INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Participants
Infobase Holdings, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Infobase Holdings, Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(Continued)

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Infobase Holdings, Inc. 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution.

(Continued)

In our report dated September 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INFOBASE HOLDINGS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of the Infobase Holdings, Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Infobase Holdings, Inc. (the “Company”). All employees are immediately eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligible employees are those that (1) are not leased employees and (2) are not residents of Puerto Rico.

The Plan was established effective July 1, 1958. Ascensus Trust Company (“Ascensus”) serves as the trustee and recordkeeper. Ascensus is a subcontractor of Vanguard Fiduciary Trust Company (“Vanguard”).

On January 5, 2015, the Company amended and restated the Plan, thus bringing the Plan into compliance with the Pension Protection Act restatement requirements.

Coronavirus Aid, Relief, and Economic Security (“CARES”) Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), which laws change the Plan to, among others, allow a penalty-free distribution through December 30, 2020, and suspend outstanding scheduled loan payments until 2021, increase the maximum loan limit for loans taken as a result of COVID-19 through September 22, 2020, and suspend required minimum distributions for the 2020 calendar year, including 2020 payments that would have been required to be made by April 1, 2021, unless elected otherwise. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (“IRS”) guidance.

Contributions

Each year, participants may contribute a portion of their pre-tax or after-tax compensation, as defined in the Plan, subject to certain Internal Revenue Code (the “Code”) limitations. Eligible employees can make pre-tax and Roth contributions. The Company determines the discretionary employer match on an annual basis. The Company contributes 50% of all employee deferral contributions up to a maximum of \$2,000 per year.

INFOBASE HOLDINGS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

All eligible employees are enrolled into the Plan at an automatic deferral rate of 6% of compensation. Each January, the employees' automatic deferral will increase by 1%, up to a maximum of 15%. The automatic deferral can be modified at the employee's discretion at any time.

The Plan also permits eligible employees who are age fifty or older by the end of the calendar year to make catch-up contributions. Discretionary matching contributions, if any, do not apply to catch-up contributions.

Investment Options

Participants may direct the investment of contributions into various investment options. The Plan currently offers a money market fund and various mutual funds as investment options for participants. Fiduciary Plan Consultants ("FPC") is the investment advisor for the year ended December 31, 2021. FPC reports to the management of the Company and trustees of the Plan.

The Pension Protection Act created the Qualified Default Investment Alternative ("QDIA"), which provides employers a safe harbor from fiduciary risk when selecting an investment for a participant or beneficiary who fails to elect his or her own investment. The Plan selected the Vanguard Institutional Target Retirement Fund 2015 through 2065 (year determined by the date of birth entered by the participant) or Vanguard Institutional Target Retirement Income if birth year is not on record as the QDIA for 2021.

Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company, trustee of the Plan. This information has not been audited by the Plan's independent auditors.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the employer contributions and an allocation of each selected investment's earnings, including interest and dividends. Each participant's account is charged with withdrawals, an allocation of net realized and unrealized appreciation (depreciation) in the fair value of investments, investment-related expenses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INFOBASE HOLDINGS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their employee elective deferral accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to certain other restrictions. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

Loans bear interest at the prime rate plus 1%. Loan terms shall not exceed five years or up to ten years for the purchase of a primary residence. Participants may have up to one outstanding loan at any time and principal and interest are paid ratably through payroll deductions.

Pursuant to the CARES Act (as defined in Note 4 "Risks, Uncertainties and Concentrations"), loan limits were temporarily increased. Between March 27, 2020 and September 22, 2020, participants meeting certain eligibility criteria were able to borrow from their account balance up to the lesser of 100% of the vested balance or \$100,000. Participants receiving loans under the CARES Act were not subject to the 60-day waiting period between paying off a loan and obtaining a new loan. Additionally, any loan payments due between March 27, 2020 and December 31, 2020, for eligible participants could be delayed for up to one year, and those twelve months would not count towards the overall 60-month or 120-month repayment period.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive his or her vested value in the form of either a lump sum or annual installments for a period not to exceed the life expectancy of the participant and designated beneficiary. Valuation of accounts is made as of the last day of the month in which the participant's employment is terminated. Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan. If a participant has less than \$5,000 in their account at their termination date, they will be required to take a distribution on the termination date.

