|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## INDEPENDENT AUDITORS' REPORT

Brad Poppen  
Westin, Inc. 401(k) Plan  
Omaha, Nebraska

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of Westin, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Westin, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Westin, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Westin, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Westin, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Westin, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

The Supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## WESTIN, INC. 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 - DESCRIPTION OF THE 401(k) PLAN

The following description of the Westin, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. The Plan is a defined contribution plan covering any eligible employee who has completed three months of service and attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Participants may contribute up to 100 percent of their annual salaries not to exceed the limitations determined annually under the Internal Revenue Code. Westin, Inc. 401(k) Plan will contribute a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction the employee has elected to defer. The percentage will be determined each year. However, only salary deferrals up to 5 percent of payroll compensation will be considered. Additional amounts may be contributed at the option of the company's Board of Directors.
- C. Each participant's account is credited with the participant's contribution and allocation of the company's contribution, plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. The vesting of any participant's account is based on years of service. With respect to employer contributions, a participant is 100 percent vested after five years of credited service. Participants are immediately vested in their voluntary contributions plus actual earnings thereon.
- E. Upon enrollment in the Plan, a participant may direct employee and employer contributions in a variety of investment options offered. Participants may change their investment options daily.
- F. Participants may elect to receive the distribution of their benefits in the form of a lump-sum payment or in equal installments over a period of not more than their assumed life expectancy.
- G. Forfeited non-vested accounts had a beginning balance of \$-0- with additions during the year of \$8,753 of which \$300 was used to pay administrative costs and \$8,453 was used to reduce employer contributions during 2021, leaving \$-0- unused at the end of 2021.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. ***Basis of Accounting -***  
The financial statements of the Plan are prepared under the accrual method of accounting.
- B. ***Estimates -***  
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### C. **Investment Valuations and Income Recognition -**

The investments are held in a benefit-responsive group annuity contract and are presented at contract value, based on the fair value of the underlying securities within each separate account at December 31, 2021 and 2020 (see notes 10 and 11). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies utilize information provided by the investment advisors and custodians.

The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of the investments held by the Plan during the year. Purchases and sales of investments are recorded on a trade date basis. See Note 9 for discussion of fair value measurements.

### D. **Expenses -**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the company. Expenses that are paid by the company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

### E. **Payment of Benefits -**

Benefits are recorded when paid.

## NOTE 3 - TAX STATUS

Westin, Inc. 401(k) Plan adopted Oneamerica Financial Partner, Inc.'s Non-Standardized Pre-Approved Plan with CODA effective September 1, 2020.

The IRS has determined and informed the Plan sponsor by a letter dated August 19, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate the positions taken by the Plan and recognize a tax liability, or asset, if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the applicable authorities.

The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audit for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2018.

## **NOTE 8 - RISKS AND UNCERTAINTIES**

The Plan's investments, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be affected by shifts in the market's perception of issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the funded status of the Plan.

## **NOTE 9 - FAIR VALUE MEASUREMENTS**

Fair value measurements are determined using an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1    Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2    Inputs to the valuation methodology include -
  - Quoted prices for similar assets or liabilities in active markets.
  - Quoted prices for identical or similar liabilities in inactive markets.
  - Inputs other than quoted prices that are observable for the asset or liability.
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset liability.
- Level 3    Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies/Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

**NOTE 9 - FAIR VALUE MEASUREMENTS (Continued)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the investments held in the group annuity contract issued by American United Life Insurance company (see note 11) at fair value as of December 31, 2021 and 2020:

**NOTE 10 - STABLE VALUE ACCOUNT**

The Plan invests in an American United Life Insurance Company sponsored Stable Value Account. Funds allocated to this investment are placed in American United Life Insurance Company's general account where they are invested in accordance with American United Life Insurance Company's general account investment policy. The objective of that investment policy is to maximize long-term, risk-adjusted returns. The general account assets are predominately fixed-income investments (bonds, mortgages, and private placements). The average maturity for these assets is just over 10 years, and the average duration is between 7 and 8 years. The quality of these investments is high.

## **NOTE 10 - STABLE VALUE ACCOUNT (Continued)**

Fixed-income securities are valued based on quoted market prices where available. For fixed maturity securities not actively traded values are estimated using a number of independent pricing sources. Private placement values are estimated by discounting expected future cash flows using a current market rate consistent with the industry sector, credit quality and maturity of each investment, taking into account the reduced liquidity associated with each security. Contract value is the appropriate determination of the value of this investment as the investment has no liquid market value because it is not tradable or assignable, and there are no defined maturities of the cash flow. The reported values are reported daily based on the valuation formula. All benefit responsive plan benefit payments and transfers out of this investment are made at book value (principal invested plus interest earned).

## **NOTE 11 - AMERICAN UNITED LIFE INSURANCE COMPANY GROUP ANNUITY CONTRACT**

In 2020, the Plan entered into a qualified retirement plan that is funded with a group annuity contract (the contract) issued by American United Life Insurance Company (AUL). The contract offers a fixed option through AUL's general account (see note 10) and a number of variable investment options through an AUL separate account. Under the contract it is possible to make transfers between the various options and to redirect the investment of future contributions as specified by the governing Plan document and contract provisions.

Amounts allocated to a variable investment account within an AUL separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of business each day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received and the daily equivalent of any fee charged pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested exclusively in the shares of a specific mutual fund. The contract value is equal to the value of the accumulation units of that investment account that are credited to the participant's account.

This contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount that participant initiated transactions for the purpose of receiving benefits allowed under the plan, such as retirement, death, hardship, required minimum distribution, allowable in service withdrawals, are completed at without conditions, limits or restrictions. Benefits related to termination of employment receive the same treatment unless a termination is associated with a full or partial plan termination, the insolvency of the plan sponsor, or aggregate terminations in any contract year exceed 20 percent of the full contract value as determined on the first day of that contract year. Under those unlikely events, the provisions of related to full contract termination may apply.

## **NOTE 12 - SUBSEQUENT EVENTS**

Management has made an evaluation of subsequent events through September 25, 2022, the date the financial statements were available to be issued, and believes that no events have occurred that require adjustment of, or disclosure in, the financial statements, except as follows:

In early March 2020, there was a global outbreak of COVID-19 that has resulted in changes in global supply and demand of certain materials and products. These changes, including a potential economic downturn and any potential resulting direct and indirect negative impact to the Plan and its operations, cannot be determined, but they could have a prospective material impact.
