Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of C. F. Martin & Co., Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C) .

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of C. F. Martin & Co., Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about C. F. Martin & Co., Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of C. F. Martin & Co., Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about C. F. Martin & Co., Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 10 3(a)(3)(C) .

Auditors ' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of C. F. Martin & Co., Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

1. Description of Plan:

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan covers substantially all salaried employees of C. F. Martin & Co., Inc. (the Company). All salaried employees of the Company are eligible for immediate participation in the Plan, and new employees are automatically enrolled in the Plan at a contribution rate of 6%. Employees may decline to participate in the Plan or they may elect a different contribution rate.

The Plan contains two separate features, a contributory defined contribution feature and a thrift/savings feature. Both features of the Plan have participant-directed investment of assets.

Defined Contribution Feature

Participants can elect to allocate, within legal limits, up to 50% of their gross yearly compensation to the Plan rather than receive it as currently taxable compensation. This allocation is known as the employee's basic contribution. In addition, participants aged 50 or older by the end of the Plan year may make catch-up deferral contributions in excess of 50% not to exceed the catch-up limit in effect for the year. The Company matches 50% of employees' basic contributions, limited to the participant's contribution of 6% of gross yearly compensation. A Roth 401(k) provision is also available to enable participants to make after-tax contributions to the Plan. Additionally, a discretionary contribution, based on the profitability of the Company, may be allocated to participants' accounts based on their compensation. The amount of basic contributions that the Company will match and discretionary contributions are determined annually by the Board of Directors of the Company. Participants are immediately vested in the basic, catch-up, Roth, matching, and discretionary contributions. Participants may also contribute amounts representing distributions from other tax qualified plans under Internal Revenue Code (the Code) Section 401(a) or any other plans from which distributions are eligible to be rolled over into this Plan pursuant to the Code (rollovers). Any contribution made by the Company in good faith that is in excess of the amount deductible for tax purposes shall be refunded to the Company. Contributions are allocated among the available immediate participation guarantee account, pooled separate investment funds, and mutual funds at the direction of the participant.

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

On termination of service, a participant may elect to receive either a lump sum amount equal to the value of his or her account or equal installment payments over a period not to extend beyond the participant's life expectancy or the life expectancy of the participant and his or her designated beneficiary, subject to approval by the Plan Administrator. Additionally, a participant can leave his or her account with Empower Retirement/Massachusetts Mutual Life Insurance Company (Empower/MassMutual) or purchase a deferred annuity with Massachusetts Mutual Life Insurance Company. Vested benefits totaling \$5,000 or less must be paid in a lump sum, which will be deposited into an IRA for the benefit of the participant unless the participant directs otherwise.

Withdrawals relating to a financial hardship (as defined in the Plan agreement) are permitted, subject to approval of the Plan Administrator. Effective March 27, 2020, the Plan allows for Coronavirus related distributions under Section 2202 of the CARES Act. A distribution up to \$100,000 is allowed to qualified individuals from January 1, 2020 to December 31, 2020.

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the one-year period immediately preceding the date of the loan, or one-half of the total value of the participant's vested account balance, except that the CARES Act allowed new loans between March 27, 2020 and September 23, 2020 to be the lesser of 100% of the participants vested account balance or \$100,000. The maximum number of outstanding loans allowed for any participant is two. The loans bear interest on the unpaid principal and are secured by the balance in the participant's account. The loan term may not exceed five years except for the purpose of purchasing a principal residence. Interest is payable at a rate of prime plus 1 percent at the time of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions.

Thrift/Savings Feature

Under this feature, participants voluntarily contribute predetermined amounts in the form of payroll deductions. Participants have a nonforfeitable right to their contributions. Contributions are allocated among the available immediate participation guarantee accounts, pooled separate investment funds and mutual funds at the direction of the participant. Withdrawals are permitted upon written request from the participant to the Plan Administrator .

