Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Diamond Materials, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all

- material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence

the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the

supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Diamond Materials, LLC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DIAMOND MATERIALS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of the Diamond Materials, LLC 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Diamond Materials, LLC (the Company) who have one year of service and are age twenty-one or older.

Contributions

Each year, the participants may elect to contribute from 1% to 100% of their annual compensation, subject to deferral limitations under Federal law. The Company makes safe-harbor contributions equal to 100% of the participants' salary deferral contributions that did not exceed 3% of the participants' compensation and 50% of the participants' salary deferral exceeding 3% but not greater than 5% of the participants' compensation. Discretionary amounts determined each year by the Company can also be added to the Plan and allocated among participants as profit sharing or qualified non-elective contributions, subject to allocation and vesting requirements of the Plan. In 2021, the Company made contributions in the amount of \$478,784, net of forfeitures applied.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of (a) Company contributions and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, safe-harbor contributions and actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions is based on years of continuous service. A participant is fully vested after 5 years of service. Participants are 100% vested in special non-elective contributions at the time of contribution.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount. For termination of service due to other reasons, a participant will receive the value of the vested interest in a lump sum distribution.

Non-terminated employees may receive a hardship distribution for certain qualifying events or circumstances as defined by the Plan.

DIAMOND MATERIALS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participants' notes receivable

The Plan does not permit participant loans.

Forfeited accounts

Forfeited amounts will be used to reduce future employer contributions. Forfeitures for the year ended December 31, 2021, were \$1,839.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of benefits

Benefits are recorded when paid.

Operating expenses

Certain expenses are paid by the Plan, however a significant portion of administrative costs are paid by the Company.

DIAMOND MATERIALS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction from net assets.

Subsequent events

Subsequent events were evaluated through October 13, 2022, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520, 103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, John Hancock Life Insurance Company (USA) has certified the following information, which has not been subject to audit by independent auditors, to be complete and accurate:

- Investment balances included in the statements of net assets available for benefits at December 31, 2021 and 2020, and in the notes to the financial statements.
- Investment income (loss) included in the statement of changes in net assets available for benefits for the year ended December 31, 2021, and in the notes to the financial statements.
- Information included in the accompanying schedule of assets (held at end of year).

4. TAX STATUS

The Plan obtained its latest determination letter June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

In accordance with ASC 740, Income Taxes, the Plan has evaluated all uncertain tax positions and deems that more likely than not, all positions taken will be sustained under examination. Positions taken prior to 2018 are no longer subject to examination. The Plan recognizes interest accrued related to unrecognized income tax benefits in interest expense and penalties in administrative expense. No such interest or penalties were recognized during 2021.

The Plan is subject to examination by the IRS for the tax years ending 2018, 2019, and 2020, generally for three years after they are filed.

DIAMOND MATERIALS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

5. PLAN RESTATEMENT

The Plan was restated effective January 1, 2021.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100 percent vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

DIAMOND MATERIALS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

8. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts - The fair value of the mutual funds included in the underlying assets are used to determine the net asset value (NAV) of the account. The NAV is used as a practical expedient to estimate fair value. For these funds there are no unfunded commitments, redemption restrictions and participants can transact daily.

Guaranteed interest accounts – The fair value of the investment is reported at the contract value as this is the amount at which the investment would be redeemed by the participant.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan has applied the practical expedient in ASC 820 for assets valued using NAV and therefore the pooled separate accounts are excluded from the hierarchy. Values are included in the tables below to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

8. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

<u>December 31, 2021</u>	<u>Level 2</u>	<u>Total</u>
Guaranteed interest accounts	\$ 109,178	\$ 109,178
Pooled separate accounts (measured at NAV as practical expedient)		8,620,687
Total investments at fair value		<u>\$ 8,729,865</u>
<u>December 31, 2020</u>	<u>Level 2</u>	<u>Total</u>
Guaranteed interest accounts	\$ 91,316	\$ 91,316
Pooled separate accounts (measured at NAV as practical expedient)		7,168,159
Total investments at fair value		<u>\$ 7,259,475</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net investment gain (loss) from pooled accounts.

9. INVESTMENTS

Substantially all of the investments held by the Plan are included in a group annuity contract with John Hancock Life Insurance Company (USA). Investments within the contract consist primarily of mutual funds in pooled separate accounts (sub-accounts) which are participant directed.

The contract also includes investments in guaranteed interest accounts through John Hancock Life Insurance Company (USA). A composite interest rate is determined at the end of the year for each participant account depending upon the amount contributed and the rate in effect at the time of contribution. Inter-account transfers from these funds may be subject to market value adjustments. Based on the terms of the contract, this investment is not considered a fully benefit-responsive investment.

The Plan also maintains a cash account for forfeited balances.

10. SCHEDULE H RECONCILIATION

Excess contributions are accrued for financial statement purposes and recorded when paid for the purposes of schedule H of form 5500. The schedules below reconcile the net asset and net income amounts reported on schedule H to net assets available for plan benefits and the increase in net assets available for benefits reflected in the financial statements.

11. PARTY-IN-INTEREST

Certain Plan investments are invested in funds issued or managed by John Hancock Life Insurance Company (USA). John Hancock Life Insurance Company (USA) is the custodian as defined by the plan document and, therefore, these transactions are considered party-in-interest transactions.

John Hancock Life Insurance Company (USA) provides recordkeeping and other administrative services for the benefit of the plan. Administrative fees also include amounts paid to the Plan's advisor and a third party administrator which also qualify as party-in-interest transactions. Fees paid for administrative services during 2021 amounted to \$95,104.
