Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Meridian Management Services L 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Meridian Management Services L 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Meridian Management Services L 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Meridian Management Services L 401(k) Profit Sharing Plan & Trust 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Meridian Management Services L 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule on page 13 as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Meridian Management Services L 401(k) Profit Sharing Plan & Trust were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 6, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MERIDIAN MANAGEMENT SERVICES L 401(K)
PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2021 AND 2020

1. Description of the Plan:

The following brief description of Meridian Management Services L 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established January 1, 2003, is a 401(k) profit sharing plan which covers substantially all employees of Meridian Management Services and certain affiliated entities (the "Plan Sponsor") who are at least 18 years of age and have two months of service. The Plan included 14 participating entities as of and for the year ended December 31, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, including monitoring investment performance.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) in 2020. The Plan did not implement any of these optional provisions from the recent law changes.

Contributions:

The Plan allows participants to elect to contribute a portion of their annual compensation on a pre-tax or Roth basis up to 92% of his or her compensation, limited by the maximum amount allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or deferred contribution plans (rollover). Contributions received are net of liabilities of $40,479 in 2021 to active participants to return excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount is included in the statements of net assets available for benefits as excess contributions payable, participants. Excess contributions payable at December 31, 2021 were paid in March 2022.

The Plan provides for discretionary employer matching contributions. No employer matching contributions were made during 2021 or 2020. The Plan Sponsor may also make a discretionary profit sharing contribution to the Plan. The amount of the profit sharing contribution is determined annually by the Plan Sponsor. No profit sharing contributions were made during 2021 or 2020.

Participants' accounts:

Separate accounts for each participant are maintained by Paychex, Inc. (Paychex), the recordkeeper of the Plan. Each participant's account is credited with the participant's contribution and Plan Sponsor contributions, as well as allocations of the Plan Sponsor's profit sharing contribution and Plan earnings. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant accounts are charged with certain transaction fees and other administrative expenses are paid by the Plan Sponsor. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued):

Vesting:

Participants are immediately vested in their rollover and participant contributions and related earnings thereon. In accordance with the plan document, participants vest in discretionary employer match and discretionary profit sharing contributions in accordance with the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants will be fully vested in Plan Sponsor match and discretionary profit sharing contributions upon death, disability, or reaching normal retirement age (65 years of age, as defined in the Plan agreement).

Forfeitures are used offset Plan Sponsor contributions. There were no forfeitures used to reduce employer contributions during the years ended December 31, 2021 and 2020. There were no unallocated forfeitures at December 31, 2021 and 2020.

Payment of benefits:

Upon termination of service for any reason, prior to the normal retirement age, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Upon termination of service for any reason, after the normal retirement age (as defined in the Plan agreement), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump sum, in an installments or towards the purchase of an annuity contract.

The Plan permits in-service withdrawals for participants who have attained age 59½ or who have incurred a disability (as defined in the Plan agreement). In the case of hardship, a participant may apply for a distribution equal to the participant's pre-tax contributions, as described in the Plan agreement. Lump sum distributions are required if the vested balance is $5,000 or less.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires the management to make estimates and assumptions that affect the amounts reported to the financial statements and accompanying notes. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition:

Investments are reported at fair value by Mid Atlantic Trust Company, the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefit payments to participants are recorded when paid.

Administrative expenses:

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Certain expenses of maintaining the Plan and other professional fees are paid by the Plan Sponsor and are excluded from these financial statements. The Plan Sponsor provides other accounting and administrative services at no cost to the Plan. No such employee, nor the Plan Sponsor, receives compensation from the Plan. Investment related expenses are included in net appreciation in fair value of investments on the statements of net assets available for benefits. These transactions qualify as party-in-interest transactions.

Reclassification:

Certain amounts in the 2020 financial statements have been reclassified to conform to the current year’s presentation.

3. Investments:

The following table presents the current value of investments at December 31, 2021 and 2020. All investments are participant-directed:

	2021	2020
Investments:		
Mutual funds (at fair value)	$ 2,098,778	$ 1,652,691
Collective investment trust fund (at contract value)	15,467	9,367
Total investments	$ 2,114,245	$ 1,662,058

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair value (continued):

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	2021 (Level 1)	2020 (Level 2)
Mutual funds	$ 2,098,778	$ 1,652,691

5. Investment contract:

The Plan has a fully benefit-responsive collective investment trust contract with Mid Atlantic Trust Company at December 31, 2021 and 2020. Mid Atlantic Trust Company maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The collective investment trust contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the collective investment trust contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed collective investment trust contract.

Contract value, as reported to the Plan by Mid Atlantic Trust Company represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan’s ability to transact at contract value with Mid Atlantic Trust Company at December 31, 2021 and 2020. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan’s prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan’s ability to transact at contract value with Plan participants, is probable.

The collective investment trust contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average interest rate credited to participants for the investment contract was 2.04% in 2021 and 2.15% in 2020.

6. Certified investments:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Mid Atlantic Trust Company, the trustee of the Plan, in accordance with Section 2520-103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

7. Income tax status:

The IRS has determined that the prototype plan under which the Plan is organized and is designed in accordance with applicable sections of the Internal Revenue Code (Code). The Plan is required to operate in conformity with the Code to maintain its qualification and the prototype plan received a favorable determination letter from the IRS dated April 14, 2014. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and uncertainties:

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of the COVID-19 pandemic, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

9. Party-in-interest transactions:

Certain fees related to the administration of the Plan were paid by the Plan or the Plan Sponsor, which qualify as party-in-interest transactions.

10. Plan termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their account balances.

11. Subsequent events:

During February 2022, the Plan Sponsor divested 6 of the Plan's participating entities.

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through February 20, 2023, the date the Plan's financial statements were available to be issued.
