INDEPENDENT AUDITOR'S REPORT

Plan Administrator and participants of
Emmis Operating Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Emmis Operating Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Emmis Operating Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment

information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Emmis Operating Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Emmis Operating Company 401(k) Plan's ability to continue as a going concern for a period one year beyond the date that the accompanying financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with

respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Emmis Operating Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Emmis Operating Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to and derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emmis Operating Company 401(k) Plan
Notes to Financial Statements
December 31, 2022

1. Description of the Plan

The following description of the Emmis Operating Company 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is administered by Emmis Operating Company (Company or Plan Administrator). The purpose of the Plan is to provide retirement income and other benefits to eligible employees of the Company. Employees who have at least 30 days of service and are 18 years of age or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is a contributory, defined-contribution plan. Participants may contribute up to 50% of annual compensation, as defined in the Plan document, limited to a maximum as established by the Internal Revenue Service (IRS). Eligible employees hired on or after March 1, 2008 are automatically enrolled in the Plan at a three percent deferral rate if they do not elect to participate or opt out within the specified period of time. Once automatically enrolled, the participant's deferral rate increases by one percent annually until a ten percent deferral rate is reached. Participants may also contribute amounts representing qualified rollovers from other qualified plans. Participants direct the investment of their contributions into various investment funds offered by the Plan.

The Company may make discretionary matching contributions to the Plan in the form of cash. Effective January 1, 2016 and thereafter, matching contributions to the Plan were ceased until further notice.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Employees whose hire date occurred on or after March 1, 2003, are not 100% vested in the Company contributions until after completion of one year of service. All participants whose hire date was prior to March 1, 2003 are 100% vested immediately in the Company contributions.

Emmis Operating Company 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

Expenses related to the Plan may be paid for by either the Plan or the Company. Participant accounts are charged fees for certain participant initiated transactions. Certain investment related expenses are included in net depreciation in fair value of investments.

Participant Accounts

Each participant's account is credited with the participant's contributions, qualified rollovers, and Plan earnings. The benefit to which a participant is entitled equals the participant's vested account balance. Forfeited balances of terminated participants' nonvested accounts are usually used to reduce future Company contributions. The forfeiture account balance consists of forfeited non-vested accounts and unclaimed checks. At December 31, 2022 and 2021, the forfeiture account balance was \$4,503 and \$5,190, respectively. During the year ended December 31, 2022, funds from the forfeiture account were used to re-issue unclaimed checks. As of December 31, 2022, there are re-issued unclaimed checks of approximately \$4,500 outstanding.

Payment of Benefits

Benefits generally are distributed on the participant's termination of employment with the Company, normal retirement, disability retirement, or death. Benefits are payable in a lump-sum distribution unless otherwise elected by the participant.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. Loans typically do not exceed five years unless the participant used the loan proceeds to acquire his principal residence. Loans are secured by the balance of the participant's account and bear interest fixed at 1% above prime on the loan origination date. Principal and interest payments are made through payroll deductions.

Partial Plan Termination

Emmis Corporation (parent company formerly known as Emmis Communications Corporation) sold its Indianapolis Radio stations to Urban One in August 2022 and Indianapolis Monthly Magazine to Hour Media in December 2022. The termination of employees who were eligible for the participation in the Plan that occurred with the divestitures represents a partial termination of the Plan. All affected plan participants were reviewed and determined to be already fully vested in their accounts upon divestiture (termination) date.

2. Significant Accounting Policies

Use of Estimates and Basis of Accounting

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States.

Valuation of Investments and Investment Income

Investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for further information.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan Administrator has evaluated subsequent events through April 27, 2023, the date the Financial Statements were available to be issued.

Emmis Operating Company 401(k) Plan
Notes to Financial Statements (continued)

3. Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2022 and 2021, and notes receivable from participants as of December 31, 2022 and 2021, and net depreciation in fair value of investments, interest income and investment income for the reporting year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Bank of America, N.A., the trustee.

4. Fair Value Measurements

Fair Value Measurements and Disclosures, FASB ASC 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at quoted market prices which represent the net asset values of shares held by the Plan at year-end.

Emmis Operating Company 401(k) Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. Plan Termination

The Company has not expressed any intent to terminate the Plan but has the option to do so at any time subject to the provisions of ERISA. Upon termination, participants will become 100% vested in their accounts.

6. Income Tax Status

Effective January 1, 2022, the Plan was amended and restated using a Merrill Lynch, Pierce, Fenner & Smith Inc. Defined Contribution Pre-Approved Plan. The primary objective of the amendment and restatement was to adopt the updated provisions of the underlying plan as most recently opined on by the IRS. The underlying Merrill Lynch, Pierce, Fenner & Smith Inc's non-standardized pre-approved profit sharing/money purchase/CODA plan has received an opinion letter from the IRS dated June 30, 2020 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code), and therefore the related trust is tax exempt. In accordance with Revenue Procedure (Rev. Proc.) 2017-41, 2017-29 I.R.B. 92, the Company has determined that it is eligible to and has chosen to rely on the IRS opinion letter dated June 30, 2020. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax exempt.

6. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party and Party-In-Interest Transactions

ProCourse Fiduciary Advisors, LLC serves as an ERISA Section 3(38) Investment Manager of the Plan.

Some fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment.
