Independent Auditors' Report

To the Trustees of
Siddons Martin Emergency Group 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Siddons Martin Emergency Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Siddons Martin Emergency Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Siddons Martin Emergency Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Siddons Martin Emergency Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Siddons Martin Emergency Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Siddons Martin Emergency Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Delinquent Participant Contributions – Schedule H, line 4a for the year ended December 31, 2021, and the supplemental schedule of Schedule of Assets Held for Investment Purposes at End of Year – Schedule H, line 4i as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Trustees of
Siddons Martin Emergency Group 401(k) Plan
Houston, Texas

We were engaged to audit the accompanying statement of net assets available for benefits of Siddons Martin Emergency Group 401(k) Plan (the "Plan") as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the Plan administrator that trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A. Description of Plan

The following description of the Siddons Martin Emergency Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan originally effective January 1, 2005, covering substantially all employees of Siddons Martin Holding, Inc. and its wholly-owned affiliates (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The impact of the COVID-19 global pandemic continues to evolve, and its future effects on the Plan's statements of net assets available for plan benefits and statements of changes in net assets available for plan benefits remain uncertain. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility.

Plan Amendments – Effective January 1, 2021, the Plan was amended and restated in its entirety to conform to the requirements of the current IRS remedial amendment cycle. The restatement did not have a significant impact on the Plan's financial statements.

Eligibility – Employees of the Company who are at least age 21 and have completed one year of eligibility service and who are not members of a collective bargaining unit or a nonresident alien, are eligible to participate in the Plan. Leased employees, independent contractors, seasonal, and temporary employees are not eligible to participate in the Plan.

Contributions – Participants may elect to make salary deferral contributions into the Plan, up to the maximum amounts allowed by law. If after receiving a notice from the Plan Administrator, eligible Participants do not make an elective deferral contribution election they will be deemed to have made an elective deferral contribution election in the amount of 1% of eligible compensation. Participants may also designate some or all of their contributions as an after-tax Roth contribution, subject to certain limitations. Participants, who have attained age 50 before the end of the Plan year may make catch-up contributions. Rollover contributions are allowed subject to conditions set forth in the Plan.

The Company contributes a safe harbor matching contribution of 100% of each participant's elective deferrals up to 3% of the participant's eligible compensation, plus 50% of each participant's elective deferrals between 3% and 5% of the participant's eligible compensation. The Plan is entirely participant directed. Participants may change their contribution rates at the beginning of each payroll period and investment options at any time.

Participant Accounts – Each participant's account is credited with the participant's contributions, Company matching contributions, and allocations of investment earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A. Description of Plan (continued)

Vesting – Participants are at all times fully vested in their salary deferrals, rollover contributions plus actual earnings thereon and safe harbor matching contributions and related appreciation or depreciation thereon. If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in any profit-sharing contribution account balances in his or her account based on total years of service with the Company as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years, but less than 3	20%
3 years, but less than 4	40%
4 years, but less than 5	60%
5 years, but less than 6	80%
6 years or more	100%

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump sum cash payment, or installment payments. Terminated employees with a vested balance less than \$1,000 shall receive a lump sum distribution directly in cash. If the value of the Participant's vested account balance exceeds \$1,000 but does not exceed \$5,000, the Participant's vested account will be distributed from the Plan. Participants may either elect to receive this distribution in cash or roll over the distribution to an individual retirement account (IRA) or the qualified plan of their new employer. The Plan also allows for in-service (age 59 ½) and hardship withdrawals from a participant's pre-tax elective deferral or rollover account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account or other security which the advisory committee accepts. Loans bear interest at a reasonable rate as determined by the Plan administrator. The maximum note term is five years unless the note qualifies as a home loan, in which case the term of the note is not to exceed fifteen years. Principal and interest is paid ratably through payroll deductions. The interest rates on participant loans range from 4.25% to 6.50%, with various maturities through August 2034.

Forfeited Accounts – At December 31, 2021 and 2020, there were no forfeited non-vested accounts.

Note B. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties – Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investments – Investments are stated at fair value as certified by the Plan's trustee, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments in pooled separate accounts, common collective trusts, and mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – The Company generally pays all of the administrative expenses of the Plan except for administrative expenses incurred in conjunction with certain participant requested services such as early withdrawals and loan distributions (which are paid by participants).

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Plan and the IRS are recorded as a liability with a corresponding reduction to contributions.