The following is a summary of total assets available as of December 31, 2021 and 2020, for benefits identifiable with respective features of the Plan:

C. F. MARTIN & CO., INC. 401(k) PLAN

Thrift/Savings feature	<u>3,079,508</u>	<u>2,657,417</u>
	<u>\$73,643,198</u>	<u>\$66,762,107</u>

Each participant's account is credited with the participant's contributions and Company matching contributions and allocations of (a) the Company's discretionary contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited nonvested accounts totaled \$667 and \$616 at December 31, 2021 and 2020, respectively. These accounts will be used to reduce future employer contributions. Employer contributions were reduced by forfeited nonvested accounts of \$25 in 2021 and \$0 in 2020.

Although the Company has not expressed an intent to terminate the Plan, it may do so at any time, but only upon the condition that such action renders it impossible for any part of the assets of the Plan or income earned thereon to be used for or diverted to purposes other than the exclusive benefit of active and retired employees.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and

(Continued)

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Investment Advisor and Custodian. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain other professional fees are also included in administrative expenses. Investment -related, recordkeeping, and advisory expenses are included in expenses.

Notes to Financial Statements December 31, 2021 and 2020

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Investment Accounts: Valued at the observable fair value of underlying securities. Such accounts have limited accessibility.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

4. Guaranteed Interest Account With Empower/MassMutual:

The Plan maintains a traditional fully benefit-responsive guaranteed interest account provided through a group annuity contract with Empower Retirement/Massachusetts Mutual Life Insurance Company. Empower/MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The account is included in the financial statements at contract value as reported to the Plan by Empower/MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account.

(Continued)

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed interest account at December 31, 2021 and 2020 was \$22,257,859 and \$22,751,423, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3.00%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Empower/Mass Mutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act (ERISA). The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The average yields earned by the guaranteed interest account are as follows:

	2021	2020
Average yields:		
Based on actual earnings	2.95%	3.09%

Average yields are calculated by dividing the annual interest credited to the Plan and participants during the Plan year by the average annual contract value of the interest account. Such average yields may differ from the guaranteed crediting rate on participant balances due to the timing of cash flows, the process by which rates may be reset during the Plan year and simplified assumptions used in the calculations.

5. Related Party Transactions and Party-in-Interest Transactions :

Certain Plan investments are pooled separate investment accounts managed by Empower/MassMutual. Empower/MassMutual is the Custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for recordkeeping and investment advisory services are included in expenses. Revenue sharing that is generated by the plan investments is returned directly back to the participants and then a level fee is directly charged to plan participants on a pro-rata basis. The investment advisory and recordkeeping fees charged to the plan on the fee leveling method for 2021 and 2020 were \$178,887 and \$158,897, respectively. Other fees totaling \$10,273 in 2021 and \$11,646 in 2020, were paid to the Custodian and

(Continued)

Notes to Financial Statements December 31, 2021 and 2020

another party-in-interest directly from Plan assets for contract administration and other professional services. The Plan sponsor pays directly all other fees related to the Plan's operations.

6. Federal Income Taxes:

The Plan is operating under a prototype non-standardized 401(k) profit sharing plan. The prototype plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended. The Plan's Administrator and the Plan's advisors believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal taxing authorities. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits in progress for any tax periods.

7. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which could negatively impact the Plan. The COVID-19 pandemic has resulted in significant volatility in the investment markets, which has affected, and may continue to affect, the value of the Plan's investments. The extent and duration of these uncertainties is presently impossible to predict and could result in substantial changes in the value of the investment assets of the Plan.

In addition, the pandemic has disrupted supply chains and affected production and sales across a broad range of industries. The extent of the impact of COVID-19 on the Plan

sponsor's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, and its impact on the sponsor's customers, employees and vendors , all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the sponsor's financial condition or results of operations is uncertain. Adverse changes in the Plan sponsor's financial performance could negatively impact the future operations of the Plan .

8. Certified Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends and interest for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Empower/MassMutual (the Custodian of the Plan).

