***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the accompanying financial statements of DFA of California 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of DFA of California 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 of the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to

be independent of DFA of California 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DFA of California 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matters***

*Supplemental Schedules Required by ERISA*

The supplemental schedule of assets (held at year end) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. DESCRIPTION OF THE PLAN

The following description of the DFA of California 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** – The Plan is a defined contribution plan established on July 1, 1998, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan provides benefits for all employees of DFA of California (the Association) who have completed six months of service, as defined, and have attained the age of 21.

**Administration** – The Association is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Association has delegated certain responsibilities for the operation and administration of the Plan. Administrative and recordkeeping services are provided by Fidelity Management Trust Company. Plan investments are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company; therefore, the related transactions are party-in-interest transactions.

**Contributions** – Participants may contribute up to the maximum amount allowed by IRS limitations through pre-tax salary deferrals or Roth contributions, which are after-tax participant deferral contributions. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

**Matching** – On September 24, 2015, the board approved employer matching contributions of 5% of participant compensation for participants who have elected to defer beginning January 1, 2016 forward. Each pay period, participants receive a dollar-for-dollar match on their deferrals of up to 5% of their compensation.

**Participant accounts** – Individual accounts are maintained for each Plan participant to reflect the participant’s contributions and related matching contribution. Income and loss is allocated to the participant’s account based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund within the Plan. The vested balance in a participant’s account is the benefit to which the participant would be entitled upon termination or retirement.

**Vesting –** Participants' contributions and rollovers from other qualified plans are 100% vested at all times. The Association's employer matching contributions vest at a rate of 20% per year of service. The Plan was amended as of January 1, 2016 to allow Safe Harbor Employer Matching Contributions in which participants are immediately 100% vested.

**Payment of benefits** – Benefits are payable upon retirement, termination, disability, hardship, or death. Benefits are paid in either a single lump sum distribution or a rollover to another qualified plan or an individual retirement account.

**Notes receivable from participants** – Under certain circumstances, participants are allowed to borrow against their vested account balance. Notes receivable must be for a minimum of $1,000 and are capped at the lesser of one-half of the participant’s vested account balance or $50,000. All notes receivable must bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates. Notes receivable must be repaid in level payments through after-tax payroll

deductions on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence, in which case the note repayment period may not extend beyond 10 years from the date of the note.

**Forfeitures** – Forfeitures are kept in a separate investment account and are applied first to reduce the employer paid administrative expenses and then employer contributions. The forfeiture account balance was $594 and $1,430 at December 31, 2022 and 2021, respectively. The forfeiture account was used to reduce administrative expenses by $1,438 and $1,438 for the years ending December 31, 2022 and 2021, respectively.

**Investment options** – Plan investments are self-directed by the individual participants. Upon enrollment in the Plan, a participant may direct employee contributions in any selected investment options consisting of mutual funds or common/collective trust of varying risks managed by Fidelity Investments.

**Costs of administration** – The Plan and participants share all management costs. For 2022, these costs were $2,488 for the Plan. The Association pays administrative costs for the record-keeper. For 2021 these costs were $1,714.

**Subsequent events** have been evaluated for recognition and disclosure through May 1, 2023, the date the financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2022, that requires recognition or disclosure in the financial statements.

## 2. SIGNIFICANT ACCOUNTING POLICIES

**Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting.

**Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment valuation and income recognition** – The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains (losses) are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

**Notes receivable from participants** are valued at the outstanding note balance, plus accrued unpaid interest, which approximates fair market value.

**Interest on notes receivable from participants** is recognized in the period it is assessed.

**Benefit payments** are recorded when paid.

**Income taxes** – The Plan obtained its latest determination letter on December 5, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently amended effective December 24, 2002, to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001. Additionally, the Plan was amended effective June 30, 2006, to allow for Roth deferral contributions in 2010 to modify eligibility requirements, and in 2015 to modify the employer match. The Association has not yet received a determination letter for the amended and restated Plan. The Association believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

## 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will automatically become fully vested in their accounts.

## 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Stable value fund*: Valued at the plan's share of the sum of the market value of all of the fund's underlying investments, which include fixed income investments, investment contracts issued by insurance companies and other financial institutions, and money market funds.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

| | Assets at Fair Value as of December 31, 2022 | | |
|---|---|---|---|
| **Investment type** | **Level 1** | **Level 2** | **Level 3** |
| Mutual funds | $ 3,580,481 | | |
| Stable value fund | | | $ 5,649 |
| Total | $ 3,580,481 | $ | $ 5,649 |

| | Assets at Fair Value as of December 31, 2021 | | |
|---|---|---|---|
| **Investment type** | **Level 1** | **Level 2** | **Level 3** |
| Mutual funds | $ 5,073,911 | | |
| Stable value fund | | | $ 6,898 |
| Total | $ 5,073,911 | $ | $ 6,898 |

Changes in the Level 3 assets for the year ending December 31, 2022, consist of the following:

| | Stable Value Fund |
|---|---|
| Beginning balance | $ 6,898 |
| Net depreciation in fair value | (469) |
| Purchases | 2,944 |
| Sales | (3,724) |
| Ending balance | $ 5,649 |

## 5. CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income

on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

## 6. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and benefit obligations.

## 7. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net decrease in net assets per the financial statements to the Form 5500 at December 31, 2022:

| | |
|---|---|
| Net decrease in net assets per the financial statements | $ (1,477,505) |
| Plus: Rounding differences | (1) |
| Net decrease in net assets per the Form 5500 | $ (1,477,506) |

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021:

| | |
|---|---|
| Net assets available for benefits per the financial statements | $ 5,084,350 |
| Less: Rounding differences | 1 |
| Net assets available for benefits per the Form 5500 | $ 5,084,351 |

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the accompanying financial statements of DFA of California 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of DFA of California 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 of the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to

be independent of DFA of California 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DFA of California 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matters***

*Supplemental Schedules Required by ERISA*

The supplemental schedule of assets (held at year end) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. DESCRIPTION OF THE PLAN

The following description of the DFA of California 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** – The Plan is a defined contribution plan established on July 1, 1998, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan provides benefits for all employees of DFA of California (the Association) who have completed six months of service, as defined, and have attained the age of 21.

