Report of Independent Auditors

To the Administrator of Investment Company Institute Section 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Investment Company Institute Section 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020 and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America³, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance

and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from

and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Investment Company Institute Section 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. General Plan Description

The following brief description of the Investment Company Institute Section 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan is a defined contribution plan covering substantially all employees of the Investment Company Institute (the “Institute”). Established January 1, 1976, the Plan resulted from an amendment to the Investment Company Institute Employees’ Retirement Plan from which participants’ account balances were transferred. The Plan provides retirement and death benefits, and employees become eligible to participate in the Plan immediately upon hire. Employees become eligible to receive employer contributions, as discussed below, after completing 1,000 hours of service during a continuous 12-month period. The Employees’ Retirement Committee of the Institute controls and manages the operation and administration of the Plan. T. Rowe Price Trust Company serves as record keeper and trustee of the Plan and manages the Plan’s investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Effective January 1, 2007, the Plan contains provisions that meet the Internal Revenue Service (IRS) regulations for a Safe Harbor Plan. In September 2013, the Executive Committee of the Institute’s Board of Governors approved enhancements to the Plan. Effective January 1, 2014, the Plan includes a safe harbor 3% nonelective contribution and a safe harbor matching contribution on 100% of the first 2% of employee contributions. The Plan also includes a nonsafe harbor 3% nonelective contribution and a nonsafe harbor matching contribution of 100% of the next 4% of employee contributions. Participants may contribute up to 75% of their eligible compensation paid during the Plan year. Participants may elect to contribute up to a maximum amount per calendar year subject to IRS limitations, which was \$19,500 in 2021. Catch-up contributions up to a maximum of \$6,500 were allowed during 2021 under IRS regulations for participants who were age 50 or older. Roth after-tax contributions are permitted contributions under the Plan. Participants may designate all or a portion of their contributions as Roth contributions. Contributions to the Plan are subject to certain Internal Revenue Code (IRC) limitations. Contributions made by and on behalf of participants are made to a number of designated investment funds.

Effective January 1, 2014, the Institute may also make an additional nonsafe harbor nonelective contribution to eligible participants hired on or before December 1, 2012. For the year ended December 31, 2021, such contributions were \$404,399. These annual contributions are made after the end of the Plan year and are intended to close the gap between any potential benefits that would have been earned under the ICI Defined Benefit Plan, frozen for future benefit accruals at December 31, 2013 and terminated on November 3, 2020, and the benefits provided under the enhanced ICI 401(k) Plan as described above. Eligible participants must be employed on December 31 of the Plan year in order to receive these contributions, except in the event of death, disability or retirement.

Notes to Financial Statements

December 31, 2021 and 2020

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Institute's nonelective contributions, matching contributions, allocations of the Institute's discretionary contributions and Plan earnings. Each account is charged with the participant's withdrawals, Plan losses and management expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

On January 1, 2015, the Plan entered into an agreement with T. Rowe Price Trust Company, Inc. for a change to recordkeeping services whereby certain revenue received by T. Rowe Price in connection with certain Plan investment options is reimbursed to Plan participants who elect those investment options. On April 1, 2017, the recordkeeping agreement was amended to place all fee credits for eligible participants into a Fee Credits Account. This account is to be used only for the allocation of the fee credits to the eligible participants. For the year ended December 31, 2021, \$159,892 in such revenue sharing was allocated to participant accounts based on their account balances in those investment options and is included in Other income on the Statement of Changes in Net Assets Available for Benefits. As of December 31, 2021 and 2020, a receivable of \$42,139 and \$34,184, respectively, from the recordkeeper is included in Receivable from recordkeeper on the Statement of Net Assets Available for Benefits.

Voluntary Withdrawals

A participant may withdraw pretax and/or Roth contributions made to the Plan through a hardship withdrawal. Participants receiving a hardship withdrawal are not eligible to contribute to the Plan for six months following the receipt of the withdrawal. A participant in the Plan prior to February 1, 1997, that made after-tax contributions, may withdraw all or part of their after-tax voluntary contributions to the Plan. Also, after reaching the age of 59 $\frac{1}{2}$, a participant may withdraw all or part of their pretax and/or Roth contributions and earnings. A participant may also withdraw all or part of their rollover contribution account at any time. A participant is limited to one type of withdrawal in a calendar year. The minimum amount a participant may withdraw is the lesser of \$1,000 or the applicable account value. Hardship withdrawals are not subject to these limitations.

Vesting and Retirement Benefits

Participants in the Plan have a fully-vested and nonforfeitable interest in their voluntary contributions, plus actual earnings thereon. Effective January 1, 2014, a portion of the Institute's contribution, up to 5% of an employee's eligible compensation, will be immediately 100% vested, and the remaining amount of the Institute's contribution, up to 7% of eligible compensation, will be 100% vested after three years of service. Prior to January 1, 2014, and subsequent to June 1, 2006, participants were immediately 100% vested in the contributions made by the Institute. Upon termination of employment, participants are entitled to the vested portion of their retirement benefits. Participants may generally elect to receive a lump-sum amount equal to the value of their vested interest in their accounts. Participants hired prior to February 1, 1997 who do not elect to take a lump-sum benefit from the Plan may elect to receive their retirement benefits in the form of a monthly annuity.

