Board of Trustees
Stillwater Designs & Audio, Inc.
401 (k) Profit Sharing Plan
Stillwater, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2021, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 20 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and December 31, 2020, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statement section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements using the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (Note 2); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of other comprehensive basis of accounting other than generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (Note 2).

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters 2021 –Supplemental Schedule Required by ERISA

The supplemental schedule of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan referred to as "supplementary information" as of or for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but supplementary information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (Note 2).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Stillwater Designs 7 Audio, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 23, 2021, we indicated that a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1- Summary of Significant Accounting Policies

Description of Plan

Effective October 15, 2014 Stillwater Designs & Audio, Inc. adopted and converted to Fidelity's basic plan document No. 17. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's inception date was January 1, 1990. The Plan participant is eligible to receive non-elective employer contribution when he/she has at 1,000 hours of service during the plan year and is employed by the employer on the last day of the contribution period.

Contributions

Participants can make salary reduction contributions of up to 100% of their compensation. Compensation is defined as maximum percentage allowable not to exceed the limits in Treasury Regulation section 1.414 (v)-1(b) (1) (i) and excludes Christmas bonus. Unless the employees affirmatively elect otherwise, they will be subject to the automatic enrollment provisions. The employer contribution is discretionary, to be determined by the Employer. Participants who have attained or are expected to attain age 50 before the close of the taxable year are permitted to make catch-up contributions to the Plan. The Plan will not accept rollover of designated ROTH contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, and a) the employer's discretionary contribution, b) Plan earnings, and c) forfeitures of terminated participants' nonvested accounts. Employer contribution is allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. Allocations of Plan earnings and forfeitures are based on the participants' account balances. At the Plan Administrator's discretion, an employee may elect to roll over eligible contributions from any other qualified plan into this Plan prior to meeting the eligibility requirements for participation in the Plan.

Vesting

The participant's voluntary contribution account plus earnings thereon is 100% vested and is non-forfeitable at all times. The employer's discretionary contributions on elective deferrals become vested as follows:

<u>Years of Service</u>					
<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>6</u>
0%	20%	40%	60%	80%	100%

Note 1- Summary of Significant Accounting Policies – (Continued)

Description of Plan - (Continued)

Participants become fully vested upon death or total and permanent disability.

Payment of Benefits

Vested benefits may be distributed when one of the following events occurs:

- (a) Termination of employment
- (b) The participant has attained age 59½
- (c) At normal retirement age
- (d) Disability
- (e) Death

Payment of benefits is made upon participant's request as soon as administratively possible. Payment may be made in a lump sum or via optional methods provided for in the Plan.

Forfeited Accounts

The Plan document allows forfeitures to be utilized by Plan Sponsor to pay plan expenses or reduce employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$47,686 and \$36,510, respectively.

Hardship Withdrawals

Hardship withdrawals (as designated by the Plan) are permitted from the participant's elective deferral account subject to a \$500.00 minimum amount. Hardship distributions are not permitted from a participant's qualified non-elective account.

Notes Receivable from Participants

The participant loans are allowed by the Plan. The maximum loan equals the lesser of \$50,000 or 50% of their account balance. The loan is secured by the balance in the participant's account and bear interest at reasonable rates which commensurate with local prevailing rate. Principal and interest is paid ratably through monthly payroll deductions.

Note 2 - Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on a modified basis of cash receipts and disbursements. Consequently, certain revenues and the related assets are recognized when received rather than when earned and certain expenditures are recognized when paid rather than when the obligation is incurred.

STILLWATER DESIGNS & AUDIO, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

Note 2 - Accounting Policies (Continued)

Cash basis statements are modified because employer's and participants' contributions which were in transit at year-end are reflected as receivables.

Valuation of Investments

Quoted market prices are used to value investments. Valuation of the Plan assets is generally made daily.

Accounting for Investments and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for the discussion of fair value measurements.

Interest and dividend incomes are recorded when received, rather than when earned. Dividend and interest income include reinvested earnings and changes in fund value due to fluctuation of share values.

Valuation of Participant Loans

Participant loans are valued at amortized cost which approximates expected realizable value of the asset to the plan.

Accounting for Participant Distribution

Benefits paid to Plan participants are recorded as expenditures when paid, rather than when the obligation is incurred. Net assets available for benefits at December 31, 2021, include vested amounts \$2,840,972 allocated to the accounts of employees who as of December 31, 2021 had separated from employment.

Date of Management's Review

Subsequent events were evaluated through August 5, 2022, which is the date the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by Trustee & investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021 was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 4 - Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets of liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable input and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy the Plan's assets at fair value as of December 31, 2021 and 2020.

Note 5- Common/Collective Trust

The Plan has a fully benefit responsive separate fund known as the Fidelity Advisor Stable Value Portfolio. The Portfolio is a commingled pool, dedicated exclusively to the active management of the assets of employee benefit plan. The primary investment objective of the Portfolio is to seek the preservation of capital, as well as to provide a competitive level of income over time consistent with the preservation of capital. The term fully benefit responsive describes the contract's guarantee that 1) the crediting rate provided under the contract will not fall below zero and 2) participant-initiated withdrawals from the fund (i.e., withdrawals as the result of death, disability, retirement, termination of employment, hardship withdrawal, loan, and transfers to a non-competing fund) will be covered at contract value.

