Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Mirion Technologies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Mirion Technologies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Mirion Technologies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Mirion Technologies 401(k) Plan's and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mirion Technologies 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the about Mirion Technologies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mirion Technologies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of Mirion Technologies 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Mirion Technologies 401(k) Plan
Notes to Financial Statements
December 31, 2020 and 2019

Note 1. Description of the Plan

The following description of the Mirion Technologies 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted on February 11, 2004 to qualify as a defined contribution retirement plan by Mirion Technologies, Inc. and the following affiliated employers; Mirion Technologies (GDS), Inc., Mirion Technologies (MGPI), Inc., Mirion Technologies (IST) Corporation, Mirion Technologies (Conax Nuclear), Inc., effective April 1, 2015, Mirion Technologies (Imaging), LLC, effective July 1, 2016, Canberra Industries, Inc. (Canberra), effective January 1, 2020, Mirion Technologies (Capintec) and effective January 1, 2021, Biodex Medical Systems, Inc. (collectively called the “Company” or “Employer”). The Plan covers substantially all of the Company’s employees, except for the following:

- 1) Employees covered under a collective bargaining agreement (i.e., union employees) unless the collective bargaining agreement expressly provides for participation in this Plan
- 2) Non-resident aliens who do not receive any compensation from U.S. sources
- 3) Leased employees
- 4) Union Employees of Mirion Technologies (Conax Nuclear), Inc., Employees of Mirion Technologies (IST Canada), Inc., and Employees of Mirion Technologies (IST) Limited, a U.K. company

The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and an employer matching contribution under 401(m) of the Internal Revenue Code (the “IRC”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020 the Plan assets from Biodex Medical Systems, Inc. were transferred into the Mirion Technologies, Inc. 401(k) Plan. The amounts transferred in are reported as transfer from another qualified plan on the Statement of Changes in Net Assets Available for Benefits.

Participant Eligibility

The Company’s employees are eligible to participate in the Plan after the completion of one month of service. There is no minimum age requirement for Plan eligibility and eligible participants may enter the Plan on the first day of each calendar month.

Note 1. Description of the Plan (continued)

Safe Harbor Election

Effective January 1, 2010, the Plan has elected to be a safe harbor plan by applying the Qualified Automatic Contribution Arrangement (“QACA”) provisions according to IRC regulations. To qualify as a QACA, the Plan must meet certain requirements relating to automatic salary deferral, safe harbor employer or matching contribution and vesting schedule. If the Plan meets the requirements, it is not subject to the ADP or ACP discrimination tests required by the IRC.

Contributions

The Company’s eligible employees may contribute from 1% up to 100% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction.

The Plan includes an automatic enrollment feature. Upon eligibility, participants are automatically enrolled in the Plan with a minimum deferral rate (3% for the year ended December 31, 2021). The automatic deferral rate increases 1% each year until the participant’s rate reaches 6%. A participant may elect a higher or lower deferral rate or opt out.

Participants may also rollover amounts representing distributions from other qualified plans.

The Company makes a safe harbor matching contribution equal to 100% of the first 1% of each participant’s deferrals and 50% of any deferral contributions between 2% and 6% of the participant’s compensation. In addition to the safe harbor matching contributions, the Company may, at its discretion, make discretionary profit sharing contributions and/or discretionary matching contributions. For the year ended December 31, 2021, the Company did not elect to make a discretionary profit sharing contribution or discretionary matching contribution.

Participants direct the investment of all contributions to their accounts into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s safe harbor matching contributions, (b) the Company’s discretionary profit sharing contributions (c) the Company’s discretionary matching contributions and (d) Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations of Company discretionary profit sharing contributions are allocated to participants who are active participants on the last day of the Plan year.

Company discretionary profit sharing contributions are based upon the ratio that each eligible participant’s compensation bears to the total compensation of all eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1. Description of the Plan (continued)

Vesting

Participants are 100% vested in their deferral contributions and earnings on those contributions.

Company safe harbor contributions are subject to a two year cliff vesting schedule by which participants become 100% vested after two years of service.

Company discretionary profit-sharing contributions are subject to a three year cliff vesting schedule by which participants become 100% vested after three years of service.

Participants hired before July 1, 2009, who were still employed by the Company on or after July 1, 2009, immediately became 100% vested in their Company discretionary matching contributions. Effective July 1, 2009, participants become vested in their Company discretionary matching contributions and earnings on these contributions as follows:

<u>Years of Vested Service</u>	<u>Percentage</u>
Less than two years of service	0%
Two years or more of service	100%

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contributions and earnings on those contributions may be used to pay Plan level administrative expenses or to reduce Company contributions. The Plan used approximately \$61,300 of forfeitures during 2021 to reduce the Company contributions. There were no forfeitures utilized to pay for administrative expenses during 2021. As of December 31, 2021 and 2020, there were approximately \$53,900 and \$19,000 of forfeitures available, respectively.

