Plan Administration and Investment Committee
L/B Water Service, Inc. 401(k) Plan
Selinsgrove, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of L/B Water Service, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statement comprise the statements of net assets available for benefits as of March 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the 2022 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of, and for the year then ended March 31, 2022, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from issuance.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2021 financial statements and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

L/B WATER SERVICE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED MARCH 31, 2022 (with comparative information at March 31, 2021)

1. Description of Plan and significant accounting policies:

The following description of the L/B Water Service, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for complete information.

General:

The Plan is a defined contribution plan covering substantially all employees who are age 21 or older and have completed at least three months of service following commencement of employment. Employees may enter the Plan on the first day of the quarter coinciding with or next following the date on which an employee meets the eligibility requirement. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA). Plan investments are participant directed.

During 2020, the 2019 Novel Coronavirus (COVID-19) pandemic sparked a global health and economic crisis. The impact resulting from the COVID-19 pandemic on the Plan is uncertain and will depend on future developments. In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law in March 2020. The CARES Act contains several provisions that temporarily impact retirement savings plans. The Plan operationalized certain provisions within the CARES Act appropriately and executed Plan amendments to reflect these operational changes during the plan year ended March 31, 2021.

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Contributions:

Each year, participants may contribute up to the maximum amount of the annual federal deferral limit, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options at any time.

Effective April 1, 2020, the Plan adopted an employer safe harbor discretionary contribution provision. The formula used in calculating the safe harbor discretionary contribution is 3% of the participant's eligible wages. These contributing funds were deposited into the participants' Company Employee Stock Ownership Plan (ESOP) accounts and were 100% vested at time of the deposit. The amount of the safe harbor discretionary contribution for the year ended March 31, 2022 was approximately \$563,000.

L/B WATER SERVICE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED MARCH 31, 2022 (with comparative information at March 31, 2021)

1. Description of Plan and significant accounting policies (continued):

Contributions:

In addition to the safe harbor discretionary contribution, the Company may make additional contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals. The Company may also make a non-elective discretionary contribution to be determined by the Company. The Company did not make additional matching or discretionary contributions in 2022.

Effective April 1, 2015, all newly eligible employees are automatically enrolled in the Plan with a 5% deferral contribution unless they elect otherwise in writing.

The Plan allows Roth 401(k) deferrals to the Plan. Effective June 1, 2018, Roth rollovers are permitted to the Plan by active participants.

Participant accounts:

Each participant account is credited with the participant's contribution, the Company's additional contribution, an allocation of the Company's discretionary contribution and Plan earnings. Each participant account is charged with an allocation of Plan earnings or losses and certain administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants who are also participants in the ESOP and who are eligible to diversify their ESOP account, may transfer their diversification amounts to their 401(k) account. The Plan transfer from the Company ESOP amount is \$1,221,584 for the year ended March 31, 2022.

L/B WATER SERVICE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED MARCH 31, 2022 (with comparative information at March 31, 2021)

1. Description of Plan and significant accounting policies (continued):

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants:

The Plan permits loans to participants. Eligible participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their pretax elective deferral account and/or their rollover account or \$50,000. The notes are secured by the participant's account and bear a rate of interest that is 1% over the prime interest rate. Principal and interest are paid ratably through payroll deductions. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest.

Forfeitures:

Forfeitures resulting from terminated participants can be used to restore forfeitures, reduce employer contributions or pay Plan expenses. There were no forfeitures during the year ended March 31, 2022. There was no balance available to be used to offset future administrative expenses as of March 31, 2022.

L/B WATER SERVICE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED MARCH 31, 2022 (with comparative information at March 31, 2021)

1. Description of Plan and significant accounting policies (continued):

Payment of benefits:

On termination of service other than death, distributions may be made as soon as administratively feasible with a final payment made consisting of any allocations occurring after such termination of service. If a participant's vested balance in the Plan is less than \$5,000 the participant will receive a lump-sum distribution and may elect to receive it in cash or to rollover to an individual retirement account or another qualified retirement plan. For vested balances exceeding \$5,000, payment may be deferred to a later date not beyond the date the employee reaches age 70 1/2. For termination of service upon death, distributions must be made by no later than the end of the fifth year and extended payments are allowed only if the participant's spouse is the participant's sole primary beneficiary.

Benefits are recorded when paid.

Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become 100% vested in all amounts credited to their accounts.

Use of estimates:

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation:

Mutual funds are stated at fair value as determined by quoted market prices.

The guaranteed investment contract meets the fully benefit responsive contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The contract permits the insurance company to terminate the agreement with at least 30 days advance written notice.

L/B WATER SERVICE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED MARCH 31, 2022 (with comparative information at March 31, 2021)

1. Description of Plan and significant accounting policies (continued):

Investment valuation:

Certain events may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Some fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Certification of investments:

The Plan's investments are held by Principal Trust Company, trustee of the Plan. Investment information disclosed in the accompanying financial statements and schedule of assets held at the end of the year, specifically investments held at March 31, 2022 and 2021, and investment income for the year ended March 31, 2022, was obtained or derived from information certified as complete and accurate by the trustee.

3. Fair value measurement:

The Plan ranks investments in a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset. Observable inputs reflect the assumptions market participants would use in pricing the asset based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset developed based on the best information available in the circumstances. The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical investment.

Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.). The Plan does not hold any Level 2 investments.

Level 3 – Significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments). The Plan does not hold any Level 3 investments.

L/B WATER SERVICE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS YEAR ENDED MARCH 31, 2022 (with comparative information at March 31, 2021)

3. Fair value measurement (continued):

See Note 1 for a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2022.

The fair values of assets measured on a recurring basis at March 31, 2022 and 2021 were as follows:

		Fair value measurements using Level 1
<u>2022</u>	<u>Fair value</u>	
Mutual funds	<u>\$ 19,933,355</u>	<u>\$ 19,933,355</u>
<u>2021</u>		
Mutual funds	<u>\$ 18,284,766</u>	<u>\$ 18,284,766</u>

4. Concentration:

Three investments accounted for approximately 46% and 43% of investments at March 31, 2022 and 2021, respectively.

5. Income tax status:

The Plan trustees adopted, effective October 1, 2014, the Angell Pension Group Inc, Pre-Approved Profit Sharing Plan. The Angell Pension Group Inc, received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since that date. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes the Plan is qualified and the related trust is tax exempt.

6. Related party and party-in-interest transactions:

Certain Plan investments are managed by Principal Trust Company, the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Some fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

7. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent events:

The Plan has evaluated subsequent events through November 3, 2022, the date which the financial statements were available to be issued.
