OMB No. 1210-0110

2021

This Form is Open to Public Inspection

For calendar plan year 2021 or fiscal plan year beginning 01/01/2021 and ending 12/31/2021

A Name of plan
K&R OPERATING LLC 401(K) PLAN

B Three-digit plan number (PN) ▶ 001

C Plan sponsor's name as shown on line 2a of Form 5500
K&R OPERATING LLC

D Employer Identification Number (EIN)
61-1776960

Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

August 30, 2022

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of K&R Operating LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of K&R Operating LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of K&R Operating LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about K&R Operating LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of K&R Operating LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about K&R Operating LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules as listed in the accompanying index as of or for the years ended December 31, 2021 and 2020 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

K&R OPERATING LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1 – DESCRIPTION OF PLAN

The following description of the K&R Operating LLC (Company) 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution covering all employees of the Company except: union employees, leased employees, and non-resident aliens. Participants become eligible to participate in salary deferrals and employer matching contributions quarterly after meeting service requirements. The Company may also make a discretionary profit sharing contribution. Participants in the Plan prior to July 1, 2021 must be at least 18 years old and have completed two months of service and be actively employed on the last day of the Plan Year to be eligible for profit sharing unless a waiver is applicable. Effective July 1, 2021, participants must be at least 18 years old and have completed 6 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100 percent of total compensation and bonuses as either pre-tax or Roth 401(k) deferrals up to the IRS maximum limits, as defined in the Plan. Participants aged 50 or older may make additional catch-up contributions. In addition to the safe harbor match, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Each year, the employer shall contribute an amount equal to 100% of the participant's deferrals up to 4% of the participant's total compensation on a payroll basis. Profit sharing contributions may be made at the discretion of the employer. During the years ended December 31, 2021 and 2020 the employer did not make a profit sharing contribution.

Participant Accounts

Participant accounts are credited with the participant's roth contribution or pre-tax deferral as well as allocations of: (a) the Company's taxable contribution and (b) plan earnings, and charged with an allocation of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – DESCRIPTION OF PLAN – (Continuation)

Vesting

Participants are immediately vested in elective contributions, rollover contributions, safe harbor matching contributions and transfer contributions, plus or minus any earnings or losses. Any contribution not listed in the previous sentence will vest as follows:

YEARS OF SERVICE	VESTING PERCENTAGE
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Programs

The plan is intended to be an ERISA Section 404(c) plan. All of the investments in the plan are participant-directed. The Plan currently sponsors 527 investment fund options offered by John Hancock Life Insurance Company and participants are invested in 42 of the offered funds. Participants are allowed to change their investment elections at any time. If a participant does not make any investment selections, the deferrals and any employer contributions will be invested in the Plan's qualified default investment alternative (QDIA), the Vanguard Target Retirement Funds.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one note is permitted at a time. The notes are secured by the balance in the participant's account. The loan interest is set at 1.00% above the prime rate, as defined by the Plan. As of December 31, 2021, interest rates on participant loans ranged from 4.25% to 6.00%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, or other reasons, the funds will remain in the plan until the participant elects to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions will be made as soon as administratively feasible following the termination of service.

Forfeited Accounts

Forfeitures are first used to offset administrative expenses of the Plan and then to reduce future employer contributions. At December 31, 2021 and 2020, there were no balances forfeited.

Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to employee retirement Plans and in accordance with the terms of the trust agreement. The Plan is designed to hold and invest Plan assets for retirement benefits of the Plan Participants.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with GAAP.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the variable annuity investment contracts which is the same as contract value.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net Appreciation (Depreciation) in the fair value of investments includes realized gains or losses and unrealized appreciation or depreciation on investments bought and sold as well as held during the year and earnings.

Notes Receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the note balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year).

Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continuation)

Payment of Benefits

Benefits are paid upon termination, retirement, or request. Normal age under the Plan is fifty-nine and a half. Benefits are normally paid in a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants may withdraw money for financial hardship if they satisfy certain conditions.

Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Investment related expenses paid through revenue sharing arrangements are included in Investment Income.

Date of Management's Review

The Plan has evaluated subsequent events through August 30, 2022, which is the date the financial statements were available to be issued. There was no impact on the Plan's financial statements as a result of this evaluation.

Note 3 – INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data prepared and certified to as complete and accurate by the trustee, John Hancock Life Insurance Company.

	DECEMBER 31,	
	2021	2020
Variable Annuities in Pooled Separate Accounts, at Fair Value	1,999,241	1,579,505
Investment Income	249,669	219,205

Note 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are inputs that are unobservable and significant to the fair value measurement.

Valuation Methodology

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Level 2 Fair Value Measurements

The fair value of the variable annuities in Separate Accounts at John Hancock Life Insurance Company is based on the available quoted market prices of the underlying mutual funds adjusted for expense factors (formula-calculated unit value). The formula-calculated unit value is compared to an accounting unit value determined in a manner similar to a mutual fund's Net Asset Value ("NAV") calculation. Any discrepancies between the two unit values are resolved to ensure the record keeping system reflects the accurate value for the day.

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – FAIR VALUE MEASUREMENTS – (Continuation)

The following table presents the Plan's fair value measurements reported by level within the fair value hierarchy at December 31, 2021 and 2020.

	FAIR VALUE MEASUREMENTS USING:	
	FAIR VALUE TOTAL	SIGNIFICANT OTHER OBSERVABLE INPUTS (LEVEL 2)
DECEMBER 31, 2021		
Variable Annuities in Pooled Separate Accounts	1,999,241	1,999,241
DECEMBER 31, 2020		
Variable Annuities in Pooled Separate Accounts	1,579,505	1,579,505

Note 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive guaranteed investment contract with John Hancock Life Insurance Company. The Group Annuity contract is a traditional investment comprised of variable annuities in sub-accounts that invest in shares of underlying funds. Participants may direct the Trustee to invest their contributions in any investment options offered by these sub-accounts.

Variable Annuity Accounts

Contributions to the variable annuities at John Hancock Life Insurance Company are maintained in Separate Pooled Accounts. Each eligible fund is a separate mutual fund having its own investment objectives and policies and is registered with the Securities and Exchange Commission ("SEC") as an open-end management investment company or portfolio thereof. The SEC does not supervise the management or the investment practices and policies of any of the eligible funds.

Many of the eligible funds are available only to insurance companies for their variable contracts (Insurance-Dedicated Funds) and are used for mixed and shared funding. In mixed funding, shares of an eligible fund under the Group Contract are bought for variable life insurance policies issued by John Hancock Life Insurance Company or other insurance companies. Shared funding occurs when shares of an eligible fund under the Group Contract are also bought by other insurance companies for their variable annuity contracts.

Some of the Insurance-Dedicated eligible funds have been established by investment advisers which manage publicly traded mutual funds having similar names and investment objectives. While some of the eligible funds may be similar to, and may in fact be modeled after publicly traded mutual funds, these eligible funds are not otherwise directly related to any publicly traded mutual funds. Consequently, the investment performance of publicly traded mutual funds and any corresponding eligible funds may differ substantially. At December 31, 2021 and 2020, the fair value of the Separate Accounts was $1,999,241 and $1,579,505, respectively.

Note 6 – TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are variable annuities managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in Net Appreciation (Depreciation) in Fair Value of Investments. Fees paid by the Plan for the investment services amounted to $23,712 and $15,247, for 2021 and 2020, respectively.

Note 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that may increase or decrease according to the investment experience of a variable account or separate account. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 9 – TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable determination letter from the Internal Revenue Service, and the Plan sponsor believes that the Plan continues to qualify and to operate as designated and, accordingly, the Plan's net investment income is exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's evaluation was performed for the tax periods ended December 31, 2020 (inception) through December 31, 2021, the tax years which principally remain subject to examination by major tax jurisdictions as of December 31, 2021.