Note C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset' or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds – Valued at the net asset value ("NAV") based on information reported by the trustee with reference to the market value of the trust's underlying assets at year end. The common collective trusts are audited annually. The Principal LifeTime Hybrid is a collective investment trust. A CCT primarily owns investment contracts that invest in conventional, synthetic, and separate account investment contracts issued by life insurance companies, banks and other financial institutions. The CCTs are valued at the NAV as provided by the trustee/administrator of the funds. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and then divided by number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note C. Fair Value Measurements (continued)

Pooled Separate Accounts – The pooled separate accounts invest mainly in mutual funds, stocks and fixed income securities that are actively traded with publicly quoted pricing inputs. These accounts are valued using the net unit value, which is based on the fair value of the underlying assets of the account. Redemptions may occur on a daily basis. The use of net unit value as fair value is deemed appropriate as the pooled separate accounts do not have a finite life, unfunded commitments relating to investments, or restrictions on redemptions.

The preceding methods described may produce a fair value calculation that may not be indicative of the amount realized upon disposition. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

The following tables set forth by level and major categorization within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2021	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 1,001,066	\$ -	\$ -	\$ 1,001,066

Mutual funds	\$ 641,681	\$ -	\$ -	\$ 641,681
Pooled separate accounts	-	256,270	-	256,270
Total	\$ 641,681	\$ 256,270	\$ -	\$ 897,951
Investments measured at NAV:				
Common collective trust funds (a)				7,331,837
Total investments				\$ 8,229,788

(a) Certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note C. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured based on NAV per share practical expedient as of December 31, 2021 and 2020. It is possible that the redemption rights may be restricted or eliminated in the future.

(a) The investment objective of these funds seek a total return consisting of long-term growth of capital and current income. To pursue its goal, the Target Date Fund generally invests in affiliated open-ended mutual funds, insurance company separate accounts, unaffiliated mutual funds, and unaffiliated collective trust funds that Principal Trust considers appropriate based on the remaining time horizon of a particular Target Date Fund.

Note D. Investment Contract with Principal Life Insurance Company (PLIC)

The Plan invests in a group annuity contract with a fixed rate of interest. In accordance with ASC Subtopic 820-10, this investment is presented in the financial statements at its contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

In May 2020, the Plan added the Principal Fixed Income Guaranteed Option ("PFIGO") which is a benefit-responsive group annuity contract issued by PLIC. Under the terms of the contract, the crediting rate is reset on a semiannual basis. There was no minimum crediting rate. The PFIGO investment option crediting rate rests semiannually at December 1st and June 1st. The PFIGO is a group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contracts. The interest rate history for the contract is as follows:

<u>Crediting Rate History</u>	<u>Percentage</u>
January 1 - May 31, 2021	1.60%
June 1 - November 30, 2021	1.55%
December 1 - December 31, 2021	1.55%

By definition, a group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Interest is credited to the guaranteed interest fund on a daily basis from the date deposits are accepted until paid, transferred or applied in full. Fees may be paid in one of the following three ways: by being netted from the effective annual interest rate; by being paid separately by the Plan sponsor; or by being deducted from the guaranteed interest fund.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Benefit payments are deducted from the value of the guaranteed interest fund to the extent that the composite value is sufficient to make such payments. Payments and transfers are made in full within 3 business days after the date payment or transfer has been requested. In the event that market conditions are such that it is determined that they will not allow for the orderly transfer or sale of financial instruments, up to an additional 30 days may be required to make such payments or transfers.

Note D. Investment Contract with Principal Life Insurance Company (PLIC) (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Pan to transact at contract value with the participants.

There are no circumstances that would allow PLIC to terminate the contract and settle at a value other than the contract value.

Note E. Party-In-Interest Transactions

The Plan's investment options include certain common collective trusts of Principal Trust Company affiliates. Principal Trust Company is the record keeper and trustee of the Plan's assets and, therefore, participant investments in mutual funds and common collective trusts within the Principal Trust Group qualify as party-in-interest transactions. Management fees paid for investment management services are charged directly to the mutual funds and common collective trusts by Principal Trust Company, and are reflected as a reduction of the return earned on each mutual fund. The Company provides administrative services and absorbs administrative costs of the Plan.

Note F. Tax Status

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter dated September 30, 2014, in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has amended since receiving the opinion letter, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC and that the related trust is therefore tax exempt. Accordingly, no provision for income taxes has been included in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

Note G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant shall receive a lump-sum distribution equal to the value of his or her account.

Note H. Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, has certified the completeness and accuracy of the information below.

- Participant directed investments and notes receivable from participants, reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020,
- Net appreciation in fair value of investments, interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021, and
- Investments reflected on the schedule of assets (held at end of year).

Note I. Non-Exempt Transactions

In 2021, the Company failed to remit certain employee deferral contributions and loan repayments for certain payroll periods within the timeframe prescribed by the Department of Labor. As of December 31, 2021, \$43,793 of the delinquent contributions were corrected and lost earnings of \$242 were remitted to the Plan.

Note J. Subsequent Events

The Plan has evaluated subsequent events that have occurred after the financial statement date of December 31, 2021, through the date the financial statements were available to be issued, October 17, 2022.
