Independent Auditors' Report

To the Plan Administrator of
The Burroughs 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of The Burroughs 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from issuance of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplementary Schedules Required by ERISA

The supplementary schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, and, as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 31, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Burroughs 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the The Burroughs 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan within the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is sponsored by Burroughs, Inc. (the Company) and has been effective since February 1, 2010. The Company has given State Street Bank and Trust Company (the Custodian), the custodian of the Plan, the authority to hold the assets of the Plan and to invest, control and disburse all the assets of the Plan in accordance with the Plan agreement. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant Accounts and Eligibility

Under the terms of the Plan agreement, all eligible employees, except nonresidential alien employees, leased employees and employees employed by an overseas subsidiary of the employer are able to participate in the Plan, effective the first date of employment. Any participant employed during the Plan year is fully vested immediately upon entry into the Plan and is eligible to share in the Company matching and profit sharing contributions. Employees are automatically enrolled in the Plan as soon as administratively practical after meeting eligibility requirements of the Plan and a percentage of the participant's salary will be automatically deducted each pay period and invested in the default alternative investment.

Each participant's account is credited with the participant's contributions, allocations of the Company matching contributions, Plan earnings and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account balances into various investment options offered by the Plan.

Contributions

The Plan has elected 6% of the participant's salary as the Plan's default automatic deferral percentage with an annual 1% contribution increase until the Plan's maximum automatic deferral percentage of 10% is reached. The participant has the option to opt out of the automatic deferral or elect a different percentage.

Participants may elect to make voluntary contributions in an amount from 1% to 100% of their eligible compensation for the Plan year, subject to Internal Revenue Service (IRS) limitations. Participants may elect to designate any of the deferred compensation by up to a maximum amount which will not cause the Plan to violate the Plan provisions as a Roth 401(k) contribution.

During 2021 and 2020, the Company elected to make matching contributions in an amount not to exceed 1% of elective. Matching contributions are calculated based on elective deferral rates and compensation for the payroll period.

Each year, the Plan may make a discretionary profit sharing contribution to those participants employed on the last day of the Plan year and have completed a year of service during the Plan year. The Company did not make profit sharing contributions for the years ended December 31, 2021 and 2020.

Each participant's account consists of multiple fund options. Participants may elect to allocate contributions between these funds in multiples of 1%. Each participant is also allocated a portion of each fund's earnings based on balances maintained in those funds.

The Burroughs 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

Vesting

Participants are immediately vested in their salary reduction and rollover contributions (plus earnings thereon) and also in all of the employer matching contributions (including profit sharing contributions). Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested.

Notes Receivable from Participants

Except as noted below due to the CARES act, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (\$50,000 or 50%) of their vested account balance. These loans are secured by the balance in the participants' account. The loans bear interest at a rate of (4.25% to 6.50%), which approximates local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service for any reason, a participant may receive a lump sum distribution of their vested account balance. Participants who are still actively working may take a withdrawal from their annuity contracts after attaining age 59 1/2, or after incurring disability. In addition, the Plan allows for hardship distributions if certain criteria are met.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

The Burroughs 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan has opted into the following provisions of the CARES Act:

- **Hardship Distributions.** Qualified Plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken up till December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- **Participant Loans.** Qualified Plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- **Participant Loans.** Qualified Plan participants may have borrowed up to \$100, 000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.
- **Required Minimum Distributions (RMDs).** A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through August 26, 2022, the date the financial statements were available to be issued.

3. Information Certified by Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021. Accordingly, State Street Bank & Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplementary Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

The Burroughs 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

Investments at fair value	<u>\$ 34,747,654</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 35,868,623</u>

(a) In accordance with ASU No. 2015-07 Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with State Street Bank & Trust Company, the custodian of the Plan. The custodian invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Related-Party and Party-In-Interest Transactions

Certain of the Plan's investments are managed by the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

8. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRS. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
