Report of Independent Auditors

To the Participants and Plan Administrator of
Smart Alabama Employee Retirement Plan
Luverne, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Smart Alabama Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of delinquent participant contributions and schedule of assets as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SMART ALABAMA EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1 – Description of Plan

The following description of Smart Alabama Employee Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Smart Alabama, LLC. (the “Company” or the “Plan Sponsor”) with age requirement of 21 or older and service requirement of one year from the date of employment. The Plan began on January 1, 2006 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Every pay period, participants may contribute specific dollar amounts or percentage of their individual annual compensation as defined in the plan document. Participants aged 50 or over may be eligible to contribute an additional \$6,500. Participants may also contribute amounts representing distributions from other qualified plans. However, the total contributions in any taxable year may not exceed the dollar limit, \$19,500 for 2021, which is set by law. Also, annual limit for combined contributions including nonelective employee contribution cannot exceed the lesser of \$58,000 or 100% of participants’ annual compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matched 50% of the each participant’s elective contributions, not exceeding 4% of participants’ compensation. Participants must complete one year of service and be employed on December 31 of the Plan year to receive the employer matching contribution. These conditions are waived if termination is due to death, disability or retirement. Contributions are subject to certain limitations.

Vesting

Participants are always 100% vested in account attributable to elective deferrals including catch-up contributions, as well as their own rollover contributions. Each participant, whose employment terminates for reasons other than death, disability, or normal retirement age, is entitled to a nonforfeitable right to his or her employer contribution account on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Loans

Participants may borrow from their fund accounts, a minimum of \$1,000 up to the lesser of 50% of their vested account balance or \$50,000. Participants have to repay any outstanding loan before a new loan can be made and repayment of the loan is secured by the participant’s account balances and bears interest at prime listed in the Wall Street Journal plus 2%. Delinquent loans are treated as distributions based upon the terms of the plan document.

SMART ALABAMA EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1 – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Distribution of Benefits

On termination of service due to death or disability, all amounts credited to participant's account become fully vested and distribution will be made pursuant to the election of the participant or beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum payment in cash or have the payment paid as a direct rollover distribution to IRA or to another qualified plan.

If the Plan is terminated for any reason including retirement and the value of participant's vested benefit is more than \$5,000, the participant may choose to receive installments or defer receiving payments until age of seventy and half (70 ½). If vested benefit in the Plan does not exceed \$5,000, then a participant's vested account balance may only be distributed to the participant in a single lump-sum payment in cash.

If a participant continues working for the Company after age of seventy and half (70 ½) and is a 5% owner, distributions are required to begin no later than the April 1st following the end of the year in which a participant reaches age of seventy and half (70 ½), even if he or she is still employed at the time. If a participant is not a 5% owner, he or she must begin to receive benefits no later than the April 1st following the later of the end of the year in which a participant reaches age of seventy and half (70 ½) or terminates employment.

Hardship distribution is not permitted under the Plan provision.

Forfeitures

If a participant terminates employment before becoming 100% vested in his or her account balance and receives a distribution of the vested matching contributions, the non-vested portion will be forfeited upon distribution made. As of December 31, 2021 and 2020, the forfeited non-vested account amounts to \$5,696 and \$4,892, respectively, and are held in fixed annuity accounts.

Forfeiture amount will be used to administrative expenses and then applied to reduce future Company contribution. The amounts of forfeitures applied for the year ended December 31, 2021 was \$1,200.

Top-Heavy Plan

If the Plan becomes top-heavy, when more than 60% of the Plan's assets are in the accounts of key employees, in any plan year, then non-key employees will be entitled to certain "top-heavy minimum benefits", and other special rules will apply. Among these top-heavy rules are, the Company may be required to make a contribution on a participant's behalf in order to provide with at least "top-heavy minimum benefits".

SMART ALABAMA EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

The Plan utilizes various investment instruments including insurance company general account and pooled separate accounts. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments

The Plan's investments are stated at fair value or at contract value. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value of Financial Instruments

Investments are stated at fair value. The carrying amounts of receivables approximate their fair values due to the short-term nature of these instruments.

Distributions

Distributions to participants are recorded when paid.

Excess Participant Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as liability with a corresponding reduction in contributions.

