Plan Administrator
Sinai Special Needs Institute 403(b) Plan
Paramus, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Sinai Special Needs Institute 403(b) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of August 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statement).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended August 31, 2022, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Sinai Special Needs Institute 403(b) Plan

Notes to Financial Statements

August 31, 2022 and 2021

Note 1: Description of Plan

The following brief description of Sinai Special Needs Institute 403(b) Plan (the Plan), which began on April 1, 2009, provides only general information. Participants should refer to the plan document for a more complete description of the Plan.

General

The Plan is a single-employer defined contribution plan that provides retirement, disability, and death benefits to qualified employees of Sinai Special Needs Institute (the Sponsor).

Employees are qualified to join the Plan for purposes of elective deferral contributions on the first of the month on or after they become an employee. Employees that are age 20 1/2 or older and have worked at least 800 hours in their first year are qualified to receive employer discretionary contributions on the September 1 or March 1 on or after they become an employee.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Board of Trustees serves as the trustee of the Plan. Delaware Charter Guarantee and Trust Company dba Principal Trust Company (Principal) serves as plan custodian.

On March 3, 2021, the Plan adopted the unilateral plan amendment related to hardship withdrawals taken on and after January 1, 2020. The amendment of the Plan is adopted to comply with the *Bipartisan Budget Act of 2018* and final regulations that amend the rules relating to hardship distributions.

Contributions

Employees may defer a percentage of eligible compensation as 403(b) elective deferral contributions.

The Sponsor may make a discretionary contribution of up to 3% of employees' compensation for all active participants in the Plan during the year.

Upon enrollment in the Plan, a participant may direct contributions in a variety of investment options offered by the Plan.

Participant rollover contributions represent transfers of retirement assets from other qualified plans into the Plan.

Contributions are subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Catch-up contributions are 403(b) elective deferral contributions in excess of any limit on such contributions under the Plan.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Sinai Special Needs Institute 403(b) Plan

Notes to Financial Statements

August 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contribution, and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuing service. These benefits do not vest until the completion of three years of credited service, at which point these benefits are fully vested.

Payments of Benefits

Upon termination of service, disability or death, a participant or beneficiary may elect to receive either a lump-sum amount equal to the vested balance of his account or defer payment if balance is greater than \$1,000. In-service withdrawals are also available under certain circumstances provided by the Plan.

In March 2020, the Sponsor implemented the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Notes Receivable from Participants

Participants may borrow from their fund accounts. Participants may borrow a minimum of \$1,000 up to the lesser of \$50,000 reduced by any outstanding loan balance on the date the new loan is made, or 50% of the vested balance reduced by the outstanding balance of all loans. The interest rate for the loan shall be based on the rates available for similar loans from commercial lending institutions.

The loan administrator, Principal Trust Company, periodically examines the rates such lenders are using. Once a loan is granted, the interest rate on that loan will not change. Loan terms are generally for a maximum of five years with the exception of loans for the purchase of the participant's principal residence which may extend beyond five years consistent with commercial home loan practices. Principal and interest are paid ratably through payroll deductions. A default occurs if a participant fails to pay all scheduled payments within 90 days of the due date as determined by Principal Trust Company. The amount of the defaulted outstanding loan shall be deemed a taxable distribution. The interest rates at August 31, 2022 and 2021 were 3.25% to 5.50%.

Sinai Special Needs Institute 403(b) Plan

Notes to Financial Statements

August 31, 2022 and 2021

During 2020, the Plan implemented changes related to the CARES Act as it relates to loans. Until September 2020, loan limits may be expanded as permitted in the CARES Act (100% of the vested account balance, not to exceed \$100,000). In addition, for loan payments due between March 27, 2020 and December 31, 2020, repayments may be deferred for one year.

Forfeited Accounts

Forfeitures from terminated nonvested plan participants are used to reduce future expenses of the Plan or offset employer contributions. There were no forfeitures as of August 31, 2022 or 2021, and there were no forfeitures used during the year ended August 31, 2022.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value of shares held by the Plan at the year-end.

The Plan's investment in the Principal Life Insurance Co. Guaranteed Investment Account is recorded at contract value. Contract value represents contributions made under the contract, plus a minimum rate of interest earned, at a rate determined by Principal, less withdrawals, and transfers to other accounts. This account does not have any liquidity restrictions, is fully benefit-responsive, and has been classified as a Guaranteed Investment Account (see *Note 5* for a further discussion of the Guaranteed Investment Account).

Sinai Special Needs Institute 403(b) Plan

Notes to Financial Statements

August 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. As applicable, interest income is recorded on the accrual basis, and dividend income is accrued on the ex-dividend date. The income or loss of each investment option, including the change in market value of investments, is allocated to participant accounts based on each participant's proportionate interest in the investment option. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are deemed as distributions based upon the terms of the plan document.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Investment advisory fees and contract administration service fees are paid from plan assets. All other expenses of administering the Plan are paid by the Sponsor of the Plan and are excluded from these financial statements.

Tax Status

The Plan operates under a volume submitter agreement in connection with a volume submitter plan and custodial document sponsored by Principal. This volume submitter plan document has obtained an advisory letter dated March 31, 2017 from the Internal Revenue Service stating that the volume submitter satisfies the requirements under Section 403(b) of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Note 3: Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of August 31, 2022 and 2021

Sinai Special Needs Institute 403(b) Plan

Notes to Financial Statements

August 31, 2022 and 2021

- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended August 31, 2022
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of August 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at August 31, 2022 and 2021:

	2022			
	Fair Value Measurements Using			
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Fair Value				
Mutual funds	\$ 6,862,124	\$ 6,862,124	\$ -	\$ -

Sinai Special Needs Institute 403(b) Plan

Notes to Financial Statements

August 31, 2022 and 2021

	2021		
	Fair Value Measurements Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Fair Value			
Mutual funds	\$ 7,693,325	\$ -	\$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended August 31, 2022 and 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. The Plan holds no Level 2 securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan holds no Level 3 securities.

Note 5: Guaranteed Investment Account with Principal Life Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company totaling \$1,508,627 and \$1,633,485 at August 31, 2022 and 2021, respectively. Principal maintains the contributions in a guaranteed investment account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment account's issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. The guaranteed minimum interest rate for the life of the contract is 1.50%.

The guaranteed investment account meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Sinai Special Needs Institute 403(b) Plan

Notes to Financial Statements

August 31, 2022 and 2021

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Management believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Plan investments include investments managed by Principal Trust Company. Fees paid by the Plan to Principal Trust Company for investment advisory fees and contract administration services were \$7,352 for the year ended August 31, 2022. Principal is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are deemed to be "exempt" from Prohibited Transaction Rules as defined by Department of Labor regulations. The Sponsor provides certain administrative services at no cost to the Plan. In addition, certain investment fees are netted by the custodian within investment income.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts as of the date of termination.

Note 9: Subsequent Events

Subsequent events have been evaluated through April 27, 2023, which is the date the financial statements were available to be issued.