The portfolio is valued daily. It is policy of the Trust to use its best efforts to maintain a stable net asset value of \$1.00 per unit. This investment contract provides for benefit responsive withdrawals and investment exchanges at contract value; however, withdrawals or investment exchanges prompted by an employer-initiated event, such as withdrawals resulting from the sale of a division of the sponsor of a Participating Plan, a corporate layoff or early retirement program, changes in the investment options of a Participating Plan, or termination or partial termination of a Participating Plan, may be paid at the contract's market value, which may be less than the contract value, or may be subject to a contract charge or penalty.

For the period ending December 31, 2021, the contract value spot yield (credited to participants) was 0.83%, and the market value spot yield (underlying investment return) was 1.66%.

Note 6- Party in Interest Transactions

Certain Plan investments are managed by Fidelity Investments. Fidelity Investments is the record-keeper for the Plan and, Fidelity Management Trust Company is the Trustee. Therefore, these transactions qualify as party in interest transactions.

Note 7- Plan Termination

The Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9- Tax Status

Because the Plan operates under Fidelity's volume submitter profit sharing plan, the Plan administrators believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan has obtained a favorable determination letter from the I.R.S.

Accounting principles in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2018.

Note 10- Plan Administration Expense

Annual Plan administration expenses, except contract management fees, are paid by the employer.

Note 11- Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

Note 12-The Coronavirus Aid, Relief, and Economic Security Act (“CARES” Act)

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (“CARES” Act) relief bill was signed into law. The Cares Act provided Retirement Plan Relief with the following:

- Plan Withdrawals-The 10% early withdrawal penalty for distribution up to \$100,000 from qualified retirement accounts for qualified individuals were waived between January 1, 2020 thru December 31, 2020.
- Plan Loans-Increases the maximum loan limit for qualified individuals who have been impacted by COVID-19, for loans taken within 180 days of the date of enactment and extends the due date of any qualified individual’s loan repayment that would otherwise be due during 2020.
- Temporary Waiver of Required Minimum Distribution (RMD) Rules-Waives RMD rules for all types of Defined Contribution plans (including 401(k), 403(b), and governmental 457(b) plans) and IRAs for calendar year 2020, providing relief to individuals who would otherwise be required to withdraw funds from such retirement accounts during an economic slowdown due to COVID-19.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2021, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 20 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and December 31, 2020, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statement section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements using the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (Note 2); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of other comprehensive basis of accounting other than generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (Note 2).

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters 2021 –Supplemental Schedule Required by ERISA

The supplemental schedule of Stillwater Designs & Audio, Inc. 401(k) Profit Sharing Plan referred to as "supplementary information" as of or for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but supplementary information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (Note 2).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Stillwater Designs 7 Audio, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 23, 2021, we indicated that a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1- Summary of Significant Accounting Policies

Description of Plan

Effective October 15, 2014 Stillwater Designs & Audio, Inc. adopted and converted to Fidelity's basic plan document No. 17. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's inception date was January 1, 1990. The Plan participant is eligible to receive non-elective employer contribution when he/she has at 1,000 hours of service during the plan year and is employed by the employer on the last day of the contribution period.

Contributions

Participants can make salary reduction contributions of up to 100% of their compensation. Compensation is defined as maximum percentage allowable not to exceed the limits in Treasury Regulation section 1.414 (v)-1(b) (1) (i) and excludes Christmas bonus. Unless the employees affirmatively elect otherwise, they will be subject to the automatic enrollment provisions. The employer contribution is discretionary, to be determined by the Employer. Participants who have attained or are expected to attain age 50 before the close of the taxable year are permitted to make catch-up contributions to the Plan. The Plan will not accept rollover of designated ROTH contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, and a) the employer's discretionary contribution, b) Plan earnings, and c) forfeitures of terminated participants' nonvested accounts. Employer contribution is allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. Allocations of Plan earnings and forfeitures are based on the participants' account balances. At the Plan Administrator's discretion, an employee may elect to roll over eligible contributions from any other qualified plan into this Plan prior to meeting the eligibility requirements for participation in the Plan.

Vesting

The participant's voluntary contribution account plus earnings thereon is 100% vested and is non-forfeitable at all times. The employer's discretionary contributions on elective deferrals become vested as follows:

<u>Years of Service</u>					
<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>6</u>
0%	20%	40%	60%	80%	100%

Note 1- Summary of Significant Accounting Policies – (Continued)

Description of Plan - (Continued)

Participants become fully vested upon death or total and permanent disability.

Payment of Benefits

Vested benefits may be distributed when one of the following events occurs:

- (a) Termination of employment
- (b) The participant has attained age 59½
- (c) At normal retirement age
- (d) Disability
- (e) Death

Payment of benefits is made upon participant's request as soon as administratively possible. Payment may be made in a lump sum or via optional methods provided for in the Plan.

