## **Independent Auditors' Report**

To the Plan Administrator and Participants of  
Asuragen, Inc. 401k Plan and Trust:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Asuragen, Inc. 401k Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of July 1, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to July 1, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of July 1, 2022 and December 31, 2021, and for the period from January 1, 2022 to July 1, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Emphasis of Matter - Plan Merger**

As discussed in Note 1, the Plan was merged with and into the Bio-Techne Corporation and Affiliates Profit Sharing and Savings Plan effective July 1, 2022. Our opinion is not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Period as of July 1, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

Period from January 1, 2022 to July 1, 2022

---

### 1. Description of Plan

The following brief description of Asuragen, Inc. 401k Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

**General** - On April 6, 2021, Asuragen, Inc. (the “Company”) was acquired by Bio-Techne Corporation. As a result, the Plan was merged with and into the Bio-Techne Corporation and Affiliates Profit Sharing and Savings Plan (the “Savings Plan”) effective July 1, 2022, and the Plan’s assets were transferred to the Savings Plan on July 14, 2022.

Prior to the merger, the Plan was a defined contribution plan covering substantially all employees of the Company. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee of the Plan was Fidelity Management Trust Company (the “Trustee”), and Company management personnel acted as the administrator of the Plan.

**Eligibility** - Prior to the merger, employees who were at least twenty-one years of age were eligible to participate in the Plan immediately. A participant also had to be employed on December 31 to be eligible for a discretionary nonelective employer contribution unless terminated due to death, disability, or retirement. Employees covered by a collective bargaining agreement, leased employees, and nonresident aliens with no United States source income were not eligible to participate in the Plan. Interns, fixed, and part-time employees were not eligible to participate in the Plan unless certain additional requirements were met.

**Contributions** - Prior to the merger, eligible employees could authorize the Company to withhold up to 60% of their eligible compensation for pre-tax and Roth 401(k) contributions, not to exceed the annual limit established by the Internal Revenue Code (“IRC”). Unless the employee elected otherwise, i) all newly eligible employees were automatically enrolled in the Plan with a pre-tax deferral percentage of 8%, and ii) effective November 7, 2017, pre-tax participant deferral rates increased by 1% annually up to a maximum threshold of 8% for participants who had previously automatically enrolled in the Plan. A participant’s pre-tax and Roth 401(k) contributions were separately accounted for, as were the gains and losses attributable to each. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing i) distributions from other qualified retirement plans and ii) repayments of 2020 penalty-free distributions permitted under the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”).

The Company elected to make a discretionary employer matching contribution in an amount equal to 50% of the first 8% of contributed compensation. The Company could also make a discretionary nonelective employer contribution, which would have been shared on a pro rata basis among all eligible employees based on each participant’s eligible compensation compared to total eligible compensation, although one was not elected during the period from January 1, 2022 to July 1, 2022.

Participants directed the investment of their contributions into various investment options offered by the Plan.

**Participant Accounts** - Prior to the merger, each participant's account was credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings, and could be charged with Plan expenses, if applicable. Allocations were based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

**Notes Receivable from Participants** - Prior to the merger, participants were able to borrow from their accounts a minimum of \$1,000 and up to a maximum of 1) \$50,000 reduced by the excess, if any, of i) the highest outstanding note receivable balance over the prior twelve-month period, over ii) the outstanding note receivable balance on the date the new note receivable was made or 2) 50% of their vested account balance, whichever was less. One note receivable could be outstanding at any time. Participant notes receivable were secured by the vested balance in the participant's account and bore interest at a reasonable interest rate as determined by the Plan administrator. Notes receivable repayments were deducted to after-tax payroll deductions over a period not to exceed five years, unless the note receivable was for the purchase of a participant's primary residence, in which case the repayment period could not exceed ten years. The Plan adopted a certain provision of the CARES Act which permitted an extension of the affected notes receivable maturity dates for up to one year.

