Alaska Heart Institute, LLC 401(k) Profit Sharing Plan
Anchorage, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Alaska Heart Institute, LLC 401(k) Profit Sharing Plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Alaska Heart Institute, LLC 401(k) Profit Sharing Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alaska Heart Institute, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alaska Heart Institute, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alaska Heart Institute, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is

presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Alaska Heart Institute, LLC 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualifying institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ALASKA HEART INSTITUTE, LLC 401(K) PROFIT SHARING PLAN

Notes to Financial Statements Years Ended December 31, 2021 and 2020

Note 1: Description of Plan

The following description of the Alaska Heart Institute, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) profit-sharing plan, originally adopted on January 1, 1997, and most recently amended and restated on January 1, 2018. The Plan is a defined contribution plan covering all employees of Alaska Heart Institute, LLC (the “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees are those who have attained age 21, have completed 90 days of service, and are not any of the following: part of a collective bargaining agreement, non-resident aliens, independent contractors, temporary or part-time employees completing less than 1,000 hours of service during a Plan Year, or leased, reclassified, or per diem employees. Eligible employees may enter the Plan as participants on the first day of the Plan Year or the first day of the seventh month of the Plan Year coinciding with or next following the date that eligibility requirements are met for the purpose of all deferrals.

The Plan also contains an automatic enrollment feature whereby eligible employees are automatically enrolled in the Plan with a 4% deferral rate. Employees are subject to automatic enrollment and are required to choose to decline participation in the Plan. Automatic enrollments are made on the first day of each Plan Year or the first day of the seventh month of each Plan Year, coincident with or next following the day the employee meets the eligibility requirements. Employee contributions are invested in a target date retirement fund that corresponds with the employee’s expected retirement age. The employee has the ability to change his or her investment allocation to other funds.

Contributions

Participants may elect to contribute up to 75% of pretax annual compensation for the first Plan Year and 100% of pretax annual compensation for all subsequent years, as defined in the Plan, not to exceed statutory limits. Participants who have reached age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. Notwithstanding the catch-up provisions, the statutory limit on each participant’s contributions for 2021 and 2020 was \$19,500.

Annually, the Plan Sponsor may make a discretionary nonelective contribution to the Plan. The allocation of the employer contribution among participants is determined by the Plan Sponsor. Participants must complete one year of service (1,000 hours) and be employed on the last day of the year to be eligible for the discretionary employer contributions.

Investment Elections

The Plan offers participants mutual funds and a Self-Directed Brokerage Account option through TD Ameritrade. The accounts of participants who do not select an investment option are automatically invested in the appropriate Vanguard Target Retirement Fund for the year closest to the year of the participant’s normal retirement age.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and Plan earnings (losses) and charged with an allocation of investment and administrative expenses, when applicable. Allocations are based on participant earnings or account balances, as defined by the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms are established by the Plan Administrator but cannot exceed more than five years unless the loan proceeds are used to purchase a principal residence. The loans are secured by the balance of the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Payments are required through payroll deductions while the participant is actively employed.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants shall become 100% vested upon attainment of normal retirement age or death. Vesting in employer profit-sharing contributions is based on years of credited service as follows:

<u>Years of service</u>	<u>Percent Vested</u>
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

Payment of Benefits

Upon termination of service due to normal retirement age, or death, a participant or beneficiary whose vested account balances exceed \$5,000 may elect to receive a lump-sum or rollover distribution, in an amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or rollover to another qualified plan.

On termination of services, if a participant's vested account balance is less than \$5,000 but greater than \$1,000, the Plan will transfer the participant's vested benefits to an IRA established for the participant's benefit if the participant does not make an election to receive a lump-sum payment equal to the value of the participant's vested account balance within a reasonable time.

On termination of services, if a participant's vested account balance is less than \$1,000, the Plan will distribute the participant's vested balance in a single lump-sum payment.

Notes to Financial Statements Years Ended December 31, 2021 and 2020

Forfeited Accounts

Forfeitures will be used to pay for Plan expenses, and any remaining forfeitures will be allocated to the participants. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$115,630 and \$137,116, respectively. For the years ended December 31, 2021 and 2020, \$123,340 and \$171,299 of forfeitures were used to reduce employer contributions and pay for Plan administration expenses according to Plan provisions.

Revenue Credits

The Plan's custodian agreement with Great-West provides for a participant revenue credit arrangement, whereby the trustee allocates deposits into the accounts of eligible participants who are invested in certain funds. Revenue credits received in 2021 and 2020 totaled \$101,193 and \$89,943, respectively, and were used to reduce administrative expenses charged to participants invested in the respective funds.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Uses of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan Document.

Administrative Expenses

Certain administrative activities are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses consisting of insurance company fees, administration fees, and other related professional services will be made either from the

ALASKA HEART INSTITUTE, LLC 401(K) PROFIT SHARING PLAN

Notes to Financial Statements Years Ended December 31, 2021 and 2020

Plan's assets in a proportional manner between all participants, paid using monies in the forfeiture account, or paid directly by the Plan Sponsor. If other expenses are specifically incurred by, or attributable to, a specific participant, his or her account balance will be reduced to reflect the participant-specific fee.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 12, 2022, the date on which the financial statements were available to be issued.

Note 3: Fair Value Measurement

Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ALASKA HEART INSTITUTE, LLC 401(K) PROFIT SHARING PLAN

Notes to Financial Statements Years Ended December 31, 2021 and 2020

Common Collective Trusts – This investment is valued using the NAV provided by the Plan’s third-party administrator. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The inputs are used in valuing the underlying investments in fully benefit-responsive investment contracts.

The following table presents the fair value hierarchy of the Plan’s investment assets as of December 31, 2021 and 2020:

		2021		
		Level 1	Level 2	Level 3
		Total		
Mutual funds	\$	63,981,898	-	-
Common collective trusts*				4,569,590
Total	\$	63,981,898	-	-

		2020		
		Level 1	Level 2	Level 3
		Total		
Mutual funds	\$	57,675,740	-	-
Common collective trusts*				5,207,836
Total	\$	57,675,740	-	-

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented on these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Assets in Entities that Use NAV

The following table summarizes assets measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

ALASKA HEART INSTITUTE, LLC 401(K) PROFIT SHARING PLAN

Notes to Financial Statements Years Ended December 31, 2021 and 2020

Note 4: Information Prepared and Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- (a) All investments at fair value, and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits;
- (b) Net appreciation in fair value of investments and interest and dividend income, as shown in the Statements of Changes in Net Assets Available for Benefits; and
- (c) All information included in the Schedule of Assets (Held at End of Year), as shown in the supplemental schedule.

Note 5: Related-Party and Party in Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged. Fees paid during the year to third party administrators or custodians for services rendered by parties-in-interest were based on customary and reasonable rates for such services. Also, certain Plan investments are shares of funds managed by the trustee of the Plan. All such party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would be 100% vested in the amounts credited to their accounts. Participant benefits would be distributed according to the Plan's provisions as soon as practical.

Note 7: Tax Status

The Plan obtained its latest determination letter on May 5, 2011, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ALASKA HEART INSTITUTE, LLC 401(K) PROFIT SHARING PLAN

Notes to Financial Statements Years Ended December 31, 2021 and 2020

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are not currently audits for any tax periods in progress.

Note 8: Risk and Uncertainties

Investment securities are exposed to various risks, such as interest rate volatility, market risk, foreign exchange risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
