INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Restore Construction Group, Inc. 401(k) Plan
West Park, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Restore Construction Group, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Restore Construction Group, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and

certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Restore Construction Group, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Restore Construction Group, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Restore Construction Group, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Restore Construction Group, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Restore Construction Group, Inc. 401(k) Plan
West Park, Florida

We were engaged to audit the accompanying statement of net assets available for benefits of Restore Construction Group, Inc. 401(k) Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

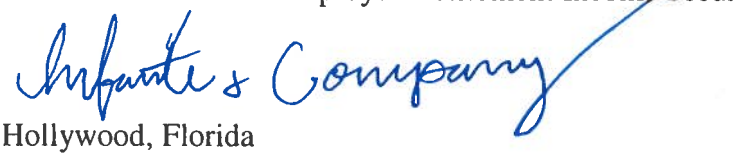

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by LT Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other that that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RESTORE CONSTRUCTION GROUP, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2021 AND 2020
AND FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Restore Construction Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering the employees of Restore Construction Group, Inc. (the "Company"). Employees of the Company, who have completed one year of service, as defined in the Plan agreement, are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual eligible compensation, as defined in the Plan, subject to limits imposed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions, together with the Company's matching contributions, into various investment options offered by the Plan. The Company contributes Safe Harbor Matching contributions of 100% of employee contributions that are not in excess of 3% of compensation that a participant contributes to the Plan plus 50% of the contributions that exceed 3%, but that do not exceed 5% of the participant's compensation. Additional profit sharing amounts may be contributed at the discretion of the Company's board of directors and are invested in the portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participants Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the part of their account resulting from their elective deferral contributions, the Company's Safe Harbor matching contributions, and rollover contributions. Vesting in the Company's additional profit sharing contributions to their accounts is based on continuous years of service as defined in the Plan. A participant is 100% vested after six years of credited service.

NOTE 1 – DESCRIPTION OF PLAN, (continued)

Notes Receivable from Participants

Participant loans shall be made available to all participants. Only one loan can be outstanding at a time, including a refinanced loan. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, and bear interest at 5.25% to 6.25% annually. The interest rates charged are commensurate with local prevailing rates as determined periodically by the Plan administrator.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly installments over a selected period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures of non-vested Company contributions are used to pay for plan expenses and remaining amounts are used to reduce future Company contributions. At December 31, 2020 and 2021, forfeited non-vested accounts totaled $5 and $238. During 2021, forfeitures were not used for payment of plan expenses or reduction of Company contributions.

CARES Act and Plan Amendments

The CARES Act contained several provisions that affected employee benefit plans during 2020. Key provisions include:

• allowing participants to take a coronavirus-related distribution (CRD) of up to $100,000 (not to exceed the participant's account balance) from their retirement plan without a 10% early withdrawal penalty. Eligible distributions can be between January 1, 2020 to December 31, 2020.

• allowing participants to borrow up to $100,000 from qualified plans – an increase from $50,000 previously allowed under Internal Revenue Code section 72(p) – for loans made from March 27, 2020 through September 22, 2020.

• allowing suspension of loan repayments due from March 27, 2020 through December 31, 2020, for up to one year; and

• allowing suspension of 2020 required minimum distributions.

In response to the above CARES Act, the Directors of the Plan requested the Plan Administrator to authorize LT Trust (the Plan Custodian) to amend the plan to include following provisions:

- to allow for withdrawals under the CARES Act
- to allow for loans under the CARES Act.

NOTE 1 – DESCRIPTION OF PLAN, (continued)

- to amend the Plan prior to the amendment due date under the CARES Act.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 6 for further discussion of fair value and fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was considered necessary as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (continued)

Recently Adopted Accounting Standards

In February 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-03, *Technical Corrections and Improvements to Financial Instruments*. The amendments in this ASU clarify the application of the measurement alternative for equity securities by establishing guidance that addresses discontinuation of the measurement alternative for equity securities without a readily determinable fair value, as well as the timing of adjustments to the fair value of the security, and application of a prospective transition approach for such securities. The amendment also clarifies guidance for the remeasurement of forward contracts and purchase options on equity securities resulting from changes in observable prices or impairment of the underlying security. Furthermore, the amendment clarifies the application of guidance in paragraph 825-10-45-5 when a fair value option is elected for a financial liability, as well as addresses the application of Topic 830 with regards to fair value changes attributable to instrument-specific credit risk for a foreign-currency-denominated liability for which the fair value option is elected. Management adopted ASU 2018-03 during the year ended December 31, 2019, with no significant impact on the Plan's financial statements in 2020 and 2021.

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (Topic 820), *Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements based on consideration of costs to comply and benefit to the user. The amendments apply to all entities that are required, under existing GAAP, to make disclosures about recurring and nonrecurring fair value measurements. However, certain amendments within the ASU apply only to non-public entities. The amendments remove certain disclosure requirements relating to transfers between Level 1 and Level 2 of the fair value hierarchy. Additionally, the amendments remove, modify or add disclosures related to Level 3 fair value measurements and modify terminology for entities and auditors to use discretion in evaluating disclosure requirements. The amendments are effective for all entities for annual fiscal periods, and interim periods within those annual fiscal periods, beginning after December 15, 2019. Plan management adopted the standard for the year ended December 31, 2020, with no significant impact on the Plan's financial statements in 2020 and 2021.

In July 2018, the FASB issued ASU 2018-09, *Codification Improvements*. These amendments affect a wide variety of Topics in the Accounting Standards Codification ("Codification"). These amendments are presented in nine sections and represent changes to clarify, correct errors in, or make minor improvements to the Codification. The amendments make the Codification easier to understand and easier to apply by eliminating inconsistencies and providing clarifications. The transition and effective date guidance are based on the facts and circumstances of each amendment. Some of the amendments in this update do not require transition guidance and will be effective upon issuance of this update. However, many of the amendments in this update do have transition guidance with effective dates for annual periods beginning after December 15, 2018, for public business entities and for annual periods beginning after December 15, 2019, for all others. Plan management adopted the standard for the year ended December 31, 2020, with no significant impact on the Plan's financial statements in 2020 and 2021.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, LT Trust Company, the custodian, has certified to the completeness and accuracy of all investments, noninterest bearing cash, and notes receivable from participants as of December 31, 2021 and 2020, and the net appreciation in fair value of investment income, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 5 – TAX STATUS

The Internal Revenue Service (IRS) has informed the Company by a letter dated March 31, 2014, that the form of the Plan is acceptable under applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the most recent determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – FAIR VALUE MEASUREMENTS

That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

NOTE 6 – FAIR VALUE MEASUREMENTS (continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the Level 2 input must be observable for the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash is valued at amortized cost, including interest earned, which approximates fair value.

Methods used in determining fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide information about the Plan's financial assets carried at fair value on a recurring basis as of December 31, 2021 and 2020.

Assets at Fair Value
as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ -	$ 244	$ -	$ 244
Mutual funds	1,894,195	-	-	1,894,195
	$ 1,894,195	$ 244	$ -	$ 1,894,439

NOTE 6 – FAIR VALUE MEASUREMENTS (continued)

Assets at Fair Value
as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ -	$ 6	$ -	$ 6
Mutual funds	1,435,521	-	-	1,435,521
	$ 1,435,521	$ 6	$ -	$ 1,435,527

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments during the year ended December 31, 2021 and 2020, were managed by LT Trust Company, who is the custodian for the Plan. Accordingly, these transactions qualify as party in interest transactions.

During the years ended December 31, 2021, LT Trust Company and other service providers received compensation of $9,509 related to various administrative functions, which is included as administrative expenses in the statement of changes in net assets available for benefits.

The Plan issues loans to participants, which are secured by the balances in the participant's accounts. Therefore, these transactions qualify as party in interest transactions.

NOTE 9 – COVID-19

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and since spread to other countries, including the United States (U.S.). On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the value of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time. Contributions from the Plan sponsor continued during 2021, and Management expects the Plan sponsor to continue making its contributions during 2022.

NOTE 10 - SUBSEQUENT EVENTS AND DATE OF MANAGEMENT'S REVIEW

In February 2022, the Russian Federation launched a full-scale invasion against Ukraine, and sustained conflict and disruption in the region is ongoing. The effect on the Plan at this time is unknown as the situation is still evolving.

Management has evaluated subsequent events through October 10, 2022, which is the date the financial statements were available to be issued.