**Administration** – The Association is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Association has delegated certain responsibilities for the operation and administration of the Plan. Administrative and recordkeeping services are provided by Fidelity Management Trust Company. Plan investments are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company; therefore, the related transactions are party-in-interest transactions.

**Contributions** – Participants may contribute up to the maximum amount allowed by IRS limitations through pre-tax salary deferrals or Roth contributions, which are after-tax participant deferral contributions. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

**Matching** – On September 24, 2015, the board approved employer matching contributions of 5% of participant compensation for participants who have elected to defer beginning January 1, 2016 forward. Each pay period, participants receive a dollar-for-dollar match on their deferrals of up to 5% of their compensation.

**Participant accounts** – Individual accounts are maintained for each Plan participant to reflect the participant’s contributions and related matching contribution. Income and loss is allocated to the participant’s account based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund within the Plan. The vested balance in a participant’s account is the benefit to which the participant would be entitled upon termination or retirement.

**Vesting –** Participants' contributions and rollovers from other qualified plans are 100% vested at all times. The Association's employer matching contributions vest at a rate of 20% per year of service. The Plan was amended as of January 1, 2016 to allow Safe Harbor Employer Matching Contributions in which participants are immediately 100% vested.

**Payment of benefits** – Benefits are payable upon retirement, termination, disability, hardship, or death. Benefits are paid in either a single lump sum distribution or a rollover to another qualified plan or an individual retirement account.

**Notes receivable from participants** – Under certain circumstances, participants are allowed to borrow against their vested account balance. Notes receivable must be for a minimum of $1,000 and are capped at the lesser of one-half of the participant’s vested account balance or $50,000. All notes receivable must bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates. Notes receivable must be repaid in level payments through after-tax payroll

deductions on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence, in which case the note repayment period may not extend beyond 10 years from the date of the note.

**Forfeitures** – Forfeitures are kept in a separate investment account and are applied first to reduce the employer paid administrative expenses and then employer contributions. The forfeiture account balance was $594 and $1,430 at December 31, 2022 and 2021, respectively. The forfeiture account was used to reduce administrative expenses by $1,438 and $1,438 for the years ending December 31, 2022 and 2021, respectively.

**Investment options** – Plan investments are self-directed by the individual participants. Upon enrollment in the Plan, a participant may direct employee contributions in any selected investment options consisting of mutual funds or common/collective trust of varying risks managed by Fidelity Investments.

**Costs of administration** – The Plan and participants share all management costs. For 2022, these costs were $2,488 for the Plan. The Association pays administrative costs for the record-keeper. For 2021 these costs were $1,714.

**Subsequent events** have been evaluated for recognition and disclosure through May 1, 2023, the date the financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2022, that requires recognition or disclosure in the financial statements.

## 2. SIGNIFICANT ACCOUNTING POLICIES

**Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting.

**Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment valuation and income recognition** – The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains (losses) are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

**Notes receivable from participants** are valued at the outstanding note balance, plus accrued unpaid interest, which approximates fair market value.

**Interest on notes receivable from participants** is recognized in the period it is assessed.

**Benefit payments** are recorded when paid.

**Income taxes** – The Plan obtained its latest determination letter on December 5, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently amended effective December 24, 2002, to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001. Additionally, the Plan was amended effective June 30, 2006, to allow for Roth deferral contributions in 2010 to modify eligibility requirements, and in 2015 to modify the employer match. The Association has not yet received a determination letter for the amended and restated Plan. The Association believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

## 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will automatically become fully vested in their accounts.

## 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Stable value fund*: Valued at the plan's share of the sum of the market value of all of the fund's underlying investments, which include fixed income investments, investment contracts issued by insurance companies and other financial institutions, and money market funds.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

| | Assets at Fair Value as of December 31, 2022 | | |
|---|---|---|---|
| **Investment type** | **Level 1** | **Level 2** | **Level 3** |
| Mutual funds | $ 3,580,481 | | |
| Stable value fund | | | $ 5,649 |
| Total | $ 3,580,481 | $ | $ 5,649 |

| | Assets at Fair Value as of December 31, 2021 | | |
|---|---|---|---|
| **Investment type** | **Level 1** | **Level 2** | **Level 3** |
| Mutual funds | $ 5,073,911 | | |
| Stable value fund | | | $ 6,898 |
| Total | $ 5,073,911 | $ | $ 6,898 |

Changes in the Level 3 assets for the year ending December 31, 2022, consist of the following:

| | Stable Value Fund |
|---|---|
| Beginning balance | $ 6,898 |
| Net depreciation in fair value | (469) |
| Purchases | 2,944 |
| Sales | (3,724) |
| Ending balance | $ 5,649 |

## 5. CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income

on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

## 6. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and benefit obligations.

## 7. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net decrease in net assets per the financial statements to the Form 5500 at December 31, 2022:

| | |
|---|---|
| Net decrease in net assets per the financial statements | $ (1,477,505) |
| Plus: Rounding differences | (1) |
| Net decrease in net assets per the Form 5500 | $ (1,477,506) |

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021:

| | |
|---|---|
| Net assets available for benefits per the financial statements | $ 5,084,350 |
| Less: Rounding differences | 1 |
| Net assets available for benefits per the Form 5500 | $ 5,084,351 |
