Report of Independent Auditors

To the Administrative Committee of
Amigo Mobility International, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Amigo Mobility International, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Amigo Mobility International, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Amigo Mobility International, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Amigo Mobility International, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Amigo Mobility International, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Amigo Mobility International, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Amigo Mobility International, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of Plan

The following brief description of the Amigo Mobility International, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan covering employees of Amigo Mobility International, Inc. (the Plan Sponsor). The Plan covers substantially all the employees of the Plan Sponsor, except union employees, non-resident aliens, leased employees, interns, or other temporary employees who are scheduled to work less than 1,000, who have one-half year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Amigo Mobility International, Inc. is the Plan's administrator.

Contributions

Each year, participants may contribute up to the maximum percentage of compensation allowable, not to exceed relevant Internal Revenue Code section limitations. Participants can elect to make Pre-tax deferrals and Roth deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor has elected to make safe harbor matching contributions of 100% up to 3% of a participant's compensation deferral and an additional 50% for deferrals between 3% and 5% of salary deferrals, for a maximum contribution of 4% of a participant's compensation. Each year, the Plan Sponsor may make a discretionary matching contribution equal to a discretionary percentage of the participant's salary reduction.

Each year the Plan Sponsor may also make a discretionary profit-sharing contribution to the Plan. To be eligible for the profit-sharing contribution participants must be employed on the last day of the Plan year and are eligible regardless of amount of service completed during the Plan year. Profit-sharing contributions will not exceed 4.3% of a participant's compensation. During 2021 there were no discretionary matching contributions or profit-sharing contributions. All contributions are subject to the limits established by the Internal Revenue Service.

Beginning January 1, 2013, employees who become eligible for the Plan will be subject to automatic deferrals of 5% of compensation unless otherwise elected by the participant.

1. Description of Plan (continued)

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) Plan Sponsors' contribution, if any, and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's share of the Plan assets. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon as well as in the Plan Sponsor's safe harbor matching contributions. Vesting for certain Plan Sponsor's discretionary contributions is based on years of credited service with 20% of the balance vested after two years of service and increasing 20% per year after two years. A participant is 100% vested in Plan Sponsor's discretionary contributions and profit-sharing contributions after six years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in a discretionary method in any of the investment options offered by the Plan. Participants may change their investment options daily.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service due to death, disability, retirement, or other reasons, a participant is eligible to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

Forfeited nonvested accounts can be used to reduce the Plan Sponsor's contributions or pay plan expenses. Forfeitures used to reduce the Plan Sponsor's contributions and expenses amounted to \$7,752 for the year ended December 31, 2021 and \$5,202 for the year ended December 31, 2020.

Termination of the Plan

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the Plan's valuation policies utilizing information provided by its investment advisors and custodians. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges.

Stable value fund: The MetLife Stable Value Collective Trust Fund (the "Fund") is a benefit responsive contract that seeks to earn current income and preserve capital and stability of principal. See Note 5 for investment valuation. The Fund also seeks to maintain a stable value of \$1.00 per unit. The Fund invests in investment contracts and in fixed income instruments which underlie stable value contracts as well as in money market instruments. Investments underlying stable value contracts may be purchased directly or accessed via commingled vehicles and accounts that invest in such instruments. Under a stable value contract, the issuer of the contract agrees, subject to contract conditions, to make payments representing redemptions from the Fund or participant-initiated benefit payments at contract value. This "benefit responsiveness" is designed to allow the Fund to maintain participant balances at contract value while the impact of market fluctuations on invest account balances is potentially smoothed via periodic adjustments to the daily rate of return credited to investors. The underlying fixed income investment, are intended to provide diversified exposure to securities across multiple sectors of the market, including, among others, U.S. government and agency securities, corporate and non-corporate credit obligations, and securitized investments such as mortgage-backed and asset-backed securities.

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Certain termination events permit the provider to terminate the contract at market value and the Fund will receive the market value of the covered assets as of the date of termination. Thus, if the market value of the covered assets is less than the contract value on the termination date, the contract does not require the issuer to pay any excess of contract value over market value. As a result, this type of termination will result in a market value adjustment, which could cause the Fund to be unable to maintain a stable value of \$1.00 per unit. Termination events may include some or all of the following: (1) the Fund or the Collective Trust is fully or partially terminated or fails to be exempt from federal income taxation; (2) the Fund merges with another fund or entity; (3) a security is sold or subject to a lien other than as permitted under the contract; (4) the termination or replacement or “change in control” as defined in the contract of the Trustee or investment advisor without the issuer’s consent; (5) there is a material change in law, regulation, ruling, or accounting requirement applicable to the fund or the contract issuer; (6) the bankruptcy of the Fund; (7) the amendment of the Declaration of Trust or change in the investment objectives or administration of the Fund with the issuer’s consent; (8) the level of “impaired securities” as defined in the contract exceeds an agreed upon amount of the Fund assets; and (9) other events or circumstances provided for in the contract.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through October 7, 2022, the date which the financial statements were available to be issued.

3. Administrative Expenses

Certain expenses for the administration of the Plan are the responsibility of the Plan. The Plan permits the payment of Plan expenses to be made from the Plan’s assets. If expenses are paid using Plan assets, then the expenses are allocated among the accounts of all participants proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants.

4. Financial Data Certified by the Trustee - Unaudited

The Plan's financial information and data was certified by Newport Trust Company in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the investment balances, notes receivable balance, interest and dividends, and net appreciation in fair value of investments included in the financial statements and supplemental schedule were obtained from data that has been prepared and certified as complete and accurate by the trustee. This certified information has not been audited by independent auditors.

5. Fair Value Measurements

As defined in authoritative guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income, and cost approaches.

Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs.

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities.

5. Fair Value Measurements (continued)

For the year ended December 31, 2021, the application of valuation techniques applied to similar assets and liabilities has been consistent.

Descriptions of the valuation methods and assumptions used to estimate the fair values of investments are as follows:

Registered investment companies (mutual funds) - The fair values of registered investment companies' investments are determined by obtaining quoted prices on nationally recognized securities exchanges.

Stable value fund - The investments in the Met Life Stable Value Fund are stated at estimated fair value based on the net asset value of the participation units in each fund as a practical expedient.

Fair values of assets measured on a recurring basis as of December 31 are as follows:

2021	Level 1	Level 2	Level 3	Total
Investment securities:				
Mutual funds	\$ 6,666,781	\$ -	\$ -	\$ 6,666,781
Total assets in the fair value hierarchy	6,666,781	-	-	6,666,781
Investment measured at net asset value	-	-	-	6,197

6. Income Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2014, that the Plan is a qualified plan under Section 401 of the Internal Revenue Service Code. The Plan has been amended since then; however, the plan administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Generally, tax years 2018 through the current year remain open to examination. The Plan Sponsor does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

7. Risks and Uncertainties

The Plan provides for various investment options, including mutual funds with underlying assets consisting of any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and long-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The current Coronavirus pandemic has had an impact on the United States and the international community. While the Plan has not experienced a material adverse impact as of the date of these financial statements, the future impact, if any, cannot be determined. In addition, since December 31, 2021, the stock market has experienced significant volatility which has had a material effect on investment fair values.

8. Transactions with Parties-In-Interest

Section 3(14) of ERISA defined a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the trustee generates party-in-interest transactions. Administrative expenses also include payments to the Plan's third-party administrator, legal counsel, auditor, and directors for services to the Plan. These administrative expenses are also considered party-in-interest transactions. The Plan Sponsor, participants, Newport Trust Company, and Tri-Star Trust Bank have all been identified as parties-in-interest.
