INDEPENDENT AUDITORS' REPORT

To the Plan Administrators,
Raydon Corporation Profit Sharing Plan:

Opinion

We have audited the financial statements of Raydon Corporation Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets in liquidation available for benefits as of December 06, 2022 and December 31, 2021 and the related statement of changes in net assets in liquidation available for benefits for the period of January 1, 2022 to December 6, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets in liquidation available for benefits of the Plan as of December 06, 2022 and December 31, 2021, and the changes in net assets in liquidation available for benefits for the period of January 1, 2022 to December 6, 2022 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note (6) to the financial statements, the Plan's sponsor voted on November 16, 2020, to terminate the Plan and at that time, management determined liquidation was imminent. In the period of January 1, 2022 to December 06, 2022, all remaining funds were disbursed to participants and the Plan terminated. As a result, and in accordance with accounting principles generally accepted in the United States of America, the Plan is presenting both the 2022 and the 2021 financial statements on a liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 6, 2022, and supplemental schedule of reportable transactions for the period of January 1, 2022 to December 06, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RAYDON CORPORATION PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 06, 2022 AND 2021 DECEMBER 31, 2021

(1) **Description of Plan:**

The following description of the Raydon Corporation Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Raydon Corporation (the Company) established the Plan effective January 1, 2015. The Plan operated, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Raydon Corporation entered into a stock purchase agreement with By Light Professional Services dated November 18, 2020. In conjunction with the sale of the Company, effective November 18, 2020, the Plan converted from an ESOP to a profit-sharing plan and changed its name from Raydon Corporation Employee Stock Ownership Plan to Raydon Corporation Profit Sharing Plan and has since been closed to new participants. As discussed in Note (6), in 2022, remaining funds were distributed to participants and the Plan terminated.

(b) **Eligibility**—Each individual who was an employee of the Company on January 1, 2015, the effective date of the Plan, became participants as of that date. Subsequent to the effective date, employees of the Company were generally eligible to participate in the Plan after one year of service, providing they have completed one year of service (worked at least 1,000 hours during such Plan year) and have attained age 18. In 2020, the Plan was amended to revise eligibility so that employees with at least 830 hours of service in 2020 that had attained age 18 were credited with one year of service.

(c) **Contributions**—In conjunction with termination of the Plan, employer contributions were permanently discontinued. Employee contributions are not permitted.

(d) **Administrative expenses**—Administrative expenses may be paid either by the Plan or by the Company. The Company historically paid the operating expenses for the Plan. Expenses that are paid directly by the Company are excluded from these financial statements. There were no expenses incurred in connection with the general administration of the Plan for the nine-months ended 2022.

(e) **Payment of benefits**—Distributions on account of death, disability, or retirement are to commence no later than one year after the close of the Plan year in which the participant terminates employment with the Company. Effective November 18, 2020, all participants were eligible to receive a distribution from net assets in liquidation available for benefits and all distributions will be made in the form of cash.

(f) **Participant accounts**—The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan.

(g) **Vesting**—All participants were fully vested as of November 18, 2020.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 06, 2022 AND 2021 DECEMBER 31, 2021

(1) **Description of Plan:** (Continued)

(h) **Forfeitures**—There were no forfeited non-vested accounts to be allocated to participant accounts and no forfeitures allocated to participants during the period of January 1, 2022 to December 6, 2022.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of accounting**—The financial statements of the Plan are prepared on the liquidation basis of accounting, as discussed in Note (6).

(b) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) **Investment valuation and income recognition**—The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (3) for discussion of fair value measurements. Interest and dividend income is recognized when paid, primarily monthly. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) **Subsequent events**—The Plan has evaluated subsequent events through April 19, 2023, the date the financial statements were available to be issued. No subsequent events requiring recognition or disclosure have been identified.

(3) **Fair Value Measurements:**

The Plan's investments are not participant directed.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**RAYDON CORPORATION PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 06, 2022 AND 2021 DECEMBER 31, 2021**

(3) **Fair Value Measurements:** (Continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Money Market Fund – Valued at the NAV of shares held by the Plan at year end. The NAV is based on the underlying market value of the fund's investments and other assets less the liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 06, 2022:				
Money market fund	\$ -	\$ -	\$ -	\$ -
Total assets at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2021:				
Money market fund	\$ -	\$ 633,063	\$ -	\$ 633,063
Total assets at fair value	<u>\$ -</u>	<u>\$ 633,063</u>	<u>\$ -</u>	<u>\$ 633,063</u>

(4) **Parties in Interest:**

As described in Note (1)(d) the Company pays all plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

(5) **Risks and Uncertainties:**

The Plan investments are held in money market funds which are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and, it is at least reasonably possible that changes in the value of the money market fund will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets in liquidation available for benefits.

RAYDON CORPORATION PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 06, 2022 AND 2021 DECEMBER 31, 2021

(6) Plan Termination:

As discussed in Note (1), in conjunction with the sale of the Plan sponsor, effective November 18, 2020, the Company closed the Plan to new participants and permanently discontinued its contributions to the Plan. The Plan was converted to a profit-sharing plan and participants were fully vested 100% in their participant accounts. In August 2020, participants of the ESOP entered into a class action settlement agreement with Plan fiduciaries related to a lawsuit regarding the fair market value of the September 2015 transaction when the ESOP was created. A settlement was reached in May 2022. The settlement was paid from insurance and not by the Plan. The net settlement will be distributed to each class action member in accordance with the settlement agreement through the ByLight Professional IT Service Employee 401(k) Plan. In the period of January 1, 2022 to December 06, 2022, all participant accounts of the Raydon Corporation Profit Sharing Plan were distributed to participants in the form of a check or rollover to an IRA, and the Plan was terminated.

(7) Tax Status:

On December 29, 2015, the Plan was submitted to the Internal Revenue Service (IRS) for a determination regarding the Plan's tax qualified status in form. The Plan was adopted on September 30, 2015, and considered effective as of January 1, 2015. The IRS had determined and informed the Company by a letter dated October 3, 2016, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routing audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.
