Akron, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of the Duramark Products, Inc. 401(k) Plan (fka Ritrama, Inc. 401(k) Plan and herein after referred to as the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

Predecessor auditors performed an audit of the 2020 financial statements of the Ritrama, Inc. 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2021 indicated that (a) the amounts and disclosures in the 2020 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2020 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2020 supplemental schedule, other than the information in the 2020 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2020 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Duramark Products, Inc. 401(k) Plan
(fka Ritrama, Inc. 401(k) Plan)
Notes to the Financial Statements
December 31, 2021 and 2020

A. PLAN DESCRIPTION

The following description of the Duramark Products, Inc. (the “Company” or “Plan Sponsor”) 401k Plan (fka Ritrama, Inc. 401(k) Plan and herein after referred to as the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan generally covering all eligible employees of the Company who have attained the age of 21 and have one month of service, as defined in the Plan. The Plan excludes certain non-resident aliens who have no earned income from sources within the United States, employees of any affiliated employer, as defined, other than those allowed by the Plan, and any member of a collective bargaining unit for who either (a) a separate retirement plan has been established or is contributed to pursuant to collective bargaining negotiations, or (b) no such separate plan has been established or is contributed to after collective bargaining which has included discussion of retirement benefits, unless such collective bargaining provided for coverage under this Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions - Participants can elect to defer the lesser of 100% of compensation, as defined in the Plan, or the maximum permitted by the Internal Revenue Service (“IRS”).

Any employee who is eligible to participate in the Plan will be automatically enrolled in the Plan at a 1% deferral rate. If the participant makes no further change to his/her deferral rate, then the participant's deferral rate will increase by 1% until a deferral rate of 10% has been attained. The participants have the option to “opt-out” of the Plan.

The Plan is a Safe Harbor Plan. As such, the Company is required to make matching contributions equal to 100% of the participant's 401(k) deferrals up to 3% of compensation, and 50% of the participant's 401(k) deferrals from 3% to 5% of compensation. The matching contribution made on behalf of the participant cannot exceed 4% of compensation. The Plan allows for catch-up contributions for participants who are age 50 or older.

Effective July 1, 2020, the Plan was amended to discontinue its matching contribution to the Plan participants for the remainder of 2020 due to the impact of the COVID-19 outbreak on the financial condition of the Company. Matching contributions were reinstated effective January 1, 2021.

Participant Accounts - A separate account is maintained for each participant in the Plan reflecting participant and Company contributions and allocation of the Plan's earnings and losses. The net value of each participant's account is established at the close of each business day through the valuation of each fund's assets at market value. The Plan includes provisions whereby participants can direct investment of their account balances between many programs depending on their personal investment objectives. Participants can change their investment direction or transfer funds on a daily basis.

Vesting - Participants are 100% vested as to their contributions and the Company's matching contributions.

Duramark Products, Inc. 401(k) Plan
(fka Ritrama, Inc. 401(k) Plan)
Notes to the Financial Statements
December 31, 2021 and 2020

Notes Receivable from Participants - The Plan allows participants to borrow against their vested account balance in the Plan. Participants may borrow up to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior one-year period, or one-half of their vested account balance as of the date of the loan. No loan of less than \$1,000 will be made. No more than one loan per participant may be outstanding at any time. The loans are payable over five years, unless used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear a fixed interest rate of prime plus 2% as of the loan date. The interest rate on all notes receivable from participants ranges from 5.25% to 7.50%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Distributions from a participant's account are not permitted before age 59½ except in the event of death, disability, termination of employment, qualified domestic relations order, or financial hardship (including from rollover accounts), as defined in the Plan. Any distribution made without a qualifying event may be subject to a 10% federal tax penalty. Distributions may be made in the form of direct rollover or lump-sum cash distribution. Mandatory automatic cash out of vested balances of \$5,000 or less are permitted under the Plan.

