INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Experitec, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Experitec, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of September 30, 2022 and 2021, and the related statements of changes in net assets (deficit) available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for benefits of Experitec, Inc. Employee Stock Ownership Plan as of September 31, 2022 and 2021, and the changes in its net assets (deficit) available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Experitec, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Experitec, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Experitex, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Experitex, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of September 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EXPERITEC, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2022 and 2021

NOTE 1 — DESCRIPTION OF PLAN

The following description of the Experitec, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Experitec, Inc. (the Company) established the Plan effective October 1, 2017. The Plan includes all eligible employees of the participating employers. The Plan will operate as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Company appointed Argent Trust Company as the trustee of the Plan.

The Plan financed the purchase of 100,000 shares of the Company's common stock and holds it in the trust established under the Plan. The Plan has an outstanding loan with Experitec Holdings, Inc., parent of the Company.

The loan is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lenders have no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP.

Accordingly, the financial statements of the Plan as of and for the years ended September 30, 2022 and 2021, present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with rights in allocated common stock (allocated), and
- b. common stock not yet allocated to employees (unallocated).

Eligibility

Employees that have at least one year of service and reached 21 years of age, excluding leased employees and those covered by a collective bargaining agreement, are eligible to participate in the Plan. Employees may enter the Plan on October 1 and April 1 after meeting the eligibility requirements. The employee must be employed at the end of the Plan year and worked 1,000 hours during the Plan year to be eligible for contributions.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. The Company's contribution is allocated to participants based on eligible compensation. Employee contributions are not permitted.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to retirement, disability or death, participants may elect to receive an amount equal to the value of the vested interest in their accounts in either a lump-sum amount or in substantially equal installments over a period not to exceed five plan years, depending on the size of the participant's account balance at the time of termination. Participants are fully vested upon retirement, death, or disability.

Participants with a vested account balance of less than \$5,000 must take a lump-sum distribution. The account of a participant with a vested account balance between \$1,000 and \$5,000 who does not request distribution will be paid directly to an individual retirement arrangement selected by the ESOP Committee.

For vested account balances greater than \$5,000, no distributions will be made prior to the time that the acquisition loan discussed in Note 5 is paid in full, unless the participant has attained age 65. After that time, participants with a vested account balance greater than \$5,000 and less than \$25,000 shall receive distribution in substantially equal payments over five years, unless the participant elects to receive it in a lump sum. Participants with a vested account balance greater than \$25,000 shall receive their distribution in substantially equal payments over five years. Participants who have account balances in excess of \$1,105,000 will receive their distributions over 5 years plus one additional year for each \$220,000 that the value of the participant's account exceeds \$1,105,000.

Administrative Expenses

All expenses of the Plan shall be paid by the Plan, to the extent permissible under ERISA, unless the Company pays such expenses. If there is not sufficient cash in the trust to pay such expenses, then the Company will pay such expenses.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Company prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee shall vote any unallocated shares as directed by the ESOP Committee.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Vesting

Vesting in the contributions and earnings thereon is based on years of service beginning on October 1, 2017, as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. A participant has two 60-day time periods during which to sell such shares to the Company at the appraisal value then in effect.

Right of First Refusal

Each share of Experitec stock distributed from the ESOP will be subject to a first refusal right. The first refusal right provides that prior to any sale of Experitec stock which is not publicly traded at that time, the participant must first offer the stock which he or she wishes to sell to the Company at the greater of 1) the appraisal value then in effect for the stock, or 2) the same purchase price and on the same terms as a bona fide offer made by a third party.

Investment Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. For participants who elect to diversify, the shares will be replaced with cash equal to the value of the shares and the proceeds may either be transferred to another tax-qualified retirement plan maintained by the Plan Sponsor or distributed as a cash payment. The election to diversify is made subsequent to year end based upon the shares of employer stock in the participant's account at year end.

Forfeitures

Forfeitures of terminated account balances are either used to pay plan expenses or are allocated to the remaining participants on the same basis as Company contributions. Forfeitures of \$125,306 and \$46,663 were allocated among participants during the years ended September 30, 2022 and 2021, respectively.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

Subsequent events were evaluated through April, 25, 2023, which is the date the financial statements were available to be issued.

Estimated fair value	<u>\$ 2,789,413</u>	<u>\$ 9,410,587</u>	<u>\$ 1,935,378</u>	<u>\$ 7,797,622</u>

NOTE 4 — FAIR VALUE MEASUREMENTS

The Plan determines the fair values of its financial instruments based on the fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Financial instruments are considered Level 1 when valuation can be based on quoted prices in active markets for identical assets or liabilities. Level 2 financial instruments are valued using quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data of substantially the full term of the assets or liabilities. Financial instruments are considered Level 3 when their values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable and when determination of the fair value requires significant management judgment or estimation.

Following is a description of the valuation methodologies used for assets measured at fair value.

Experitec, Inc. Common Stock: Valued at fair value using the independent appraisal of third-party appraisers who utilized market and earnings valuation approaches. The appraiser's inputs included historical and projected cash flow and net income, return on assets, and market multiples for similar companies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investments at Fair Value as of September 30, 2022			
	Level 1	Level 2	Level 3	Total
Experitec, Inc. Common Stock	\$ -	\$ -	\$ 12,200,000	\$ 12,200,000

	Investments at Fair Value as of September 30, 2021			
	Level 1	Level 2	Level 3	Total
Experitec, Inc. Common Stock	\$ -	\$ -	\$ 9,733,000	\$ 9,733,000

The following table provides a summary of changes in the fair value of the Plan's Level 3 assets:

	Common Stock	
	2022	2021
Balance, Beginning of Year	\$ 9,733,000	\$ 7,779,000
Stock Appreciation	2,467,000	1,954,000
Balance, End of Year	\$ 12,200,000	\$ 9,733,000

Stock appreciation is included in net appreciation in the fair value of investments in the statements of changes in net assets (deficit) available for benefits.

NOTE 5 — LOAN PAYABLE

The Plan has a loan agreement with Experitec, Inc. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. During the years ended September 30, 2022 and 2021, 2,979 and 2,977 shares were released and allocated to participants, respectively. The loan is payable in thirty annual payments of principal and interest at 3.31%.

EXPERITEC, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTE 5 — LOAN PAYABLE (Continued)

Maturities of the loan are as follows:

Year Ending <u>September 30,</u>	
2023	\$ 240,987
2024	382,382
2025	396,351
2026	409,471
2027	423,024
Thereafter	<u>12,857,705</u>
	<u>\$ 14,709,920</u>

NOTE 6 — PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, The Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

NOTE 7 — TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated January 14, 2020, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Plan management believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 — RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in common stock of the Company, which is a related party and as described in Note 1. The Plan has several service providers and such parties are parties-in-interest under ERISA.

EXPERITEC, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2022 and 2021

NOTE 9 — RISKS AND UNCERTAINTIES

The Plan's investments consist of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the values of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets (deficit) available for benefits.
