Independent Auditors' Report

To the Plan Administrator of the
403(b) Thrift Plan for Employees of PARC, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of 403(b) Thrift Plan for Employees of PARC, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2022 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of September 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated March 25, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements; and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

403(B) THRIFT PLAN FOR EMPLOYEES OF PARC, INC.

Notes to Financial Statements

September 30, 2022 and 2021

(1) Summary of Significant Accounting Policies

(a) Accounting Basis

The financial statements of 403(b) Thrift Plan for Employees of PARC, Inc. (the “Plan”) are presented on the accrual basis.

(b) Financial Accounting Standards

The Financial Accounting Standards Board (“FASB”) has issued authoritative guidance establishing two levels of U.S. generally accepted accounting principles (“GAAP”) - authoritative and nonauthoritative - and making the Accounting Standards Codification (“ASC”) the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission. This guidance has been incorporated into ASC Topic 105, *Generally Accepted Accounting Principles*.

(c) Valuation of Investments

The Plan has adopted the FASB guidance regarding *Fair Value Measurement* as codified in FASB ASC Topic 820, which provides a common definition of fair value, establishes a framework for measuring fair value under U.S. generally accepted accounting principles and requires additional disclosures about fair value measurements.

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The Plan’s investments in pooled separate accounts consist solely of investments in mutual funds registered with the Securities and Exchange Commission. The fair value of participation units in the insurance company pooled separate accounts owned by the Plan are based upon redemption values quoted on a daily basis.

The Plan’s insurance company general account investment is valued at contract value, as estimated by Mutual of America Life Insurance Company (“MOA”), which represents contributions made under the contract, plus interest at the contract rate, less the sum of funds used to pay retirement benefits and administrative expenses. At September 30, 2022 and 2021, the fair value of the general account approximates its contract value.

(d) Payment of Benefits

Benefits are recorded when paid.

(1) Summary of Significant Accounting Policies - Continued

(e) Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes therein during the period. Actual results could differ from those estimates.

(2) Description of Plan

The following description of the Plan is provided for general information purposes. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees. The Plan provides retirement and death benefits to eligible participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan sponsor, PARC, Inc. (the "Organization") amended the name of the Plan effective July 1, 2012 to 403(b) Thrift Plan for Employees of PARC, Inc.

Effective October 1, 2019, the Plan was amended to reduce the minimum age requirement for eligibility from 21 to 18 and to allow for mandatory distributions of a terminated participant's vested account with a balance of \$5,000 or less.

(b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation limited by the maximum amount allowable by law. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Organization (employer) will contribute to the Plan an amount of matching contribution equal to the lesser of 50% of a participant's salary deferral contribution or 1% of the participant's compensation received during the plan year. The Organization's matching contribution is also invested as directed by participants.

The Plan includes an automatic salary deferral contribution provision. The salary deferral amount contributed on behalf of each participant will be 2% of their compensation with no automatic increases. The Plan allows new hires to opt out from the automatic enrollment under certain circumstances in their first 30 days of employment. There is no provision for 90-day opt-out withdrawals.

(2) Description of Plan - Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Organization's matching contribution and an allocation of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in employer discretionary matching contributions plus actual earnings thereon based on years of service. Pursuant to the Plan, a participant becomes 25% vested after two years of credited service, 50% vested after three years of service, 75% vested after four years of service and 100% vested after five years of service.

(e) Forfeitures

Non-vested employer contributions that are forfeited are retained in the Plan and reduce future employer contributions or are used to pay certain expenses of the Plan. For the year ended September 30, 2022, forfeitures of \$3,993 were applied to reduce employer contributions. There were \$92 of unallocated forfeitures remaining in the Plan at September 30, 2022 and \$198 unallocated forfeitures remaining in the Plan at September 30, 2021.

(f) Payment of Benefits

The Plan provides for the payment of benefits in the form of either a single lump sum payment or in installments as defined in the Plan under the specified payments option, upon termination, retirement, death, or disability. Financial hardship withdrawals are also permitted.

(g) Participant Loans

Loans are available to participants through MOA, subject to certain limitations. Plan loans are issued directly from the funds owned by MOA, and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's MOA Interest Accumulation Account balance (a general obligation of MOA) is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. See Note 6 for discussion of the MOA general account. For active loans, investments equal to 120% of the outstanding loan amount are reflected in the statements of net assets available for plan benefits and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the statements of net assets available for plan benefits until a distribution event occurs.