Financial hardship withdrawals of the participant's voluntary 401(k) contributions are permitted in specialized circumstances of immediate and heavy financial need.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America ("GAAP") and include recognition of net unrealized appreciation and depreciation of investments, which is included as a component of net appreciation in fair value of investments. The accounting records are maintained by a third-party administrator engaged by the Plan sponsor, in conjunction with The Charles Schwab Trust Bank ("Charles Schwab"), the trustee, who maintains the assets and distributes benefits.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses, investment management fees, audit fees, and other expenses of maintaining the Plan, are paid by the Company. Fees attributable to loans, distributions and deferred payouts are paid by the participants. Investment related expenses are included in net appreciation in fair value of investments.

C. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Charles Schwab, the trustee of the Plan.

Charles Schwab has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2021 and 2020, and for the year ended December 31, 2021.

Charles Schwab as has certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2021.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements is described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements
December 31, 2021 and 2020

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Valued at the daily closing net asset value (“NAV”) as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market deposit account: Valued at \$1 per unit including applicable interest and fees.

Self-directed brokerage accounts: Accounts consist primarily of common stock, unit investment trusts, and interest-bearing cash. The common stocks and unit investment trusts are valued at the closing price reported on the active market on which the individual securities are traded. The interest-bearing cash is valued at \$1 per unit including applicable interest and fees.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,644,276	\$ -	\$ -	\$ 9,644,276

E. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds are managed by the custodian of the Plan. Transactions involving these investments are allowable party-in-interest transactions under ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Loans to participants are also considered party-in-interest transactions as such participants are employed by the Plan Sponsor.

Charles Schwab provides certain administrative services to the Plan pursuant to a Service Agreement (SA) between the Company and Charles Schwab. Charles Schwab receives revenue from mutual fund service providers for services Charles Schwab provides to the funds. The revenue is used to offset certain amounts owed to Charles Schwab for its administrative services to the Plan. If the revenue received by Charles Schwab from such mutual fund service providers exceeds the amount owed under the SA, Charles Schwab remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2021, there were no excess amounts. The Plan or Plan Sponsor may make a payment to Charles Schwab for administrative expenses not covered by revenue sharing. In 2021, administrative expenses paid to Charles Schwab totaled \$33,518.

F. PLAN TERMINATION AND MERGER INTO QUALIFIED PLAN

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's contributions.

On April 1, 2021, the Plan Sponsor was acquired by Morgan Adhesives Company, Inc., the Plan Sponsor of the MACtac 401(k) and Profit Sharing Plan. Effective December 31, 2021, the Duramark Products, Inc. 401(k) Plan was merged into the MACtac 401(k) and Profit Sharing Plan and assets totaling \$10,454,385 were transferred. Amounts were received by the MACtac 401(k) and Profit Sharing Plan in total on January 3, 2022. Effective with the merger, the participant's rights and vesting remained in tact with the merger into the MACtac 401(k) and Profit Sharing Plan.

G. FEDERAL INCOME TAX STATUS

The Company has chosen not to obtain a determination letter on its Plan document as it uses Charles Schwab's prototype plan volume submitter profit sharing plan document which received IRS approval on June 19, 2014. The Plan has been amended since receiving the approval. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America, require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. PLAN AMENDMENTS

Effective January 1, 2021, the Plan was amended to include ACP Safe Harbor Discretionary Non-Tiered Matching Contributions.

Effective February 1, 2021, the Plan was amended to change the name of the Plan to the Duramark Products, Inc. 401(k) Plan. Duramark Products, Inc. was also named the Sponsoring Employer and Plan Administrator.

Effective April 5, 2021, the Plan was amended to name MACtac, Inc. as the Sponsoring Employer and the Plan Administrator.

Effective October 1, 2021, the Plan was amended to increase the service requirement from 1 month to 3 months for eligible employees.

On November 17, 2021, the Plan was amended to comply with the Bipartisan Budget Act of 2018 with an effective date of January 1, 2022.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Participants may pay back the distribution over a three-year period from the date of distribution, without being subject to income taxes. If the distribution is not repaid to the Plan, participants have the option to pay the income taxes on the distribution over a three-year period. There were no distributions repaid during the year ended December 31, 2021.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

The COVID-19 pandemic and other current world events have significantly disrupted financial markets, economies and other events subsequent to December 31, 2021. As noted above, investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

J. SUBSEQUENT EVENTS

Subsequent events have been evaluated through February 22, 2023, which is the date the financial statements were available to be issued.
