Report of Independent Auditors

To the Participants and Plan Administrator of
Qk4 401(k) Savings Plan
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Qk4 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of July 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended July 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of July 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

To the Participants and Plan Administrator of
Qk4 401(k) Savings Plan
Report of Independent Auditors, continued

Other Matters, continued

2022 Supplemental Schedule Required by ERISA, continued

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 16, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

QK4 401(K) SAVINGS PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the Qk4 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all eligible employees of Qk4, Inc. (the Sponsor and Plan Administrator). The Plan became effective July 1, 1976 and was restated effective January 1, 2020. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as applicable sections of the Internal Revenue Code (IRC).

Eligibility

Employees are eligible to participate in the Plan on their hire date. Eligible participants can enter the Plan upon attainment of age 20. At that time, participants can begin deferring compensation into the Plan, and become eligible for both the employer matching and employer profit sharing contributions.

Contributions

Participants may contribute up to the maximum allowable annual contribution as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The Sponsor may, at its discretion, make a matching contribution each Plan year on behalf of eligible participants equal to a discretionary percentage of the participant's elective deferrals. The Sponsor may also elect to contribute a discretionary profit sharing contribution, to be determined by the Sponsor, not limited to current or accumulated net profit. For 2022 and 2021, the Sponsor approved a discretionary match of 100% of participants' contributions up to 4.0% and 3.5%, respectively, of the employee's eligible compensation. There were no profit sharing contributions for 2022 and 2021.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Sponsor's contributions, an allocation of Plan earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. Administrative expenses are charged to each participant's account when a benefit distribution is processed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Sponsor matching contributions, plus actual earnings thereon, as of July 31 each year. Vesting in the Sponsor's discretionary profit sharing plus actual earnings thereon is based on years of continuous service. A participant vests 20% per year after the first two years of service and becomes 100% vested after six years of service.

QK4 401(K) SAVINGS PLAN

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments in any of the Plan's available investment options. Participants may change their investment options at their discretion. The Sponsor's contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

Risks and Uncertainties

The Plan provides for participant directed investment options in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the excess, if any, of their highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over their current outstanding balance of loans as of the date of the new loan. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. The interest rate on loans outstanding as of July 31, 2022 was 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions. Defaults on participant loans are deemed distributions under Internal Revenue Service (IRS) regulations and are reported as deductions from Plan net assets.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant or their beneficiaries may elect to receive either a lump sum distribution, installments over a period of time, or a direct rollover to another qualified plan equal to the value of the participant's vested account. If a participant has more than \$5,000 in their account upon termination, then they may elect to keep their account in the Plan indefinitely. If the participant's balance is less than \$5,000, then the participant may be required to take a disbursement from the Plan.

Forfeited Accounts

Forfeitures may be used to pay any administrative expenses and reduce future employer contributions. There were no forfeited account balances as of July 31, 2022 and 2021. There were no forfeited participant balances or forfeitures used to pay administrative expenses or employer contributions during 2022.

QK4 401(K) SAVINGS PLAN

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Plan or indirectly through participant accounts or investment accounts as provided in the Plan document. All other administrative expenses are paid by the Sponsor.

2. Summary of Significant Accounting Policies

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The fair value of certain investments can be determined using net asset value (NAV) per share as a practical expedient when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. See Note 4 for disclosures related to the fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has evaluated subsequent events for recognition or disclosure in the financial statements through April 27, 2023, which was the date at which the financial statements were available to be issued.

QK4 401(K) SAVINGS PLAN

Notes to the Financial Statements, continued

3. Information Certified or Provided by Trustee

The Plan's investments and notes receivable from participants included in the Plan's financial statements and supplemental schedule were prepared by or derived from information provided by Matrix Trust Company (Matrix), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that the information provided to the Plan Administrator by the trustee is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to asset information in this note and which appears throughout the financial statements and the ERISA required supplemental schedule.

The following table presents the fair value of assets in the Plan that were certified by the trustee as of July 31:

	<u>2022</u>	<u>2021</u>
Cash	\$ 100	\$ 100
Mutual funds	\$ 10,765,791	\$ 13,252,454
Common collective trust fund	<u>3,411,760</u>	<u>2,541,994</u>
Total investments	<u>\$ 14,177,551</u>	<u>\$ 15,794,448</u>
Notes receivable from participants	\$ 83,564	\$ 74,120

The trustee also certified to the completeness and accuracy of the \$2,304,422 of net realized and unrealized depreciation in the fair value of investments, \$879,004 of interest and dividends related to the investments and \$3,683 of interest income on notes receivable from participants for the year ended July 31, 2022.

4. Fair Value Measurements

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value on a recurring basis:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

QK4 401(K) SAVINGS PLAN

Notes to the Financial Statements, continued

4. Fair Value Measurements, continued

Common collective trust fund: Valued based on the NAV of units of the common collective trust.

The NAV is used as a practical expedient to estimating the fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

There have been no changes in the valuation methodologies used at July 31, 2022 and 2021.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that are measured at fair value as of July 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2022</u>				
Mutual funds	\$ 10,765,791	\$ -	\$ -	\$ 10,765,791
Investments measured at NAV: Common collective trust fund				<u>3,411,760</u>
Total investments at fair value				<u>\$ 14,177,551</u>
 <u>2021</u>				
Mutual funds	\$ 13,252,454	\$ -	\$ -	\$ 13,252,454
Investments measured at NAV: Common collective trust fund				<u>2,541,994</u>
Total investments at fair value				<u>\$ 15,794,448</u>

QK4 401(K) SAVINGS PLAN

Notes to the Financial Statements, continued

4. Fair Value Measurements, continued

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended July 31, 2022, there were no significant transfers in or out of Level 3.

The following table summarizes investments measured at fair value based on NAV per share as of July 31:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Reliance Trust	\$ 3,411,760	\$ 2,541,994	-	Daily*	Daily

* Due to the nature of the funds the trustee reserves the right to defer such payments or transfers up to 90 days.

5. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested based on provisions detailed in the Plan document.

6. Tax Status

The Plan uses a prototype plan document sponsored by OneAmerica Financial Partners Inc. OneAmerica Financial Partners Inc. received an opinion letter from the IRS, dated September 24, 2015, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

QK4 401(K) SAVINGS PLAN

Notes to the Financial Statements, continued

7. Exempt Party-in-Interest Transactions

OneAmerica Retirement Services and Baird are considered parties-in-interest of the Plan. Administrative expenses of \$33,816, and \$44,703 for the year ended July 31, 2022 are comprised of fees paid directly by the Plan to OneAmerica Retirement Services and Baird, respectively, for management services. Matrix is the trustee as defined by the Plan and therefore, fees paid to Matrix also qualify as party-in-interest transactions. Indirect fees are paid to the trustees as a result of a revenue sharing agreement with OneAmerica Retirement Services. Fees of 2.35 basis points on the market value of investments annualized monthly are paid to the trustee. The fees are included within net depreciation in fair value of investments on the statement of changes in net assets available for benefits. Additionally, withdrawal fees are charged to each participant's account when a benefit distribution is processed.
