## INDEPENDENT AUDITOR'S REPORT

To the Trustees  
**Flexion 401(k) Plan**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the accompanying financial statements of **Flexion 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits (in liquidation) as of July 21, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits (in liquidation) for the period from January 1, 2022 through July 21, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Flexion 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of July 21, 2022 and for the period ended July 21, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the Financial Statements**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Flexion 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Flexion 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Flexion 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Flexion 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## FLEXION 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### NOTE 1: DESCRIPTION OF PLAN

The following description of Flexion 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

**General:** The Plan was a defined-contribution plan covering substantially all employees of Flexion Therapeutics, Inc. (the “Company”). An employee became eligible to participate for purposes of salary reduction contributions upon hiring. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

**Plan Termination:** The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Effective October 13, 2021, the Company elected to terminate the Plan and the final contributions were made to the Plan on November 17, 2021. All participants were fully vested in their accounts and the remaining Plan assets were fully distributed on July 21, 2022.

**Participant Contributions:** Each year, participants could contribute an amount up to a certain percentage of their pretax annual compensation, as defined in the Plan, subject to limits set by the Internal Revenue Code (“IRC”). Participants who attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions as prescribed by Treasury regulations. The Plan also allowed contributions to be designated as after-tax Roth deferral contributions. Participants, with the consent of the Plan Administrator, may have deposited amounts received from any other retirement plan which satisfied the tax rules for rollovers.

Unless an eligible employee affirmatively elected otherwise, the Company automatically deferred 3% of the employee’s compensation to the Plan beginning when the employee became eligible to participate in the Plan.

**Employer Contributions:** The Company had elected to make safe harbor employer contributions in an amount equal to 100% on the first 3% of a participant’s eligible compensation. These contributions satisfied certain IRC requirements and eliminated the need for the Plan to perform certain annual non-discrimination tests. Participants were 100% vested in these contributions when made.

Additionally, the Company could elect to make employer discretionary contributions in an amount equal to 50% of the participant’s contribution up to 3% of a participant’s eligible compensation. The Company did not employer discretionary contributions the period ended July 21, 2022.

**Participant Accounts:** Each participant’s account was credited with the participant’s contributions and Plan earnings or losses and charged with an allocation of administrative expenses, if any. Allocations of participant earnings were based on account balances, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant’s vested account balance.

## FLEXION 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

**Investment Options:** Participants directed the investment of contributions into various investment options offered by the Plan.

**Forfeitures:** At July 21, 2022 and December 31, 2021, forfeited non-vested accounts totaled \$0 and \$72, respectively. Forfeited non-vested accounts were used to reduce future employer contributions or plan expenses. Forfeited non-vested accounts used to pay plan expenses were \$72 for the period ended July 21, 2022.

**Vesting:** Participants were immediately vested in their voluntary contributions, employer contributions, and any actual earnings thereon.

**Notes Receivable from Participants:** Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Notes receivable terms ranged from one to five years, or up to fifteen years for the purchase of a primary residence with the interest rate similar to rates which were being charged on similar commercial loans by persons in the business of lending money. Loans were secured by the balances in the participants' accounts and all loans were reclassified as distributions as of July 21, 2022. Principal and interest were paid ratably usually through payroll deductions but must have been paid on at least a quarterly basis.

**Payment of Benefits:** Total or partial distributions from the Plan were permitted upon a participant's attainment of age 59½, termination of employment, retirement, death, or disability. Withdrawals were also permitted for certain events that result in financial hardship to the participant. If a participant terminated employment for any reason, his or her account becomes 100% distributable if below \$5,000.

#### NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting:** The financial statements of the Plan have been prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The financial statements have been prepared to satisfy the reporting and disclosure requirements of ERISA.

**Investment Valuation and Income Recognition:** Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate a permitted transaction under the terms of the Plan. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and other parties involved with the Plan. See Note 3 for discussion of fair value measurements.

## FLEXION 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Administrative Expenses:** Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

**Use of Estimates:** The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties:** The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

**Payment of Benefits:** Benefit payments to participants are recorded when paid.

**Notes Receivable from Participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 21, 2022 and December 31, 2021.

**Uncertain Tax Positions:** GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 21, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

## FLEXION 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

#### NOTE 3: FAIR VALUE MEASUREMENTS

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under The Financial Accounting Standards Board (“FASB”), Accounting Standards Codification (“ASC”) 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at July 21, 2022 and December 31, 2021.

*Pooled separate accounts:* Valued at the unit value based on the net asset value (“NAV”) of the underlying mutual fund at year end. The NAV, as provided by the fund manager, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined that the fund will sell the investment for an amount different from the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**FLEXION 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 3: FAIR VALUE MEASUREMENTS (CONTINUED)**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value :

	<u>July 21, 2022</u>	<u>December 31, 2021</u>
Investments measured at net asset value (a)		
Pooled separate accounts	<u>\$ -</u>	<u>\$ 28,720,098</u>
Total investments at fair value	<u>\$ -</u>	<u>\$ 28,720,098</u>

(a) In accordance with Subtopic 820-10, the pooled separate account investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Fair Value of Investments in Entities that Use NAV:** The following table summarizes the pooled separate accounts measured at fair value based on NAV per share as of December 31, 2021:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Pooled Separate Accounts	\$ 28,720,098	None	Daily	None	30 days

## **FLEXION 401(k) PLAN**

### **NOTES TO FINANCIAL STATEMENTS**

---

#### **NOTE 4: INVESTMENT CONTRACT**

The Voya Fixed Account is a fully benefit-responsive investment contract. Investment contracts held by a defined contribution plan are required to be reported at contract value, if fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions to Voya Institutional Trust Company (“Voya”) under this contract are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

There are no unfunded commitments. Under the terms of the contract, the Plan sponsor must provide a minimum of 90 days notice to Voya prior to redemption of the contract.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (2) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA, or (3) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

#### **NOTE 5: TAX STATUS**

The Internal Revenue Service has determined in its opinion letter dated September 30, 2014 that the non-standardized prototype plan document adopted by the Plan constitutes a qualified trust under Section 401(a) of the IRC and is exempt from Federal income taxes under provisions of Section 501(a). The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

#### **NOTE 6: CERTIFICATION OF TRUSTEE**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, the trustee certified that the following data included in the accompanying financial statements are complete and accurate.
