Independent Auditors' Report

To the Participants and Plan Administrator of
Tubman 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Tubman 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Tubman 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Tubman 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Tubman (the Company) is a non-profit agency supporting families and individuals dealing with domestic violence. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) whereby contributions to the Plan consist of elective employee salary reduction deferrals, matching Company safe harbor contributions and if made, any discretionary matching or profit-sharing contributions. The Company is the administrator, sponsor and employer of participants in the Plan and has appointed Minnesota Life Insurance Company to be the asset custodian and record keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Eligible classes of employees include all employees except for union employees, certain non-resident aliens, part-time, temporary or seasonal employees. Eligible employees, who complete six months of employment, in which at least 500 hours are worked, are eligible to contribute to the Plan by making elective employee deferrals. Participants who are eligible to make salary deferrals to the Plan are also eligible to receive the Company's safe harbor matching contribution. Upon completion of one year of service, employees are also eligible to participate in any discretionary matching or profit-sharing contributions. In the year, a discretionary profit-sharing contribution occurs, the employee also has to complete at least 501 hours of service during the year and be employed at plan year end to receive the contribution.

Contributions

Each year, participants may contribute an amount not to exceed the limits of Code Sections 401(k), 404 and 415, of pretax annual compensation, as defined in the Plan. Individuals age 50 or older by the end of any tax year may make additional catch-up contributions to the Plan. Participants may also contribute post-tax elective deferral amounts (Roth contributions) and amounts representing distributions from other qualified plans (rollover contributions). The Company's matching contribution is a safe harbor contribution, which matches 100 percent of the first 3% of elective employee deferrals and 50% on elective employee deferrals greater than 3% but not to exceed 5%. In addition, each Plan year, the directors of the Company will determine whether to make a separate discretionary matching or profit-sharing contribution; no discretionary matching or profit-sharing contributions were approved for 2021.

Participant Accounts

Upon enrollment in the Plan, participants can designate the investment of their accounts in various funds with pre-selected investment objectives, each of which is invested in securities selected and managed by the asset custodian to meet the objectives of each fund.

Each participant's account is credited with the participant's contributions, Roth contributions, rollover contributions, the Company's matching contributions, an allocation of (a) the Company's discretionary contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Tubman 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

Vesting

Participants are immediately 100 percent vested in their voluntary contributions, Roth contributions, rollover contributions and Company safe harbor matching contributions, plus the earnings thereon. Vesting in the Company discretionary profit sharing or matching contributions is based on years of continuous service. Participants earn a year of service when they are credited with 1,000 hours of service during the plan year and are vested in the Company's discretionary profit sharing or matching contributions and related earnings as follows: 50% after one year of service and 100 percent after two years of service. A participant is fully vested in Company discretionary profit sharing or matching contributions upon reaching normal retirement age, death or permanent disability.

Forfeited Accounts

Forfeited non-vested accounts are to be used first to reduce administrative expenses and second to reduce future Company contributions. Forfeited non-vested accounts totaled \$7 and \$297 as of December 31, 2021 and 2020. During the year ended December 31, 2021, \$328 of forfeitures were used to reduce administrative expenses.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to 50% of their vested account balance, with a maximum of \$50,000. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as of the date of the note as determined quarterly by the Plan administrator. Interest rates on notes receivable ranged from 3.57% to 5.26% at December 31, 2021. Note terms range from 0 to 5 years. Principal and interest is paid directly by participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Distributions to terminated, disabled or retired participants are made in the form of installments over a period of not more than a participant's assumed life expectancy or a single lump sum payment to the participant (or in the case of death, the participant's beneficiary) equal to the value of the participant's vested account. Distributions may also be made in the form of hardship withdrawals.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Tubman 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

Investment Valuation and Income Recognition

Investments are reported at fair value (except the guaranteed return contract, which is a fully benefit-responsive investment contract and reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on a cash basis, which approximates generally accepted accounting principles accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2021 and 2020

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies and assumptions used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in pooled separate accounts are stated at the corresponding Net Asset Value (NAV) of units of the pooled separate account. NAV is a readily determinable fair value and is the basis for current transactions. The fair values of the investments are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. The underlying investments in the pooled separate account have various income strategies including total return, growth, income, etc. These separate accounts are not traded on an established market. Audited financial statements are available.

Mutual funds are valued at the daily closing price (NAV) as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds available to contract holders of group or individual variable annuities or money market instruments. These funds are required to publish their NAV, which is a readily determinable fair value, and to transact at that price. These mutual funds held by the Plan are deemed to be actively traded.

Tubman 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 3,117,386	\$ -	\$ 3,117,386
Open ended mutual funds	-	3,835,279	-	3,835,279
Total investments at fair value	\$ -	\$ 6,952,665	\$ -	\$ 6,952,665

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 2,817,332	\$ -	\$ 2,817,332
Open ended mutual funds	-	3,090,818	-	3,090,818
Total investments at fair value	\$ -	\$ 5,908,150	\$ -	\$ 5,908,150

4. Guaranteed Return Account With Insurance Company

The Plan had a guaranteed return account with Minnesota Life Insurance Company, which was a fully benefit responsive contract. Minnesota Life Insurance Company maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the December 31, 2020 financial statements at contract value as reported to the Plan by Minnesota Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The credit in interest rate was based on historical contributions and withdrawals, current market conditions, the investment portfolio turnover, and estimated contributions and withdrawals, but could not be less than 1.5%. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events could have limited the ability of the Plan to transact at contract value with the contract issuer. These events may have been different under each contract. Examples of such events included the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

Tubman 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

No events were probable of occurring that might have limited the ability of the Plan to transact at contract value with the contract issuers and that also would have limited the ability of the Plan to transact at contract value with the participants

In addition, certain events allowed the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events could have been different under each contract. Examples of such events included the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Minnesota Life Insurance Company, the custodian of the Plan. Minnesota Life Insurance Company invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Party In Interest Transactions

Plan investments are managed by Minnesota Life Insurance Company. Minnesota Life Insurance Company is the asset custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although they have not expressed any intent to do so, the Company has the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. Tax Status

The Plan uses a pre-approved prototype plan that obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Tubman 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, the Plan had investments of \$5,906,358 and \$3,898,603 respectively, which were concentrated in four funds, respectively.

10. Information Certified by Custodian/Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Minnesota Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

11. Subsequent Events

The Plan has evaluated subsequent events occurring through October 5, 2022, the date that the financial statements were available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
