INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Counterpart International, Inc. Tax-Deferred Annuity 403(b) Plan
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Counterpart International, Inc. Tax-Deferred Annuity 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of change in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from the qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the December 31, 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution.

In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the December 31, 2020 financial statements and (b) the form and content of the information included in the prior year financial statements other than that derived from the information certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

COUNTERPART INTERNATIONAL, INC. TAX-DEFERRED ANNUITY 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of the Counterpart International, Inc. Tax-Deferred Annuity 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General -

The Plan is a defined contribution plan covering all eligible employees of Counterpart International, Inc. (the Company). The Plan was established on October 1, 1996 and qualifies under the Internal Revenue Code as a 403(b) Pension Plan. The Plan was most recently amended and restated effective January 1, 2019.

Employees of the Organization are eligible to participate in the Plan commencing on the date of employment; no age or hours of service requirements exist. Non-resident aliens who do not have a United States source of income, employees enrolled as Students defined under Code Section 3121(b)(10), and employees working fewer than 20 hours per week shall not be eligible to participate in the Plan. The Plan document stipulates other general exclusions for participation.

Contributions -

Each year, participants can contribute 100% of annual compensation, subject to annual IRS limitations. Employee contributions consist of pre-tax and Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants may contribute amounts representing distribution from other qualified defined contribution plans (rollovers).

The employer can make non-elective contributions to the Plan equal to 6% of each qualifying participant's eligible compensation for the Plan Year commencing on the date of employment, regardless if the participant elects to contribute to the Plan. The employer contributed the 6% contribution for the years ended December 31, 2021 and 2020.

Vesting -

Participants are immediately vested in their salary deferral contributions, plus actual earnings thereon. A participant is 100% vested in the Company's contribution after one year of continuous credited service.

Participant accounts -

Each participant's account is credited with the participant's contributions, the Company's non-discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options -

Contributions to the Plan are invested by the Insurance Company of the Plan, TIAA and CREF, and Massachusetts Mutual Life Insurance Company ("MassMutual"), the Custodian, according to participant instructions. Effective October 15, 2015, employees were only eligible to enroll with TIAA and CREF. Participants enrolled with MassMutual prior to October 15, 2015 were allowed to retain their accounts. The Plan Administrator provides participants with current copies of the prospectus describing each investment option.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

1. DESCRIPTION OF THE PLAN (Continued)

Payment of benefits -

Benefits provided by the Plan are paid from net assets available for benefits. The benefit to which a plan participant is entitled is the benefit that can be provided by the contributions and net earnings thereon allocated to such participant's account. Benefit payments are made in the form of participant directed lump sum, installment, or annuity payments upon separation, retirement, total and permanent disability, or death, as applicable. Benefits are recorded when paid whether directly to or on behalf of a participant.

If the total vested value is below \$1,000 in a participant's account at the time of termination, then a distribution will be made to the participant regardless of whether they consent to receive it. If the total vested value is greater than \$1,000, but less than \$5,000, the participant has the option of either 1) rolling over their balance into a qualified individual retirement account, or 2) receiving a distribution. If the vested value is greater than \$5,000, the participant may remain in the Plan.

Hardship distributions to employees are permitted if certain conditions are met.

The Plan also provides for minimum required distributions per IRS regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 72 or the calendar year the participant retires. In addition, participants may elect in-service withdrawals of their vested account balances after reaching age 59½.

Plan termination -

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The financial statements are prepared on the accrual basis of accounting and in accordance with FASB ASC 962, *Plan Accounting Defined Contribution Pension Plans*.

New accounting pronouncement adopted -

During the Plan year ended December 31, 2021, the Plan adopted Accounting Standards Board SAS No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. The standard addresses the auditor's responsibility to form an opinion on the financial statements of employee benefit plans (EBPs) subject to the Employee Retirement Income Security Act of 1974 (ERISA). It also addresses the form and content of the auditor's report issued as a result of an audit of ERISA plan financial statements.

Use of estimates -

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

COUNTERPART INTERNATIONAL, INC. TAX-DEFERRED ANNUITY 403(B) PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value measurement -

The Plan applies the provisions of FASB ASC 820, *Fair Value Measurement*. FASB ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs (assumptions that market participants would use in pricing assets and liabilities, including assumptions about risk) used to measure fair value, and enhances disclosure requirements for fair value measurements. The Plan accounts for a significant portion of its financial instruments at fair value or considers fair value in their measurement.

Valuation of investments -

Registered investment companies (mutual funds) and non-benefit responsive investment contracts are stated at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The non-benefit responsive investment contracts are reported at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuers. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. See Note 9 for further discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain Plan assets are invested in pooled accounts. Under the pooled investment concept, the investment advisors account for the Plan's share of the total portfolio on a unit basis and are the custodians of the investments (at Net Asset Value).

Contract value is the relevant measurement attributable to the fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present, for the fully benefit-responsive contracts held by the Plan, the investments at contract value.

Notes receivable from participants -

Notes receivable from participants are measured at unpaid principal balance plus accrued interest.

Benefit payments -

Benefits are recorded when paid.

Administrative expenses -

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and some are paid out of the Plan, which are included in these financial statements. Investment-related expenses are included as a reduction in the net appreciation of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) -

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted in accordance with the time frame set forth by IRS guidance.

3. INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71 (or the draft Listing of Required Modifications issued April 4, 2009). The Plan Administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. FORFEITURES

Forfeited balances of terminated participants' non-vested accounts may be used to reduce the Plan's administrative expenses and/or future employer contributions. During the years ended December 31, 2021 and 2020 the employer used \$17,603 and \$32,192, respectively, to reduce employer contributions. As of December 31, 2021 and 2020, \$5,266 and \$4,488 of forfeitures remained unallocated and held for future use.