At September 30, 2022 and 2021, participants had outstanding plan loan balances due to MOA of \$34,543 and \$34,125, respectively.

(3) Income Tax Status

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (“IRS”). The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended September 30, 2019.

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the “Code”). The terms of the Plan have been prepared to conform with the sample language provided by the IRS. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

(4) Information Certified by Mutual of America

The following is a summary of the unaudited information regarding the Plan, included in the Plan’s financial statements, that was prepared by or derived from information prepared by MOA, insurance company contract issuer, as of September 30, 2022 and 2021 and was provided to the plan administrator. The plan administrator has obtained a certification from MOA that the information is complete and accurate as of September 30, 2022 and 2021 and for the year ended September 30, 2022:

	<u>2022</u>	<u>2021</u>
Statements of net assets available for benefits:		
Insurance company general account	\$ 470,334	507,702
Insurance company pooled separate accounts	2,017,743	2,105,726
Statement of changes in net assets available for benefits:		
Interest income on general account deposits	2,131	n/a
Net depreciation in fair value of separate account investments	418,647	n/a

MOA’s certification also covers all information included in Note 5 and all information presented in the accompanying supplemental schedule of assets (held at end of year).

(5) Fair Value Measurements

The *Fair Value Measurement* topic of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the *Fair Value Measurement* topic are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021.

Insurance Company Investment Contract - Pooled Separate Accounts: Valued at the net asset value ("NAV") of units held by the Plan as provided by the insurance company. The NAV is based on the underlying investments owned by the pooled separate account. The NAV is determined and published based on the value at which the underlying mutual fund shares are actively traded. There are no unfunded commitments. The redemption frequency is daily. The redemption notice period is one day.

As described in Note 6, the MOA Investment Contract - General Account is considered a cash equivalent and as such is not presented in the fair value tables below. The MOA General Account balance at September 30, 2022 and 2021 was \$470,334 and \$507,702, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(6) Contract with Insurance Company

General Account

The Organization entered into a deposit administration group annuity contract with MOA to which contributions under the Plan are made. Participants can elect to invest amounts allocated to their accounts in a general account maintained by MOA. The general account is considered a cash equivalent as it presents the following characteristics: (1) there are no front-end or back-end charges, so the investments in the general account are completely liquid; (2) the interest rate credited is a current rate and is not dependent on the length of time assets are invested with MOA; (3) withdrawals can be made at any time and are processed on the day the request is received; and (4) the published value is the redeemable value of the fund as there are no deferred sales charges, load assessments or interest rate adjustments that would affect the value as a result of the withdrawal.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate (1.60% at September 30, 2022) that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

Pooled Separate Account

Alternatively, participants may direct that all or a portion of their account balance be used to purchase units in various funds of the Mutual of America Pooled Separate Account. The Separate Account funds include a wide variety of managed portfolios, including registered investment companies. MOA does not guarantee the monies invested in the Separate Account as to principal or income. Benefit payments to participants or their beneficiaries are made directly by MOA from the funds accumulated under the contract.

(7) Party-in-Interest Transactions

The Plan's expenses are paid either by the Plan or the Organization, as provided in the plan document. Expenses that are paid directly by the Organization, such as professional fees and recordkeeping fees, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation in fair value of separate account investments presented in the accompanying statement of changes in net assets available for benefits.

Certain plan investments are shares of mutual funds managed by MOA, the issuer of the insurance contract, who also provides certain operating and administrative services to the Plan. As such MOA is considered to be a party-in-interest. Fees paid by the plan to MOA of \$2,480 for the year ended September 30, 2022 are considered to be party-in-interest transactions.

(8) Plan Termination

Although it has not expressed any intent to do so, PARC, Inc. has the right to amend, modify, suspend or terminate the Plan or contributions thereunder provided no such action shall adversely affect participants to the extent of their vested benefits subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain plan investments, it is at least reasonably possible that changes in the value of plan investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) Subsequent Events

The Plan evaluated subsequent events through April 21, 2023, the date the financial statements were available for issuance.