Forfeited Accounts

The Plan document allows forfeitures to be utilized by Plan Sponsor to pay plan expenses or reduce employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$47,686 and \$36,510, respectively.

Hardship Withdrawals

Hardship withdrawals (as designated by the Plan) are permitted from the participant's elective deferral account subject to a \$500.00 minimum amount. Hardship distributions are not permitted from a participant's qualified non-elective account.

Notes Receivable from Participants

The participant loans are allowed by the Plan. The maximum loan equals the lesser of \$50,000 or 50% of their account balance. The loan is secured by the balance in the participant's account and bear interest at reasonable rates which commensurate with local prevailing rate. Principal and interest is paid ratably through monthly payroll deductions.

Note 2 - Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on a modified basis of cash receipts and disbursements. Consequently, certain revenues and the related assets are recognized when received rather than when earned and certain expenditures are recognized when paid rather than when the obligation is incurred.

STILLWATER DESIGNS & AUDIO, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

Note 2 - Accounting Policies (Continued)

Cash basis statements are modified because employer's and participants' contributions which were in transit at year-end are reflected as receivables.

Valuation of Investments

Quoted market prices are used to value investments. Valuation of the Plan assets is generally made daily.

Accounting for Investments and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for the discussion of fair value measurements.

Interest and dividend incomes are recorded when received, rather than when earned. Dividend and interest income include reinvested earnings and changes in fund value due to fluctuation of share values.

Valuation of Participant Loans

Participant loans are valued at amortized cost which approximates expected realizable value of the asset to the plan.

Accounting for Participant Distribution

Benefits paid to Plan participants are recorded as expenditures when paid, rather than when the obligation is incurred. Net assets available for benefits at December 31, 2021, include vested amounts \$2,840,972 allocated to the accounts of employees who as of December 31, 2021 had separated from employment.

Date of Management's Review

Subsequent events were evaluated through August 5, 2022, which is the date the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by Trustee & investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021 was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 4 - Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable input and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy the Plan's assets at fair value as of December 31, 2021 and 2020.

Note 5- Common/Collective Trust

The Plan has a fully benefit responsive separate fund known as the Fidelity Advisor Stable Value Portfolio. The Portfolio is a commingled pool, dedicated exclusively to the active management of the assets of employee benefit plan. The primary investment objective of the Portfolio is to seek the preservation of capital, as well as to provide a competitive level of income over time consistent with the preservation of capital. The term fully benefit responsive describes the contract's guarantee that 1) the crediting rate provided under the contract will not fall below zero and 2) participant-initiated withdrawals from the fund (i.e., withdrawals as the result of death, disability, retirement, termination of employment, hardship withdrawal, loan, and transfers to a non-competing fund) will be covered at contract value.

The portfolio is valued daily. It is policy of the Trust to use its best efforts to maintain a stable net asset value of \$1.00 per unit. This investment contract provides for benefit responsive withdrawals and investment exchanges at contract value; however, withdrawals or investment exchanges prompted by an employer-initiated event, such as withdrawals resulting from the sale of a division of the sponsor of a Participating Plan, a corporate layoff or early retirement program, changes in the investment options of a Participating Plan, or termination or partial termination of a Participating Plan, may be paid at the contract's market value, which may be less than the contract value, or may be subject to a contract charge or penalty.

For the period ending December 31, 2021, the contract value spot yield (credited to participants) was 0.83%, and the market value spot yield (underlying investment return) was 1.66%.

Note 6- Party in Interest Transactions

Certain Plan investments are managed by Fidelity Investments. Fidelity Investments is the record-keeper for the Plan and, Fidelity Management Trust Company is the Trustee. Therefore, these transactions qualify as party in interest transactions.

Note 7- Plan Termination

The Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9- Tax Status

Because the Plan operates under Fidelity's volume submitter profit sharing plan, the Plan administrators believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan has obtained a favorable determination letter from the I.R.S.

Accounting principles in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2018.

Note 10- Plan Administration Expense

Annual Plan administration expenses, except contract management fees, are paid by the employer.

Note 11- Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

Note 12-The Coronavirus Aid, Relief, and Economic Security Act (“CARES” Act)

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (“CARES” Act) relief bill was signed into law. The Cares Act provided Retirement Plan Relief with the following:

- Plan Withdrawals-The 10% early withdrawal penalty for distribution up to \$100,000 from qualified retirement accounts for qualified individuals were waived between January 1, 2020 thru December 31, 2020.
- Plan Loans-Increases the maximum loan limit for qualified individuals who have been impacted by COVID-19, for loans taken within 180 days of the date of enactment and extends the due date of any qualified individual’s loan repayment that would otherwise be due during 2020.
- Temporary Waiver of Required Minimum Distribution (RMD) Rules-Waives RMD rules for all types of Defined Contribution plans (including 401(k), 403(b), and governmental 457(b) plans) and IRAs for calendar year 2020, providing relief to individuals who would otherwise be required to withdraw funds from such retirement accounts during an economic slowdown due to COVID-19.