Participants who leave the Institute with a balance of more than \$5,000 may roll the money over into another qualified plan or IRA account, or receive a direct payment after withholding applicable Federal and state taxes. The Plan may rollover directly into an IRA force-out distribution amounts in excess of \$1,000 and less than or equal to \$5,000 unless the participant elects otherwise. If the participant's balance is less than \$1,000, then a lump sum distribution is made less withholding of applicable federal and state tax.

Notes to Financial Statements

December 31, 2021 and 2020

Death and Disability Benefits

Upon the death of an active employee, a death benefit, equal to the current value of the employee's vested account balance, is paid to the employee's beneficiary. An employee who becomes totally disabled may elect to have the vested portion of their account distributed.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested per the same allocations as directed by the participants for their own contributions. The Plan currently offers a variety of mutual funds, including target-date retirements funds and a Stable Value Fund as investment options for participants.

Forfeitures

In accordance with the Plan's provisions, forfeitures of nonvested employer contributions are available to reduce the Institute's contributions to the Plan. In 2021, Institute contributions were reduced by \$12,538 from forfeited nonvested accounts. The forfeiture balance was \$0 as of December 31, 2021 and 2020.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

The T. Rowe Price Stable Value Fund is a common trust. The common trust principally invests in guaranteed investment contracts (GICs) issued by insurance companies; investment contracts issued by banks; synthetic investment contracts (SICs) issued by banks, insurance companies, and other issuers (collectively, investment contracts) and securities supporting such SICs; and other similar instruments which are intended to maintain a constant net asset value while permitting participant-initiated benefit-responsive withdrawals for certain events. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the reported net asset value. There are no unfunded commitments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments. Net appreciation (depreciation) consists of the realized gains or losses and the unrealized appreciation and/or depreciation on those investments.

Investment Company Institute Section 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates equal to the Wall Street Journal Prime rate plus 1%. All loans must be repaid within five years, except those that are used for the purchase of a principal residence, in which case the loan repayment period may not exceed ten years. Repayment of the loan will be made through after-tax payroll deductions. At December 31, 2021, interest rates ranged from 4.25% to 6.50%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Risks and Uncertainties

The Plan utilizes investment instruments, including mutual funds and a common collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, and increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Administrative Expenses

As provided in the Plan document, operating expenses, including investment management fees, are paid by the Plan participants. Miscellaneous administrative expenses of the Plan, such as audit fees and attorney fees, are paid by the Plan Sponsor.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of reporting compliance permitted by 29 CFR 2520.103-5(d) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, T. Rowe Price Trust Company, as trustee, has certified that investments at fair value of \$152,351,599 and \$135,651,135, notes receivable from participants of \$313,372 and \$283,349 as of December 31, 2021 and 2020, respectively, as well as net appreciation of \$7,473,580 in the fair value of investments, dividend and interest income of \$11,600,801, and interest income on notes receivable from participants of \$17,157 as reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021 are complete and accurate.

Investment Company Institute Section 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Fair Value Measurements

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020, nor have there been transfers between levels.

Mutual funds: Valued at the daily net asset value ("NAV") of shares held by the Plan at year end. The mutual funds are considered actively traded.

Common trust: Valued based on information reported by the investment advisor using the audited financial statements of the common trust at year end (Note 2).

Notes to Financial Statements

December 31, 2021 and 2020

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$144,775,909	\$ -	\$ -	\$144,775,909
Investments measured at net asset value ^(a)				7,575,690
Total investments at fair value	\$144,775,909	\$ -	\$ -	\$152,351,599

Assets at Fair Value at December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$128,764,334	\$ -	\$ -	\$128,764,334
Investments measured at net asset value ^(a)				6,886,801
Total investments at fair value	\$128,764,334	\$ -	\$ -	\$135,651,135

- (a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value Measurements of the Investments in Certain Entities That Calculate Net Asset Value Per Share

Reporting entities are permitted, as practical expedient, to measure the fair value of an investment on the basis of the NAV per share of the investment if the NAV is calculated in a manner consistent with measurement principles. The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively.

	2021	2020	Redemption Frequency	Trade to Settlement Terms (If Currently Eligible)
Common trust ¹	\$ 7,575,690	\$ 6,886,801	Daily, pending market conditions	1 to 3 days

- (1) This category represents investments in a Stable Value Common Trust Fund. Investments are valued at NAV. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. This fund has daily liquidity and is not subject to any redemption restrictions at the measurement date, unless a withdrawal of the Plan's assets in the fund has been requested, which required either a 12- or 30-months advanced written notice to the trustee prior to redemption.

Investment Company Institute Section 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

5. Federal Income Tax Status

The IRS has determined and informed the Institute by a letter dated March 5, 2018, that the Plan was designed in accordance with applicable Internal Revenue Code (IRC) requirements. Therefore, no provision for incomes taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress, therefore, no provision for income tax has been included in the Plan's financial statements. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2018.

6. Plan Termination

Although it has not expressed any intention to do so, the Institute has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of termination, each participant would be 100% vested in the Institute contributions.

7. Related Party and Party-In-Interest Transactions

The Plan is invested in shares of mutual funds and a common trust fund managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee of the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments. Further, the Plan has a revenue sharing arrangement with T. Rowe Price, as disclosed in Note 1.

8. Subsequent Events

For purposes of these financial statements, subsequent events were evaluated through August 11, 2022, the date of issuance of the financial statements. There were no material subsequent events in addition to the one disclosed below.

Effective January 1, 2022, the Institute adopted a restatement of the Plan in the form of updated, pre-approved plan documents from T. Rowe Price Retirement Plan Services, Inc.
