except as noted below.

Employee Benefit Plan of Fearless Solutions LLC

Notes to the Financial Statements

The Plan was restated effective April 1, 2022 with the change in custodian from Mutual of America to Principal Life Insurance Company. Principal Life Insurance Company obtained an opinion letter dated June 30, 2020 from the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax-qualified status. As a result, the Plan Sponsor restated the Plan to reflect remedial amendments associated with the adoption of the Principal Life Insurance Company volume submitter plan. No significant changes were made to the Plan provisions with this restatement.
