INDEPENDENT AUDITOR'S REPORT

To: Plan Administrator
Leon Farmer & Company 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Leon Farmer & Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Leon Farmer & Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Leon Farmer & Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Leon Farmer & Company 401(k) Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Leon Farmer & Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Leon Farmer & Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes, as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LEON FARMER & COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A—DESCRIPTION OF PLAN

The following description of the Leon Farmer & Company 401(k) Plan ("The Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Leon Farmer & Company 401(k) Plan (the "Plan") is a single employer defined contribution plan adopted January 1, 1995, covering all eligible employees of Leon Farmer & Company (the "Company"). The Plan adopted by the Company is a prototype plan established by Paine Webber for adoption by participating employers. A further description of the Plan is made in the Summary Plan Description, which was made available to all participants.

Eligibility: Employees of the Company that are 18 or older are eligible to participate in the Plan on the first planned entry date following one year of active service. Planned entry dates are January 1 and July 1 of every year.

Contributions: Participants may contribute tax deferred or after tax compensation (employee deferral) of not less than one percent and not more than 15% of eligible compensation as defined in the Plan, not to exceed \$19,500, with an additional \$6,500 for those 50 years of age or more at the end of the plan year, which is December 31, 2021. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. Each Participant may direct the investment of their contributions into various investment options offered by the Plan.

Supplemental Company Contributions: The Company may elect to make a matching contribution to eligible active participants for each year. The Company elected to contribute a 50% matching contribution up to \$1,500 per participant. For the plan year ending December 31, 2021 and 2020, the total amounts of the Company's matching contributions were \$121,682 and \$122,381, respectively.

Participant Accounts. Each participant's account is credited with the participant's contributions, the Company's matching contributions, if any, and investment earnings and appreciation or depreciation of the value of investments, and is charged for participant distributions, loans, and its respective allocation of administrative expenses. The benefit to which a participant is entitled is the value of the participant's employee deferral account and the value of its vested portion of the employers matching contribution account.

Vesting: Participants are immediately vested in their salary deferrals and voluntary contributions, plus actual earnings thereon. Vesting in Company contributions and earnings thereon is based on years of continuous service and increases in increments of 20% per year starting in year two until fully vested after six years of credited service.

Notes Receivable from participants: Participants may borrow up to 50% of their vested account balance, with a minimum of \$1,000 and a maximum of \$50,000. Maturities on notes receivable are for a maximum of five years, or for the purchase of a primary residence, a term to be decided by the Plan administrator. Participants are allowed to have only one note receivable outstanding at a time. Notes receivable are secured by the participant's vested balances, bear interest at prime plus 1% at the time of the borrowing, and generally must be repaid from payroll deductions over the loan term.

Notes receivable are generally payable in full upon a participant's termination of employment or the occurrence of certain events. Notes receivable as of December 31, 2021 carry interest rates ranging from 4.25% - 6.50%, with various maturities through August 2026. Delinquent notes receivable are recorded as distributions based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits: The full value of a participant's account balance is payable at the participant's normal retirement age, even if the participant continues to work, or the participant may defer payment until April 1, following the year the participant reaches age 72. If a participant continues to work beyond normal retirement age, he or she will continue to fully participate in the plan. Upon attainment of age 59 ½, benefits attributable to Employer contributions allocated to a participant are available for withdrawal if the participant is 100% vested in those benefits. Benefits attributable to a participant's voluntary contributions under the Plan plus any rollovers are available for withdrawal upon request to the Plan Administrator. Transfer contributions may be withdrawn only if they originate from plans meeting certain safe harbor provisions. Hardship withdrawals may be authorized by the Employer to assist in: purchasing a participant's primary personal residence; paying tuition expenses for the participant, spouse, or dependents; paying expenses incurred by the participant, spouse, dependents for hospitalization, doctor or surgery expenses which are not covered by insurance; or, to prevent eviction from or foreclosure on the participant's personal residence.

Forfeitures: Forfeitures represent the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to pay administrative expenses and reduce the Company contribution. The Company had \$2,551 and \$3,591 in forfeitures in 2020 and 2021, respectively. Unallocated forfeited balances as of December 31, 2020 and 2021 were not material.

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. See Note D for discussion of fair value measurements.

Income Recognition: Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) in fair value of investments consists of both the realized gains or losses and unrealized appreciation or depreciation of those investments.

Payment of Benefits: Payment of benefits is recorded when paid.

Administrative Expenses: Administrative expenses and investment advisory fees paid by the Plan for 2021 were \$142,634. The Plan permits the payment of Plan expenses to be made by the Company or from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants in the Plan.

NOTE D—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provided the framework for measuring fair value. That framework provides a fair value hierarchy that give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 Measurement) and the lowest priority to unobservable inputs (level 3

measurement). The three levels of the fair value hierarchy under FASB ASC 8209 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
Level 2	Inputs to the valuation methodology include – • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 or 2021.

Mutual Funds – Valued at quoted prices the net asset value (NAV) of shares held by the Plan at Year End.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2021.

NOTE E – TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (the Prototype Plan). The Prototype Plan received a favorable determination letter dated June 30, 2020, stating that the written form of the underlying prototype is qualified under Section 401 of the Internal Revenue Code (IRC), and that any employer adopting this form of the plan will be considered to have qualified under Section 401 of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE F – RISKS AND UNCERTAINTIES

The participants invest in various investment securities. Investment securities are exposed to various risks, such as market, interest rate, and credit risk. It is reasonably possible that given the level of risk associated with investment securities, changes in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE G – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of registered investment company funds managed by Matrix Trust Company ("Matrix"). Any purchases and sales of these funds are performed in the open market at fair value. As Matrix is the custodian and trustee of the Plan, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE H – PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE I—CERTIFICATION OF FINANCIAL INFORMATION

The asset custodian has provided certification that the financial information provided to the Plan is complete and accurate. The information as to investment assets and transactions therein included in the accompanying financial statements and supplemental schedules is covered by such certification and has not been examined by independent auditors.

NOTE J – CHANGE OF SERVICE PROVIDER

As of August 1, 2022, the plan has transitioned to a new service provider of recordkeeping, trustee services, and investment options. The policies of the plan are not expected to change.

NOTE K—SUBSEQUENT EVENTS

The Company has evaluated subsequent events through August 31, 2022 the date which the financial statements were available to be issued.