5. INFORMATION CERTIFIED BY INSURANCE COMPANY AND CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's Administrator instructed the Plan's independent auditors not to perform, and they did not perform, such auditing procedures with respect to the information certified by TIAA and CREF, the Insurance Company of the Plan, and MassMutual, the Custodian of the Plan. TIAA and CREF and MassMutual issued Certification Statements, certifying the information presented in the Schedule of Assets (Held at End of Year) and the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020.

COUNTERPART INTERNATIONAL, INC. TAX-DEFERRED ANNUITY 403(B) PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and insurance contracts managed by TIAA and CREF, and MassMutual; therefore, these transactions qualify as party-in-interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. FULLY BENEFIT-RESPONSIVE AND NON-BENEFIT RESPONSIVE INVESTMENT AND ANNUITY CONTRACTS

The Plan has both fully benefit and non-benefit responsive fixed-rate guaranteed annuity investments contracts with TIAA and CREF which are referred to as the TIAA Traditional Annuity. The Plan also has a fully benefit-responsive group annuity contract issued by Hartford Life Insurance Company and administered by MassMutual. The contributions for these contracts are maintained in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Participants who choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity make contributions that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified rate of interest, generally 3% annually, is guaranteed by TIAA's claims-paying ability.

The TIAA Traditional Annuity also provides an opportunity for participants to receive additional amounts, which the TIAA Board of Trustees may declare on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month "declaration year" that begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years.

Under the group annuity contract, a crediting rate is established for a six-month period of time (a "rate period") and all assets invested in the MassMutual General Account are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. The declared interest rate for the group annuity contract as of December 31, 2021 and 2020 was 3%.

The Plan's ability to receive amounts due is dependent on the contract issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA.

COUNTERPART INTERNATIONAL, INC. TAX-DEFERRED ANNUITY 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

8. **FULLY BENEFIT-RESPONSIVE AND NON-BENEFIT RESPONSIVE INVESTMENT AND ANNUITY CONTRACTS (Continued)**

The Plan Administrator does not believe that any events that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants are probable of occurring.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuers.

9. **FAIR VALUE MEASUREMENT**

In accordance with FASB ASC 820, *Fair Value Measurement*, the Plan has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Investments recorded in the Statements of Net Assets Available for Benefits are categorized based on the inputs to valuation techniques as follows:

Level 1. These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Plan has the ability to access.

Level 2. These are investments where values are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or model-based valuation techniques that utilize inputs that are observable either directly or indirectly for substantially the full-term of the investments.

Level 3. These are investments where inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodologies used and there were no transfers between levels in the fair value hierarchy during the years ended December 31, 2021 and 2020. Transfers between levels are recorded at the end of the reporting period, if applicable.

- *Mutual Funds (Registered Investment Companies)* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.
- *Pooled Separate Accounts* - Valued at the number of participation units held at year-end multiplied by the current participation-unit value. Investments in pooled separate accounts represent ownership of units of participation in various funds, and not ownership of specific assets. The value of a unit of participation is the total value of each fund within the separate accounts divided by the number of units outstanding.

COUNTERPART INTERNATIONAL, INC. TAX-DEFERRED ANNUITY 403(B) PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

9. FAIR VALUE MEASUREMENT (Continued)

- *Non Benefit-Responsive Investment Contract (TIAA Traditional Annuity)* - The non benefit-responsive portion of the Traditional Annuity is reported at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issues. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Benefits under the non benefit-responsive category of the Annuity have liquidity restrictions. Distributions, withdrawals, and transfers out of the non-benefit category of the contract can only be made in 10 annual installments. Distributions can also be made over longer periods.
- *Fully Benefit-Responsive Investment Contract* - The fully benefit-responsive investment contract is reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contract represents contributions plus earnings, less participant withdrawals and administrative expenses. In determining the reasonableness of the methodology, a number of factors are considered, such as economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms, while others are substantiated utilizing available market data.

The fair value of investments within the scope of FASB issued Accounting Standards Update (ASU) 2009-12, Investment in Certain Entities that Calculate Net Asset Value per Share, can be determined using NAV per share as a practical expedient when the fair value is not readily determinable, unless its probable that the investment will be sold at something other than NAV. The ASU requires disclosure of certain attributes by major category for investments within the scope of the ASU, regardless of whether the practical expedient was used. The Plan Administrator has determined that the Pooled Separate Accounts can be measured using the practical expedient.

Certain investments that are measured at net asset value and contract value have not been categorized in the fair value hierarchy; however, the net asset value and contract value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The table below summarizes, by level within the fair value hierarchy, the Plan's investments as of December 31, 2021:

	Level 1	Level 2	Level 3	Investments Measured at NAV	Investments Measured at Contract Value	Total

The following is a summary of the Plan's Level 3 financial instruments, the valuation techniques used to measure fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2021 and 2020:

	2021 Fair Value	2020 Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity Contract	<u>\$1,015,756</u>	<u>\$ 962,581</u>	Discounted Cash Flow	Risk Adjusted Discount Rate Applied	4.00%

The following is a summary of the investments valued using NAV as a practical expedient and the related unfunded commitments and redemption restrictions associated with each major category at December 31, 2021 and 2020:

	2021 Net Asset Value	2020 Net Asset Value	Redemption Frequency	Full Redemption Notice Period
TIAA Real Estate Account	<u>\$ 293,174</u>	<u>\$ 227,395</u>	Daily	30 Days

There were no unfunded commitments as of December 31, 2021 and 2020.

10. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 6, 2022, the date the financial statements were issued.
