INDEPENDENT AUDITOR'S REPORT

To Hutchinson Technology Incorporated
as Plan Sponsor and Administrator

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Hutchinson Technology Incorporated 401-K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Hutchinson Technology Incorporated 401-K Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section-

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Hutchinson Technology Incorporated 401-K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hutchinson Technology Incorporated 401-K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of

assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hutchinson Technology Incorporated 401-K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hutchinson Technology Incorporated 401-K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Hutchinson Technology Incorporated 401-K Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HUTCHINSON TECHNOLOGY INCORPORATED
401-K PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 1 - Plan Description

The following description of the Hutchinson Technology Incorporated 401-K Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was established on August 1, 1987. It is a defined contribution plan providing retirement benefits to eligible employees of Hutchinson Technology Incorporated (the Company).

The Company is the sponsor and administrator of the Plan and has appointed John Hancock Trust Company LLC (JHT) as trustee. The trustee has the authority and discretion to manage and control the assets of the Plan.

Eligibility - For employee contributions, qualified employees are eligible for the Plan on date of hire and can begin contributing as soon as administratively feasible. Employees become eligible for matching contributions at the same time they are eligible to make their 401(k) contribution.

Contributions - Active participants may elect to have the Company make Salary Reduction Contributions on their behalf. Contributions can be pre-tax and/or Roth and can range from 1% to 50% of qualified pay. Total annual contributions are limited to the annual amount allowed by tax laws. The Plan provides that the Company will make matching contributions based on employee contributions for each calendar week. For payroll periods beginning after March of 2018, the company increased its discretionary matching contribution to equal 100% of the first 1% of elective deferrals, and 50% of the next 6% of elective deferrals (4.0% maximum) of elective deferrals made by each participant.

Participants Accounts - A separate account is maintained for each participant of the Plan. Each account is credited with the participant's contribution and the company's matching contributions, as well as earning thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant activity. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the Plan to invest their contributions as well as the Company's matching contributions in any of the available investments offered through the trustee. Participants may change their rate of withholding and/or the allocation of their investments at any time by contacting the trustee.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Funds attributable to the Company's matching contributions are vested according to the following table.

HUTCHINSON TECHNOLOGY INCORPORATED
401-K PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 1 - Plan Description (Continued)

<u>Full Years of Vested Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1 but less than 2	50%
2 or more	100%

Forfeited Accounts - Any forfeiture of the Company's matching contributions during the plan year shall be credited against the Company's matching contributions for the plan year in which the restrictions expire. At December 31, 2021 and 2020, the forfeited nonvested accounts totaled \$ 0 and \$ 3,293 respectively.

During 2021, the employer contributions were reduced by utilizing \$ 68,816 of forfeited nonvested funds while in 2020, \$ 24,456 was utilized.

Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of \$ 1,000 up to a maximum equal to the lesser of \$ 50,000 or 50% of their vested account balance. Loan terms are not to exceed five years unless the proceeds are used towards the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is equal to the Prime Rate (as published by the Wall Street Journal on the day the loan is initiated), plus 1%. Principal and interest are paid in equal installments withheld through payroll deductions.

In-Service Withdrawals - In-service withdrawals are limited to those participants who have attained age 59 ½ or hardship withdrawals for participants who meet certain criteria. Participants must take out the maximum allowable participant loan prior to obtaining a hardship withdrawal.

Payment of Benefits - On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in his or her account, or partial withdrawals. The Plan may distribute a terminated participant's account if the vested balance is less than \$ 5,000 without the participant's consent (mandatory distributions).

Plan Amendments - The Plan has been amended to comply with all applicable laws and regulations.

Plan Termination - The Company, by action of its board of directors, may terminate the Plan at any time. In the event of termination, each participant shall be entitled to a benefit equal to the value of their account at the date of termination.

HUTCHINSON TECHNOLOGY INCORPORATED
401-K PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 1 - Plan Description (Continued)

Partial Plan Termination - In May 2020, the sponsor determined the involuntary terminations of employees that had occurred or were planned exceeded the 20% threshold and a partial plan termination had occurred. All employees involuntarily terminated in 2020 will be 100% vested in the company match.

Income Tax Status - The Internal Revenue Service has determined and informed the Company by a letter dated September 19, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Risks and Uncertainties - The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements of the Plan reflect transactions on the accrual basis of accounting. Investments are stated at fair value.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

HUTCHINSON TECHNOLOGY INCORPORATED
401-K PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan Document.

Other Revenue - The Plan receives service credits from JHT. These credits are generated when the amount of charges for services rendered by JHT is less than the overall dollar amounts generated based on a certain amount of basis points per fund. The amount in excess of what is needed to cover expenses reverts back to the plan in the form of service credits. The amount is recognized as income by the plan when it receives the payment. These amounts can be used to pay future plan expenses. Any unused funds will be re-allocated back to participant accounts by the following March 31 as a service credit activity type.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - All expenses of maintaining the Plan may be paid out of Plan assets unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Service credits received from JHT are used by the Plan to pay eligible plan expenses.

Subsequent Events - Management has evaluated subsequent events through September 28, 2022, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Trust Company LLC (the trustee of the Plan).

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money Market Funds - These investments are public investment vehicles valued at \$ 1 for the Net Asset Value (NAV). The money market funds are classified within Level 2 of the valuation hierarchy.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified with Level 1 of the valuation hierarchy.

HUTCHINSON TECHNOLOGY INCORPORATED
401-K PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 4 - Fair Value Measurements (Continued)

Collective Trust Funds - These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active, however, the unit price is based on underlying investments which are traded on an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:
