Independent Auditors' Report

GEA North America Retirement Committee
GEA North America, Inc. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the GEA North America, Inc. Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of April 1, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period January 1, 2022 through April 1, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institution as of April 1, 2022 and December 31, 2021 and for the period January 1, 2022 through April 1, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year subsequent to the audit report date.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE 1 – DESCRIPTION OF THE PLAN

General

The GEA North America, Inc. Savings Plan ("the Plan"), formerly known as the MG North America Holdings, Inc. Savings Plan, is a defined contribution plan sponsored by GEA North America, Inc. and its subsidiaries and affiliated companies (collectively "the Company"). At April 1, 2022 and December 31, 2021, the trustee of the Plan was Fidelity Management Trust Company ("Fidelity").

Effective April 1, 2022, the Plan was merged into the (k) Praetorian Retirement Plan, a pooled employer plan, with Principal Life Insurance Company. On March 31, 2022, assets amounting to \$318,745,415 were transferred from Fidelity to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the new Trustee. On June 10, 2022, the final assets amounting to \$31,872, relating to the revenue sharing account, were transferred to the new Plan.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Participation in the Plan is offered to all eligible employees of the Company. Subsidiaries and affiliated companies at April 1, 2022 were:

- GEA Refrigeration North America, Inc. and GEA Process Engineering, Inc. merged to form GEA Systems North America LLC. Summarized below are other mergers in those respective companies previous to the formation of GEA Systems North America LLC.
 - GEA Refrigeration North America, Inc. - Aerofreeze Inc. was previously a separate participating employer in the Plan, but merged into GEA Refrigeration North America, Inc. effective September 30, 2011. GEA Intec, LLC was previously a separate participating employer in the Plan, but merged into GEA Refrigeration North America, Inc. effective May 31, 2012.
 - GEA Process Engineering Inc. - GEA Bischoff, Inc. was previously a separate participating employer in the Plan, but merged into GEA Process Engineering, Inc. effective September 30, 2010.
- GEA Farm Technologies, Inc. - GEA Norbco, Inc. was previously a separate participating employer in the Plan, but merged into GEA Farm Technologies, Inc. effective March 31, 2010.
- GEA Mechanical Equipment US, Inc. - GEA Westfalia Separator, Inc., GEA Tuchenhausen US LLC and GEA Tuchenhausen North America, Inc. were previously separate participating employers in the Plan, but merged into GEA Mechanical Equipment US, Inc. effective December 31, 2010. GEA Mechanical Equipment US, Inc. adopted the Plan effective December 31, 2010.
- GEA Food Solutions North America, Inc. - GEA Food Solutions North America, Inc. became a participating employer on November 1, 2012.

Employees become eligible to participate in the Plan on their date of hire.

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Effective December 31, 2015, the GEA North America Inc. Money Purchase Plan (“Money Purchase Plan”), which was frozen as of that date, was merged into the Plan. Effective with the merger, the assets of the Money Purchase Plan became assets of the Plan and are available to pay any benefits of the Plan on and after the date of merger.

The Plan is administered by the Company’s Retirement Committee (the “Committee”). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reviews reports provided by Fidelity.

Contributions

Each year participants may contribute a percentage of annual compensation, as defined by the Plan, as pre-tax or Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain limitations.

A participant may, with the consent of the Plan Administrator, make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which employees participated prior to their employment by the Company.

The Company makes matching contributions equal to 125% of deferrals that do not exceed 4% of eligible wages plus 100% of participant deferrals that exceed 4% but do not exceed 6% of eligible wages. The maximum matching contribution a participant can receive is 7% of eligible wages.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the Company’s matching contribution plus earnings thereon is based on years of continuous service, except for participants hired before December 31, 2015 who are fully vested in the Company’s matching contribution at all times. Participants hired after December 31, 2015 are not vested until the completion of three years of service, at which point they are 100% vested.

Vesting in the Money Purchase Plan Company contributions occur at a rate of 20% per year so that participants are fully vested upon 6 years of service.

If an active participant dies or becomes disabled prior to vesting, the participant becomes 100% vested.

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts

At April 1, 2022 and December 31, 2021, forfeited non-vested accounts totaled \$0 and \$339,134, respectively. These accounts will be used to reduce future Company contributions. Forfeitures totaling \$356,429 were used to offset employer matching contributions during the period January 1, 2022 through April 1, 2022.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at a rate comparable to that imposed by a bank or other commercial lender for a similar loan made under similar circumstances. Interest rates ranged from 4.25% to 8.25% on outstanding loans during the period January 1, 2022 through April 1, 2022. Participants are only permitted to have one loan outstanding at any time. Loans may not be taken from participants' money purchase accounts. Principal and interest are either deducted from the participant's account or paid ratably through payroll deductions.

Payment of Benefits

Distributions from the Plan are permitted upon termination of employment, retirement, disability or death. Participants may only elect a lump-sum distribution for all accounts other than money purchase accounts. Money purchase accounts may be distributed via lump-sum, installment payments or an annuity. Accounts with a balance less than \$1,000 are subject to a mandatory cash-out. The Plan permits in-service distributions for participants who are age 59 ½ or older as well as in the case of certain financial hardship situations, subject to the provisions of the Plan document. Minimum required distributions for participants who have reached age 70 ½ also apply per Internal Revenue Service ("IRS") regulations. As a result of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act which was signed into law on December 20, 2019, participants who reach age 70 on July 1, 2019 or later, are not required to take withdrawals until reaching age 72.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Assets of the Plan are held by Fidelity Management Trust Company ("Fidelity"). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

The Plan has a revenue sharing agreement with trustee. Other income earned from this agreement is used to pay Plan expenses. Any excess income over the Plan expenses during the year are included in the Plan's assets. During the period January 1, 2022 through April 1, 2022, there was nothing earned from this agreement and no funds were used to pay Plan expenses. As of April 1, 2022 and December 31, 2021, the revenue sharing account had a balance of \$0 and \$302,948, respectively.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE

As noted in the independent auditors' report, the Plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan. This information includes:

- Investment values as of April 1, 2022 and December 31, 2021, as shown in the statements of net assets available for benefits and the fair value disclosures in Note 4.
- Notes receivable from participants, as shown in the statements of net assets available for benefits as of April 1, 2022 and December 31, 2021.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period ended April 1, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to information certified by the trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.
- Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.
- Level 3 Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 1, 2022 and December 31, 2021 from prior periods.

Mutual Funds: Valued at closing quoted prices reported in active markets.

BrokerageLink: These investments consist of interest bearing cash as well as various publicly traded money market funds, mutual funds and common stock. These investments are valued at closing quoted prices reported in active markets.

Collective Trust Fund: Valued using the NAV practical expedient as reported by the trustee. The NAV is determined based on the fair value of the underlying assets owned by the fund, less liabilities, divided by the number of outstanding units. The collective trust funds has daily redemptions and one day trading terms. There are no unfunded commitments at April 1, 2022. The fund is a direct filing entity and as such, investment strategy disclosures are not required.

The following table sets forth by level, within the fair-value hierarchy, the Plan’s assets at fair value as of December 31, 2021. There were no plan assets as of April 1, 2022.

	2021			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 353,362,956	\$ -	\$ -	\$ 353,362,956
BrokerageLink	11,179,727	-	-	11,179,727
Investment measured at NAV ^(a)	-	-	-	21,939,213
Total assets at fair value	<u>\$ 364,542,683</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 386,481,896</u>

(a) In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds or the collective trust fund managed by Fidelity Management Trust Company, the trustee of the plan. Investment expenses and administrative expenses paid to the trustee qualify as party-in-interest transactions. The Plan also allows notes receivable from participants. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE 6 – PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants would become 100% vested in their Company contributions.

See Note 1 for discussion of the merger of the Plan into the (k) Praetorian Retirement Plan, a pooled employer plan.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined, and informed the Company by a letter dated August 19, 2015, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management evaluated the Plan’s tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the periods ended April 1, 2022 and December 31, 2021:

	<u>2022</u>	<u>2021</u>

Adjustment from contract value to fair value for fully benefit-responsive investment contracts	-	164,774
Employer contributions receivable	-	(687,279)
Net assets available for benefits per Form 5500	<u>\$ -</u>	<u>\$ 389,097,674</u>

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
(continued)

The following is a reconciliation of changes in net assets per the financial statements for the period January 1, 2022 through April 1, 2022 to the Form 5500:

Net decrease per financial statements	\$ (70,842,892)
Change in adjustment from contract value to fair value for fully benefit responsive investment contracts	(164,774)
Change in employer contributions	<u>687,279</u>
Net decrease per Form 5500	<u>\$ (70,320,387)</u>

NOTE 10 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through April 28, 2023, the date the financial statements were available to be issued and is not aware of any additional significant subsequent events which would require recognition or disclosure in the financial statements.
