Independent Auditor's Report

To the Plan Administrators of
the Lee Lewis Construction 401(k) Plan
Lubbock, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Lee Lewis Construction 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Lee Lewis Construction 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1: Plan Description

The following description of the Lee Lewis Construction 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a contributory, defined contribution plan covering substantially all employees of Lee Lewis Construction, Inc. (the Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility. Employees of the Sponsor are eligible to participate in the Plan after completing one year of employment, provided they are at least 21 years of age. Plan entry dates are on the first day of the calendar quarter coinciding with or next following satisfaction of the eligibility requirements.

Contributions. Under the Plan, both participants and the Sponsor are allowed to make contributions. Participant contributions are subject to certain annual limitations. Participants may change their contributions on either the Plan entry date or the first day of any subsequent calendar quarter.

The Sponsor makes safe harbor matching contributions to the Plan on behalf of eligible participants equal to 100% of the first 3% of compensation that each participant contributes, plus 50% of the next 2% of compensation contributed to the Plan. The Sponsor may also make discretionary nonelective contributions to the Plan, as determined annually. The Sponsor did not make any nonelective contributions to the Plan in 2021 or 2020.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of the Sponsor's contributions, as well as the investment earnings or losses thereon, and allocations of administrative expenses. Any Sponsor nonelective contributions are allocated pro rata based on participant compensation.

Participant Loans. Participant loans are not permitted by the Plan.

Vesting. Participants are always vested in their contributions and the employer safe harbor contributions, including the earnings thereon. Participants vest in the Sponsor's nonelective contributions (if any, including the earnings thereon) at a rate of 20% per year following two years of employment, such that the participant is fully vested in such contributions following six years of employment.

Payment of Benefits. On termination of service due to death, disability, retirement, or for other reasons, the participant or their beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. The Plan permits in-service and hardship withdrawals under certain conditions.

Forfeitures. Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. As permitted by the Plan, forfeitures are utilized to reduce future Sponsor contributions or to pay administrative expenses of the Plan. There were no forfeitures for the years ended December 31, 2021 and 2020.

Amendment or Termination. Although they have no intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would automatically become fully vested.

Note 2: Summary of Significant Accounting Policies

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), including specialized industry practices as specified in the American Institute of Certified Public Accountants audit and accounting guide titled *Audits of Employee Benefit Plans*.

Notes to Financial Statements
December 31, 2021 and 2020

Note 2: Summary of Significant Accounting Policies (continued)

Use of Estimates. Financial statements prepared in conformity with GAAP require management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Values. Investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payments of Benefits. Benefits are recorded when paid.

Administrative Costs. Certain administrative services and the use of office fixtures and equipment are provided to the Plan by the Sponsor, with no provision for these costs included in the accompanying financial statements. These costs were not significant for the years ended December 31, 2021 and 2020. All other administrative expenses are recognized when incurred.

Prohibited Transactions. A "party-in-interest" is a fiduciary or employee of the Plan, any person who provides services to the Plan, the Sponsor or an employee association whose members are covered by the Plan, a person who owns 50 percent or more of the Sponsor or such employee association or relatives of such person just listed. Under ERISA, a Plan fiduciary is prohibited from causing the Plan to engage in the following transactions with a party-in-interest, with certain conditional exemptions provided by ERISA:

- A sale, exchange, or lease of property;
- A loan or other extension of credit;
- The furnishing of goods, services, or facilities;
- A transfer of plan assets to a party-in-interest for the use or benefit of a party-in-interest; or
- An acquisition of employer securities or real property.

A fiduciary is also generally prohibited from using the Plan's assets for his or her own interest or account, acting in any Plan transactions on behalf of a party whose interests are adverse to those of the Plan or its participants and receiving consideration for his or her own account from a party dealing with the Plan in connection with a transaction involving the Plan's assets.

The Plan did not engage in any prohibited transactions for the years ended December 31, 2021 and 2020.

Tax Status. The Internal Revenue Service (IRS) has issued an opinion letter determining that the prototype standardized plan is acceptable under Section 401 of the Internal Revenue Code (the Code). It is not a ruling or determination as to whether the Plan itself qualifies under Section 401(a) of the Code. However, an employer adopting the prototype non-standardized plan may rely on the opinion letter with respect to the qualification of its plan under Code section 401(a).

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended since receiving the opinion, the plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Note 2: Summary of Significant Accounting Policies (continued)

Tax Status (continued). GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3: Data Prepared and Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity).

	<u>2021</u>	<u>2020</u>
Mutual funds	\$ 13,898,325	\$ 12,082,788
Money market fund	<u>432,909</u>	<u>428,311</u>
	<u>\$ 14,331,234</u>	<u>\$ 12,511,099</u>

For the years ended December 31, 2021 and 2020, Fidelity has also certified the completeness and accuracy of the net appreciation in fair value of the Plan's investments totaling \$184,866 and \$942,548, respectively, and interest and dividend income totaling \$1,323,313 and \$691,808, respectively. Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 4: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	<u>2021</u>		
	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Mutual funds	\$ 13,898,325	\$ –	\$ 13,898,325
Money market fund	<u>432,909</u>	<u>–</u>	<u>432,909</u>
Total	<u>\$ 14,331,234</u>	<u>\$ –</u>	<u>\$ 14,331,234</u>

	<u>2020</u>		
	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Mutual funds	\$ 12,082,788	\$ –	\$ 12,082,788
Money market fund	<u>428,311</u>	<u>–</u>	<u>428,311</u>
Total	<u>\$ 12,511,099</u>	<u>\$ –</u>	<u>\$ 12,511,099</u>

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of mutual funds and the money market fund are based on quoted net asset values of the shares held by the Plan at year end.

Notes to Financial Statements

December 31, 2021 and 2020

Note 5: Reconciliation of Financial Statements to Form 5500

The Form 5500 is a joint-agency form, developed by the IRS, the U.S. Department of Labor, and the Pension Benefit Guaranty Corporation, which may be used to satisfy the annual reporting requirements of the Code and Titles I and IV of ERISA. The Plan is required to file a Form 5500 annually, with audited financial statements enclosed. There were no reconciling items between the Form 5500 and the accompanying financial statements as of and for the years ended December 31, 2021 and 2020.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of such investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Subsequent Events Evaluation

Management has evaluated subsequent events through September 30, 2022, the date which the financial statements were available to be issued. No material subsequent events have occurred during this time which would require recognition in the financial statements or footnotes as of and for the year ended December 31, 2021.

To the Plan Administrators of
the Lee Lewis Construction 401(k) Plan
Lubbock, Texas

We have audited the financial statements of Lee Lewis Construction 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021, and we issued our report thereon dated September 30, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the Trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles (GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (GAAS), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 20, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period. In addition, the financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were noted in our audit of the Plan's financial statements as of and for the year ended December 31, 2021.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 30, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Consideration of Internal Control

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2021, in accordance with GAAS, we considered the Plan’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to the certified investment information held by the Trustee. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan’s financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DOL Audits

The DOL is continuing to audit a large number of employee benefit plans. Although the DOL may audit any area of the Plan for compliance, their current focus appears to be centered on these areas:

- **Recordkeeping** – As an employer sponsoring a retirement plan, you are required by law to keep your books and records available for review by the Internal Revenue Service (IRS). Having these records will also facilitate answering questions when determining participants' benefits. As a plan sponsor you should keep the plan and trust document, recent amendments, and determination and approval letters. You should also keep trust records such as investment statements, balance sheets, and income statements, and participant records such as census data, account balances, contributions and earnings, loan documents and information, compensation data and participant statements and notices. You should keep retirement plan records until the trust has paid all benefits and enough time has passed that the plan won't be audited. The Internal Revenue Code, Income Tax Regulations and ERISA require plan sponsors to keep records of these transactions because they may become material in administering pension law.
- **Forfeitures** – Unallocated forfeitures should be disposed of in a timely manner. At least annually, forfeitures should be evaluated and used appropriately to ensure compliance with the plan document.
- **Timely Remittances of Deposits** – DOL regulations require employee contributions and participant loan repayments withheld from the employees' wages by the employer be remitted to the Plan at the earliest date that the assets can be reasonably segregated from the employer assets. Failure to remit employee contributions and loan repayments violates the fiduciary responsibilities imposed by ERISA. The DOL does not have a bright line number of days; however, they have consistently taken the position the employee contribution and loan repayments should be remitted similar to the time that the employer pays the payroll taxes each month. Accordingly, our strong recommendation is such remittances to the Plan are made on the same day the company's payroll taxes are remitted.
- **Fee Analysis** – What fees are being paid by the Plan, in particular, the fees paid by each individual investment (i.e., by each mutual fund, etc.) held by the Plan, whether such fee is paid directly by the fund or netted against the fund earnings.
- **Participant Education** – Are the Plan administrators and trustees providing periodic education to the participant so knowledgeable decisions may be made by the participants? Making education available to all participants on at least an annual basis is expected by the DOL.
- **Annual Meeting of Plan Trustees and Administrators** – At least annually, the Plan trustees and administrators should meet to discuss various aspects of the benefit plan, including a discussion of administrative and investments offered by the Plan; changes in laws and regulations; and the general environment surrounding the Plan sponsor and the Plan itself. This meeting should be documented in formal minutes maintained in the permanent files of the Plan.

This information is intended solely for the use of the trustees, administrators and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Robinson Burdette
Martin & Seright, L.L.P.