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.

Scope and Nature of the ER/SA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of C. F. Martin & Co., Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

Strength in Numbers

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C) .

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of C. F. Martin & Co., Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about C. F. Martin & Co., Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of C. F. Martin & Co., Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about C. F. Martin & Co., Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 10 3(a)(3)(C) .

Auditors ' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of C. F. Martin & Co., Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

1. Description of Plan:

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan covers substantially all salaried employees of C. F. Martin & Co., Inc. (the Company). All salaried employees of the Company are eligible for immediate participation in the Plan, and new employees are automatically enrolled in the Plan at a contribution rate of 6%. Employees may decline to participate in the Plan or they may elect a different contribution rate.

The Plan contains two separate features, a contributory defined contribution feature and a thrift/savings feature. Both features of the Plan have participant-directed investment of assets.

Defined Contribution Feature

Participants can elect to allocate, within legal limits, up to 50% of their gross yearly compensation to the Plan rather than receive it as currently taxable compensation. This allocation is known as the employee's basic contribution. In addition, participants aged 50 or older by the end of the Plan year may make catch-up deferral contributions in excess of 50% not to exceed the catch-up limit in effect for the year. The Company matches 50% of employees' basic contributions, limited to the participant's contribution of 6% of gross yearly compensation. A Roth 401(k) provision is also available to enable participants to make after-tax contributions to the Plan. Additionally, a discretionary contribution, based on the profitability of the Company, may be allocated to participants' accounts based on their compensation. The amount of basic contributions that the Company will match and discretionary contributions are determined annually by the Board of Directors of the Company. Participants are immediately vested in the basic, catch-up, Roth, matching, and discretionary contributions. Participants may also contribute amounts representing distributions from other tax qualified plans under Internal Revenue Code (the Code) Section 401(a) or any other plans from which distributions are eligible to be rolled over into this Plan pursuant to the Code (rollovers). Any contribution made by the Company in good faith that is in excess of the amount deductible for tax purposes shall be refunded to the Company. Contributions are allocated among the available immediate participation guarantee account, pooled separate investment funds, and mutual funds at the direction of the participant.

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

On termination of service, a participant may elect to receive either a lump sum amount equal to the value of his or her account or equal installment payments over a period not to extend beyond the participant's life expectancy or the life expectancy of the participant and his or her designated beneficiary, subject to approval by the Plan Administrator. Additionally, a participant can leave his or her account with Empower Retirement/Massachusetts Mutual Life Insurance Company (Empower/MassMutual) or purchase a deferred annuity with Massachusetts Mutual Life Insurance Company. Vested benefits totaling \$5,000 or less must be paid in a lump sum, which will be deposited into an IRA for the benefit of the participant unless the participant directs otherwise.

Withdrawals relating to a financial hardship (as defined in the Plan agreement) are permitted, subject to approval of the Plan Administrator. Effective March 27, 2020, the Plan allows for Coronavirus related distributions under Section 2202 of the CARES Act. A distribution up to \$100,000 is allowed to qualified individuals from January 1, 2020 to December 31, 2020.

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the one-year period immediately preceding the date of the loan, or one-half of the total value of the participant's vested account balance, except that the CARES Act allowed new loans between March 27, 2020 and September 23, 2020 to be the lesser of 100% of the participants vested account balance or \$100,000. The maximum number of outstanding loans allowed for any participant is two. The loans bear interest on the unpaid principal and are secured by the balance in the participant's account. The loan term may not exceed five years except for the purpose of purchasing a principal residence. Interest is payable at a rate of prime plus 1 percent at the time of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions.

Thrift/Savings Feature

Under this feature, participants voluntarily contribute predetermined amounts in the form of payroll deductions. Participants have a nonforfeitable right to their contributions. Contributions are allocated among the available immediate participation guarantee accounts, pooled separate investment funds and mutual funds at the direction of the participant. Withdrawals are permitted upon written request from the participant to the Plan Administrator .

The following is a summary of total assets available as of December 31, 2021 and 2020, for benefits identifiable with respective features of the Plan:

Thrift/Savings feature	<u>3,079,508</u>	<u>2,657,417</u>
	<u>\$73,643,198</u>	<u>\$66,762,107</u>

Each participant's account is credited with the participant's contributions and Company matching contributions and allocations of (a) the Company's discretionary contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited nonvested accounts totaled \$667 and \$616 at December 31, 2021 and 2020, respectively. These accounts will be used to reduce future employer contributions. Employer contributions were reduced by forfeited nonvested accounts of \$25 in 2021 and \$0 in 2020.

Although the Company has not expressed an intent to terminate the Plan, it may do so at any time, but only upon the condition that such action renders it impossible for any part of the assets of the Plan or income earned thereon to be used for or diverted to purposes other than the exclusive benefit of active and retired employees.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and

(Continued)

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Investment Advisor and Custodian. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain other professional fees are also included in administrative expenses. Investment -related, recordkeeping, and advisory expenses are included in expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs .

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Investment Accounts: Valued at the observable fair value of underlying securities. Such accounts have limited accessibility.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

4. Guaranteed Interest Account With Empower/MassMutual:

The Plan maintains a traditional fully benefit-responsive guaranteed interest account provided through a group annuity contract with Empower Retirement/Massachusetts Mutual Life Insurance Company. Empower/MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The account is included in the financial statements at contract value as reported to the Plan by Empower/MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account.

(Continued)

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the guaranteed interest account at December 31, 2021 and 2020 was \$22,257,859 and \$22,751,423, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3.00%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Empower/Mass Mutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act (ERISA). The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The average yields earned by the guaranteed interest account are as follows:

	2021	2020
Average yields:		
Based on actual earnings	2.95%	3.09%

Average yields are calculated by dividing the annual interest credited to the Plan and participants during the Plan year by the average annual contract value of the interest account. Such average yields may differ from the guaranteed crediting rate on participant balances due to the timing of cash flows, the process by which rates may be reset during the Plan year and simplified assumptions used in the calculations.

5. Related Party Transactions and Party-in-Interest Transactions :

Certain Plan investments are pooled separate investment accounts managed by Empower/MassMutual. Empower/MassMutual is the Custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for recordkeeping and investment advisory services are included in expenses. Revenue sharing that is generated by the plan investments is returned directly back to the participants and then a level fee is directly charged to plan participants on a pro-rata basis. The investment advisory and recordkeeping fees charged to the plan on the fee leveling method for 2021 and 2020 were \$178,887 and \$158,897, respectively. Other fees totaling \$10,273 in 2021 and \$11,646 in 2020, were paid to the Custodian and

(Continued)

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

another party-in-interest directly from Plan assets for contract administration and other professional services. The Plan sponsor pays directly all other fees related to the Plan's operations.

6. Federal Income Taxes:

The Plan is operating under a prototype non-standardized 401(k) profit sharing plan. The prototype plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended. The Plan's Administrator and the Plan's advisors believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal taxing authorities. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits in progress for any tax periods.

7. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which could negatively impact the Plan. The COVID-19 pandemic has resulted in significant volatility in the investment markets, which has affected, and may continue to affect, the value of the Plan's investments. The extent and duration of these uncertainties is presently impossible to predict and could result in substantial changes in the value of the investment assets of the Plan.

In addition, the pandemic has disrupted supply chains and affected production and sales across a broad range of industries. The extent of the impact of COVID-19 on the Plan

(Continued)

C. F. MARTIN & CO., INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

sponsor's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, and its impact on the sponsor's customers, employees and vendors , all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the sponsor's financial condition or results of operations is uncertain. Adverse changes in the Plan sponsor's financial performance could negatively impact the future operations of the Plan .

8. Certified Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends and interest for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Empower/MassMutual (the Custodian of the Plan).

The following information was certified by the Custodian:
