INDEPENDENT AUDITOR'S REPORT

The Investment Committee
IPEG, Inc. Savings Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the IPEG, Inc. Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the IPEG Inc., Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the issuance date of these financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

IPEG, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the IPEG, Inc. Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

The Plan is a defined contribution plan. Its sponsor (IPEG, Inc. or Company) originally adopted the Plan effective May 1, 1963. Effective January 1, 2019, the Company adopted a nonstandardized prototype plan document that permitted all employees to enroll in the Plan upon hire and after performing one hour of service.

The Plan is administered by an Investment Committee appointed by the Company's management. The Investment Committee has the power to interpret provisions of the Plan, decide any disputes that might arise regarding the rights of the participants and, in general, direct the administration of the Plan.

Participant Contributions - Eligible employees can contribute a portion of their pretax compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants' contributions are allocated directly to the account of the designated participant at the time the contribution is made. Participants may direct to which separate investment options their contribution will be allocated, and any contributions made on their behalf will be allocated accordingly. The Plan includes an auto-enrollment provision for all employees whereby all newly eligible employees are automatically enrolled in the Plan with a 2% deferral rate unless they affirmatively elect not to participate.

Company Contributions - The Company makes matching contributions to the Plan equal to 50% of the first 6% of each participant's elective deferral for all employees. The Company also determines the discretionary profit-sharing amount, if any, to be contributed each year. No discretionary profit-sharing contributions were made to the Plan in 2021. Participants allocate their contributions and any contributions made on their behalf to several savings/investment plans maintained by the trustee. Both employee and employer contributions are subject to certain limitations. Participants are also allowed to borrow from their account balances, as defined in the terms of the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants who leave the Company and incur a break in service forfeit the nonvested portion of their accounts. Such forfeitures are utilized to offset employer contribution funding or are allocated to the accounts of the remaining participants in the same manner as Company contributions in the year subsequent to the forfeiture. The Plan contains provisions that allow for reinstatement of the forfeited amounts upon reemployment with the Company before incurring five consecutive one-year breaks in service, as defined. At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$23,000 and \$19,000, respectively. There was approximately \$23,000 and \$24,000 allocated to participants from forfeitures in 2021 and 2020, respectively.

The Plan also has a revenue sharing account that is used by the Plan to offset fees. At December 31, 2021 and 2020, the revenue sharing account was approximately \$17,000 and \$10,000, respectively. During 2021 and 2020, fees were reduced by approximately \$53,000 and \$63,000, respectively, due to utilization of revenue sharing amounts.

Payment of Benefits - On termination of service due to death, retirement or other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also apply to withdraw up to the total vested value of the participant's account after a participant attains the age of 59-1/2. Hardship distributions may also be granted in accordance with the provisions of the Plan agreement.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment is recorded. A participant may borrow money from the Plan in amounts up to 50% of the participant's vested account balance up to \$50,000 for periods of one to five years. If the loan is for the purchase of a principal residence, the Plan administrator may permit a longer repayment term of up to 10 years. All notes receivable from participants are at a rate of interest equal to the prime lending rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Vesting - The accounts for all participants' contributions are fully vested and nonforfeitable at all times. The vested value of any Company matching and discretionary profit-sharing contributions is determined in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than three years	0%
Three years or more	100%

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisors and custodians (See Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on an ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 - TRUSTEE CERTIFICATION (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A. (the trustee of the Plan).

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Registered Investment Companies - Valued at the daily closing price reported in the active market in which the individual security is actively traded.

Common Collective Trusts - Valued at the net asset value (NAV) of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner.

The methods described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Further, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between levels at December 31, 2021 and 2020.

As of December 31, the fair values of the Plan's investments measured on a recurring basis are categorized as follows:

2021			
	Level 1	Level 2	Level 3
	Total		
Registered Investment Companies	\$ 36,701,981	-	-
Investments measured at net asset value (a)			12,522,430
Total investments at fair value			\$ 49,224,410

2020			
	Level 1	Level 2	Level 3
	Total		
Registered Investment Companies	\$ 32,655,308	-	-
Investments measured at net asset value (a)			12,603,020
Total investments at fair value			\$ 45,258,328

- (a) In accordance with the Plan's adoption of Accounting Standards Update (ASU) 2015-07 and Codification Subtopic 820-10, certain investments measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of fair value hierarchy to the line items presented in the statements of net assets available for benefits.

DECEMBER 31, 2021 AND 2020

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques might require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The following table summarizes investments measured at fair value based on NAV per share of investment as of December 31:

	<u>Fund Value</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>2021</u>	<u>2020</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice</u>
					<u>Period</u>
Northern Trust Collective					
S&P 500 Index Fund	\$ 7,678,639	\$ 6,889,461	-	Daily	None
Federated Capital					
Preservation Fund (ISP)	<u>4,843,791</u>	<u>5,713,559</u>	-	Daily	None
	<u>\$ 12,522,430</u>	<u>\$ 12,603,020</u>			

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the interests of all affected participants will become fully vested in Company matching and discretionary profit-sharing contributions.

NOTE 6 - INCOME TAX STATUS

The underlying nonstandardized prototype plan has received an opinion letter from the IRS dated February 20, 2014 that the form of the Plan and related trust are designed in accordance with applicable sections of the IRC. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2021. Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The coronavirus pandemic could materially and adversely affect the Plan, its operations and its performance. Management of the Plan is unable to accurately predict how restrictions related to the coronavirus will affect the results of Plan operations because the severity and duration of the pandemic remain uncertain. While it is premature to accurately predict the ultimate impact of these developments, the Plan's results for the year ended December 31, 2022 could be materially impacted.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through June 30, 2022, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements except for the matter described in the following paragraph.

On January 31, 2022, Piovan S.p.A. (Piovan) completed an acquisition of the Company by virtue of a merger by incorporation, resulting in a newly formed Delaware corporation wholly owned by Piovan. This transaction did not have any impact on the Plan.