SMART ALABAMA EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 3 – Investments

For the year ended December 31, 2021, the Plan's investments, including those bought and sold as well as held during the years, generated net appreciation (depreciation) as follows:

Collective trust funds	\$	12,433
Fixed annuities		-
Mutual funds		500,597
	\$	<u>513,030</u>

Note 4 – Fair Value Measurements

The FASB ASC 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 measurements	Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access
Level 2 measurements	Inputs are inputs other than quoted prices within Level 1 that are observable, either directly or indirectly. These inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.
Level 3 measurements	Inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related assets or liability

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value or at contract value:

- Mutual Funds: Share Prices/Net Asset Values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).
- Fixed Annuities: The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.
- Collective Trust Funds: Share Prices/NAV's reported on the Plan Summary Reports for Collective Trust Funds are generally obtained directly from the fund house or other investment provider.

SMART ALABAMA EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4 – Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation

methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair-value hierarchy levels of the Plan's investments measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	2021	2020
Level 1	\$ 4,641,964	\$ 3,872,223
Level 2	28,772	26,069
Level 3	-	-
Total assets in the fair value hierarchy	4,670,736	3,898,292
Investments measured at NAV practical expedient	64,586	121,728
Investments at fair value	\$ 4,735,322	\$ 4,020,020

Note 5 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as presented in these financial statements to the balances per Form 5500 as of December 31, 2021 and 2020:

Descriptions	2021	2020
Net assets available for benefits	\$ 5,227,057	\$ 4,432,414
Excess participant contributions payable	-	626
Other employer contributions receivable	(339)	(745)
Net assets — Line 1l, Part I, Form 5500	\$ 5,226,718	\$ 4,432,295

The following is a reconciliation of changes in net assets available for benefits as presented in these financial statements to the balances per Form 5500 for the year ended December 31, 2021:

Descriptions	
Increase in net assets per statement of changes in net assets available for benefits	\$ 794,643
Other employer contributions receivable	(339)
Reversal of prior year excess participant contributions	(626)
Reversal of prior year other receivable	745
Net income — Line 2k, Part II, Form 5500	\$ 794,423

Note 6 – Plan Termination

Although it has not intended to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested.

SMART ALABAMA EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 7 – Party-in-interest Transactions

Certain plan investments are managed by Great-West Life & Annuity Insurance Company, the trustee of the plan, and therefore the related financial transactions qualify as party-in-interest transactions. Such transactions, while considered party-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8 – Federal Income Taxes

The Plan document is a prototype document that the Company adopted with specific provisions customized to meet the needs of the Plan Sponsor and the participants. The prototype document has received a favorable determination from the IRS that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (the "IRC") for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the original determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Information Certified by the Insurance Company

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company, the trustee of the Plan has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020
- Net appreciation in fair value of investments, dividends and interest (which includes interest income from notes receivable) reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021
- Investments reflected on the schedule of assets (held at end of year)

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information, except for comparing such information to the related information in the financial statements.

Note 10 – Prohibited Transactions

During 2021, the Company inadvertently failed to deposit \$115,850 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. In 2022, the Company deposited lost earnings in the amount of \$339 to correct this failure and paid applicable excise tax by filing Form 5330. The excise tax payments were made from the Company's assets and not from the Plan's assets.

SMART ALABAMA EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 11 — Investment Contracts with Insurance Companies

The Great-West Investments Fixed Account (GWI Fixed Account) is a general account product of Great-West Life & Annuity Insurance Company (GWL&A). Because the GWI Fixed Account is a general account product offered through a group annuity contract, participant principal and interest are backed by the entire general account assets of GWL&A.

General account products within retirement plans are offerings through which insurance companies guarantee both principal and interest to participants invested in the products. This affords participants the ability to both preserve capital and receive a generally higher credited rate than what is offered by money market funds in most interest rate environments.

Based on GWL&A's excessive trading policy, participant transfers may be restricted for up to 30 days in the event of excessive participant trading. If the plan sponsor chooses a book value payout for termination, participant transfer restrictions may apply until the money is paid to the next provider. GWI Fixed Account transactions are processed after the resolution of closed or disrupted financial exchanges or markets.

The Plan Administrator does not believe that the occurrence of the above event, which would limit the general account's ability to transact at contract value with participants, is probable. If the Plan initiates a full redemption, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 12 — Excess Participant Contributions Payable

The Plan failed the discrimination test for the year ended December 31, 2020. An excess participant contribution amounting to \$626 was recorded as a liability in the accompanying statements of net assets available for benefits at December 31, 2020 and as a reduction in participant contributions for the year then ended. The Plan will distribute the excess participant contribution to a related participant in 2021.

There is no such excess participant contributions payable in 2021.

Note 13 — Subsequent Event

The Plan evaluated events subsequent to December 31, 2021 and through October 5, 2022, the date on which the financial statements were available to be issued and no additional disclosures were required.