**Vesting** - Prior to the merger, participants were immediately vested in their voluntary contributions plus actual earnings thereon. Participants were 100% vested in the Company's contributions plus actual earnings thereon after five years of credited service, as defined, which was earned in 20% increments annually, or upon reaching retirement age or termination of employment due to disability or death.

**Payment of Benefits** - Prior to the merger, benefits were generally payable upon age 59.5, disability, death, retirement or termination of employment. Benefits equal to the participant's vested account balance could be paid to a participant or beneficiary by lump sum or rollover into a qualified plan, subject to regulatory requirements. Generally, if no longer employed by the Company, participants had to either take a lump sum distribution or begin systematic, actuarially determined withdrawals by April 1 of the year following the year in which the participant turned 72 years of age. The Plan administrator could distribute separated participants' account balances that were less than \$1,000 in a lump sum without the participants' consent. The Plan administrator could transfer separated participants' account balances that were at least \$1,000 but less than \$5,000 into an individual retirement account without the participants' consent. In-service distributions of rollover contributions could be taken at any time. In-service hardship distributions were permitted if certain criteria were met.

**Forfeitures** - Prior to the merger, forfeitures by participants of unvested Company contributions could be used to reduce future employer contributions and pay Plan administrative expenses. The forfeited unvested account balance totaled \$14,694 and \$7,851 as of July 1, 2022 and December 31, 2021, respectively. Forfeitures totaling \$27,631 were utilized to reduce the Company's employer contributions during the period from January 1, 2022 to July 1, 2022.

## 2. Significant Accounting Policies

**Basis of Accounting** - The Plan's financial statements are prepared on the accrual basis of accounting.

**Accounting Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the Plan year.

**Notes Receivable from Participants** - Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses was recorded as of July 1, 2022 and December 31, 2021. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

**Benefits Paid to Participants** - Benefits are recorded when paid.

**Expenses** - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to the administration of notes receivable from participants, as well as certain other fees, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

**Risks and Uncertainties** - Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Subsequent Events** - The Company has evaluated subsequent events to April 10, 2023, the date the financial statements were available to be issued, and no events have occurred to that date that would impact the financial statements.

### **3. Information Certified by the Trustee**

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investments and notes receivable from participants as of July 1, 2022 and December 31, 2021, and the related net investment loss and interest income on notes receivable from participants during the period from January 1, 2022 to July 1, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

### **4. Fair Value Measurements**

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of July 1, 2022 and December 31, 2021.

*Mutual funds:* Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of July 1, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Mutual funds	\$ 22,628,100	\$ -	\$ -	\$ 22,628,100
Investments at fair value	<u>\$ 22,628,100</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,628,100</u>

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Mutual funds	\$ 28,040,238	\$ -	\$ -	\$ 28,040,238
Investments at fair value	<u>\$ 28,040,238</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 28,040,238</u>

## 5. Tax Status

The Company did not apply for a determination letter from the Internal Revenue Service (“IRS”) to determine if the Plan was designed in accordance with applicable sections of the IRC. The Plan document is based upon a pre-approved plan instrument from FMR LLC which received an IRS opinion letter dated June 30, 2020. Although the pre-approved plan instrument was amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 6. Party-in-Interest and Related Party Transactions

Certain Plan investments were shares of mutual funds managed by the Trustee or its affiliates. Fees incurred by the Plan for related investment management and recordkeeping services are included in net depreciation in fair value of investments and administrative expenses. The Plan also pays certain administrative costs of the Plan to parties-in-interest. Transactions such as these, as well as notes receivable from participants, qualify as party-in-interest transactions. The Company pays directly certain other fees related to the Plan’s operations.

## 7. Reconciliation to the Form 5500

The following is a reconciliation of the Plan's total assets and liabilities per the financial statements to the Form 5500 as of July 1, 2022. There were no differences as of December 31, 2021.

Total assets per the financial statements	\$ 22,756,432
