INDEPENDENT AUDITORS' REPORT - 2021

Beitzel Corporation, Administrator
Beitzel Corporation and Pillar Innovations, LLC
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Beitzel Corporation and Pillar Innovations, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements. Management, having determined it is permissible in the circumstances, has elected to have the audit of Beitzel Corporation and Pillar Innovations, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Beitzel Corporation, Administrator
Beitzel Corporation and Pillar Innovations, LLC
401(k) Profit Sharing Plan
Independent Auditors' Report

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Beitzel Corporation and Pillar Innovations, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Beitzel Corporation and Pillar Innovations, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Beitzel Corporation, Administrator
Beitzel Corporation and Pillar Innovations, LLC
401(k) Profit Sharing Plan
Independent Auditors' Report

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Beitzel Corporation and Pillar Innovations, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Beitzel Corporation and Pillar Innovations, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

Independent Auditors' Report

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Beitzel Corporation and Pillar Innovations, LLC (“Companies”) 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Companies who have at least 60 days of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum allowed under the Internal Revenue Code. Effective as of January 1, 2020, the Plan Sponsor amended the provisions of employer contributions to allow both pre-tax and after-tax (Roth) deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Effective as of January 1, 2019, the Plan Sponsor amended the provisions of the employer contribution to be determined based upon whether the participant qualified as a Tier 1 or Tier 2/Tier 3 employee. The Companies contribute 25% of the first 4% of base compensation for any eligible Tier 1 employee with at least one year of service that contributes to the Plan. The Companies contribute 50% of the first 6% of base compensation for any eligible Tier 2 employee with at least one year of service that contributes to the Plan. Additional amounts may be contributed at the option of the Companies’ boards of directors. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant’s account is credited with the participant’s voluntary contribution and allocations of (a) the Companies’ contribution and, (b) Plan earnings (losses), and charged with the participant’s distributions, withdrawals, and an allocation of administrative expenses, at the direction of the plan administrator. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Companies’ matching and discretionary contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 - 5 years. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined by the plan administrator. The interest rate on new loans is presently 5.25%. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary may choose from various methods by which benefits are to be distributed as defined by the plan.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$1,301 and \$3,853, respectively. Forfeitures were used to reduce employer contributions in the amount of \$23,654 and \$11,341 at December 31, 2021 and 2020, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Participant Notes Receivable

Participants notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan will distribute the 2021 excess contributions to the applicable participants prior to December 31, 2022.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fixed investment account which is a fully benefit-responsive investment contract and is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The value of a unit in a pooled separate account is the fair market value of investments in the account as of the valuation date, plus cash balances and accruals less accounts payable, expenses and taxes that are allocable to the account, divided by the number of outstanding participation units in the account. Securities held in the pooled separate accounts are valued based on quoted market prices. If there is no readily available market value for a particular security, the investment manager will determine the fair market value of such investment in accordance with accepted practices and applicable laws and regulations. As of any date, the value of the Plan's share of a separate account will equal the number of participation units held by the Plan multiplied by the participation unit value.

The Plan does not require collateral to secure investment instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All operating expenses of maintaining the Plan are paid by the Companies and therefore excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fixed investment contract that is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- 1) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- 2) Premature termination of the contracts.
- 3) Plan termination or merger.
- 4) Changes to the Plan's prohibition on competing investment options.
- 5) Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events include the following:

- 1) An uncured violation of the Plan's investment guidelines.
- 2) A breach of material obligation under the contract.
- 3) A material misrepresentation.
- 4) A material amendment to the agreements without the consent of the issuer.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020, was \$1,548,270 and \$2,074,876, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

Investments in the Plan's variable investment account (pooled separate account) are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels.

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable quoted prices in inactive markets for identical or similar assets or liabilities. Level 3 inputs are unobservable and have the lowest priority. The Plan's investments held in the Flexible Advantage Account are valued entirely using Level 2 inputs (observable inputs other than quoted prices for identical assets).

The valuation methodology used for assets measured at fair value was the original unit value, gross investment rate and daily asset management charge percentages. Each dollar amount invested for each participant is invested based on that day's unit value. The original unit value changes daily based on multiplying the previous days unit value by the current day's gross investment growth rate after adjusting for daily asset management charge percentages. There were no changes in methodology used at December 31, 2020.

At December 31, 2021, the Plan's variable investment accounts were transferred to a pooled separate account. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. The Plan's investments in the pooled separate account and administered by Voya are valued entirely using Level 2 inputs (observable inputs other than quoted prices for identical assets).

The valuation methodology used for the assets measured at fair value and held in the pooled separate account was the accumulated units of the variable investment that are credited to participant's account (also known as the participant's variable investment account "Account Value").

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated March 19, 1992, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United State of America required the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions taken by the Plan that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE 8- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9 - ERISA SECTION 103(a)(3)(C) AUDIT DISCLOSURE

The investment asset values, transactions, and income, and the schedules of assets held for investment purposes and reportable transactions were certified by Voya Retirement Insurance and Annuity Company, third party plan custodian, as of December 31, 2021 and 2020 to be complete and accurate.

NOTE 10 - ERISA FIDELITY BOND COVERAGE

The amount of the Plan's ERISA Fidelity Bond coverage as of December 31, 2021 was sufficient in relation to the Plan's assets. The IRS/DOL requires the bond to be at least equal to the lesser of 10% of plan assets or \$500,000. The Plan's policy is \$600,000 as of December 31, 2021 and therefore, provides compliance.

NOTE 12 – CARES ACT AND SECURE ACT

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of the new strain of coronavirus (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Plan’s assets. The Plan is not able to estimate the effects of the COVID-19 outbreak on investment values and returns for future reporting periods.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. As permitted by the CARES Act, the Plan opted to implement the following provisions:

- Through December 31, 2020, qualified individuals are permitted to take a distribution in an amount up to \$100,000 from the Plan. Any such distribution is not subject to the 10% early distribution penalty or the mandatory 20% federal income tax withholding rate. Participants who take a qualified distribution have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.

NOTES TO FINANCIAL STATEMENTS

NOTE 12 – CARES ACT AND SECURE ACT (Continued)

- Through September 23, 2020, qualified individuals were permitted to take out retirement loans as high as the lesser of \$100,000 or 100% of the participant vested account balance. All other regular loan limits were still applicable. Additionally, repayment period for loans taken out during this period, could be extended for a period of up to three years.
- Qualified individuals were permitted to suspend the payment of all required minimum distributions (RMD) for the year ended December 31, 2020. Required minimum distributions received during the period but prior to the allowable suspension were allowed to be contributed back into the plan.

The Plan has also implemented certain requirements of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), which laws change the Plan to, among others, allow in-service withdrawals for childbirth and adoption expenses, allow retirees to delay taking RMD until age 72, and increase the maximum amount of the automatic contribution from 10% to 15%. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