Payment of Benefits

If a participant's employment ceases as a result of normal retirement, death or disability, the participant or the participant's beneficiaries are automatically 100% vested and are entitled to receive the entire contents of the account. If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of the account. Upon termination of service for any reason other than death, a participant may elect to either receive a lump sum distribution equal to his or her vested interest in the account or roll over the distribution to an individual retirement account ("IRA") or another qualified plan.

A participant's total vested interest between \$1,000 and \$5,000 will be automatically rolled over to an IRA selected by the Company, if the participant does not consent to a cash distribution and has not elected to have the balance rolled over into an IRA of his/her choosing. A participant's total vested benefit of less than \$1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. The account balance of a participant who has died will be distributed to the participant's beneficiaries. In service distributions are also permitted to participants who are over the age of 59½ and for hardship distributions, subject to certain restrictions.

Note 1. Description of the Plan (continued)

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts and are included in administration expense. Additionally, Plan recordkeeping fees that are not paid by forfeitures or paid by revenue sharing fees are charged directly to participant accounts.

Investment related expenses are included in net appreciation of fair value measurements. A portion of the investment management related expenses represent revenue sharing expenses earned by Massachusetts Mutual Life Insurance Company ("Mass Mutual"). These revenue sharing fees are paid by certain investment funds held by the Plan. These fees are credited back to the Plan and may be used to reduce Plan expenses or allocated to participants. Total revenue sharing fees were approximately \$46,800 were received by the Plan and approximately \$46,000 of revenue sharing fees were utilized to pay administrative expenses for the year ended December 31, 2021.

Contribution Funding

The Company funds its participant contributions and employer matching contributions on a semi-monthly and weekly basis concurrent with each pay period.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is determined by the Plan to be the prime rate plus 1%. The Plan allows one loan outstanding for every participant at any time.

Notes Receivable from Participants (continued)

Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest are paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for forfeitures (see Note 1), the net assets of the Plan are allocated entirely to individual participants' accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are carried at fair value except for fully benefit-responsive investment contracts (guaranteed interest account see Note 3) which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan before the Plan's year end, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available for issuance.

Note 3. Guaranteed Interest Account

The Plan has an investment in the Massachusetts Mutual Life Insurance Company (“MassMutual”) Separate Account Guaranteed Interest Contract (“SAGIC”) Core Bond Fund. The SAGIC Core Bond Fund is a fully benefit-responsive group annuity contract with a general investment account guarantee that provides a stated rate of return and insulates participants’ accounts from daily fluctuations in the market.

Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. Contract value represents contributions plus credited interest rate less participant withdrawals and fees. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.

The interest crediting rate is reset on a quarterly basis and cannot be lower than zero percent. The average yield earned by the Plan for the years ended December 31, 2021 and 2020 was 3.19% and 3.07%, respectively.

Note 4. Information Certified by an Investment Contract Issuer and Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Massachusetts Mutual Life Insurance Company, an investment contract issuer and Reliance Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by an investment contract issuer and the trustee to information included in the Plan’s financial statements and supplemental schedule:

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 5. Fair Value Measurements (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2021 and 2020:

	Fair Value Measurements Using Input Type			
<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$117,047,370</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$117,047,370</u>
Total investments measured at fair value	<u>\$ 117,047,370</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 117,047,370</u>

	Fair Value Measurements Using Input Type			
<u>December 31, 2020</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 84,908,699</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 84,908,699</u>
Total investments measured at fair value	<u>\$ 84,908,699</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 84,908,699</u>

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market Risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account of each participant shall be fully vested and non-forfeitable at the time of termination.

Note 8. Tax Status

The Plan has adopted a volume submitter plan and trust which received a favorable opinion letter on March 31, 2014 from the Internal Revenue Service stating that the volume submitter plan document as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the advisory letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Party-In-Interest Transactions

The Plan has an investment in a guaranteed interest account which is part of the general assets of Massachusetts Mutual Life Insurance Company ("MassMutual") and managed by Babson Capital Management LLC, an affiliate of MassMutual. In addition, the Plan has investments in mutual funds which are managed by an affiliate of MassMutual. MassMutual is an investment contract issuer which holds some of the Plan's investment contracts.

Note 9. Party-In-Interest Transactions (continued)

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to MassMutual, other investment custodians and investment advisors.

Additionally, as noted in Note 1, certain administrative expenses related to participant related activities are paid directly to MassMutual and affiliates. In addition, certain plan recordkeeping fees may be paid by the Plan. All fees paid directly by the Plan to MassMutual and affiliates are included in administration expense.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 10. Form 5500 Reconciliation

The differences between the Form 5500 reporting and the financial statement reporting, if any, is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis of accounting.

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 136,825,813	\$ 99,037,817
Net Change in Employer contributions receivable	<u>(121,381)</u>	<u>(73,871)</u>
Net assets available for benefits per the Form 5500	<u>\$ 136,704,432</u>	<u>\$ 98,963,946</u>

The following is a reconciliation of net increase in net assets available for benefits from the financial statements to the Form 5500:

	Year Ended December 31, 2021
Net increase in net assets available for benefits per financial statements	\$ 10,528,530
Less: 2020 employer contributions receivable	<u>(47,510)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 10,481,020</u>

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.