Pursuant to the SECURE Act, which was enacted in December 2019, the age at which required minimum distributions must begin for the Plan was increased from 70½ to 72, effective January 1, 2020. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment, and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

Pursuant to the CARES Act, effective July 1, 2020, Plan participants were permitted to take coronavirus-related distributions in an amount up to \$100,000 of the participant's vested balance from the Plan, with repayment terms of up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Hardship Withdrawals

The Plan provides for hardship withdrawals, not to exceed an amount required to meet the immediate need created by the hardship, and then only to the extent such immediate need cannot be satisfied by other sources readily available to the participant. Permissible circumstances for hardship withdrawals include education expenses, costs directly related to the purchase of a principal residence, and costs necessary to prevent eviction from the participant's personal residence and such other circumstances as the plan administrator may determine based on rules set forth in the Code.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts in the form of profit sharing and matching contributions occurs immediately.

Forfeited Accounts

Forfeitures of terminated participants' nonvested accounts are allocated among the Plan participants. Forfeitures can be used to reduce plan administrative expenses and then future employer contributions. At December 31, 2021 and 2020, forfeited nonvested accounts held in the Plan amounted to \$5,050 and \$4,999, respectively. In 2021, forfeitures were not used by the Company.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The plan administrator uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of net assets available for benefits and reported changes in net assets available for benefits and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Related fees are recorded as administrative expenses when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a deemed distribution is recorded. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participant the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Net appreciation (depreciation) in the fair value of investments includes both realized and unrealized gains and losses, based on the value of assets at the beginning of the year or at the time of purchase during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest on participant loans is recognized when earned. Dividends are recorded on the ex-dividend date.

Plan Expenses

Certain costs and expenses of administering the Plan, such as trustee fees, are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in net appreciation in fair market value of such investments.

Subsequent Events

These financial statements were approved by management and available for issuance on October 14, 2022. Management has evaluated subsequent events through this date.

NOTES TO FINANCIAL STATEMENTS

3 - FAIR VALUE MEASUREMENTS

GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels.

The following is a brief description of those three levels:

- Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs that reflect management's own assumptions.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Shares of mutual funds are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end. Investments in mutual funds are classified as Level 1 assets.

Vanguard Federal Money Market Fund

The Vanguard Federal Money Market Fund (the "Money Market Fund") invests in short-term debt instruments issued by the U.S. government, or its agencies and instrumentalities, and repurchase agreements collateralized by such instruments. Investments in the Money Market Fund are valued at amortized cost, which approximates fair value. The Money Market Fund is classified as a Level 2 asset.

3 - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investment assets measured at fair value at December 31, 2021:

	Investments, at Fair Value			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 224,800	\$ -	\$ 224,800

Investments at fair value	\$ 30,655,454	\$ 224,800	\$ -0-	\$ 30,880,254

The following table summarizes investment assets measured at fair value at December 31, 2020:

	Investments, at Fair Value			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 333,896	\$ -	\$ 333,896
Mutual funds	26,895,449	-	-	26,895,449
Investments at fair value	\$ 26,895,449	\$ 333,896	\$ -0-	\$ 27,229,345

4 - RISKS, UNCERTAINTIES AND CONCENTRATIONS

Participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Participants may invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Three investments at December 31, 2021, are over 10% of net assets available for benefits. Four investments at December 31, 2020, are over 10% of net assets available for benefits.

INFOBASE HOLDINGS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

5 - PARTY-IN-INTEREST TRANSACTIONS

Ascensus is the trustee and is the subcontractor of Vanguard, as defined by the Plan, and, therefore, investments in Ascensus and Vanguard funds of their related entities qualify as party-in-interest transactions. Investments sponsored by Vanguard were \$27,456,434 and \$24,259,328 as of December 31, 2021 and 2020, respectively. The Plan paid FPC advisor fees of \$10,193 and \$13,003 for the years ended December 31, 2021 and 2020, respectively.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. The Company pays these individuals' salaries and other administrative expenses. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions from the Code and ERISA rules on prohibited transactions.

6 - TAX STATUS

The Company adopted a pre-approved prototype plan offered by the Plan's trustee. The IRS has determined that the prototype plan, by letter dated January 1, 2018, is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and currently operating in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7 - VOLUNTARY CORRECTION PROGRAM

The Company is in the process of filing a Voluntary Correction Program submission ("VCP") with the IRS to correct late contributions remitted to the Plan. Amounts due under the VCP for late contributions totaled \$3 for the year ended December 31, 2021.

These items had no material impact on the Plan's net assets available for benefits, and the Plan administrator does not expect the pending VCP submissions to affect the Plan's tax status.

NOTES TO FINANCIAL STATEMENTS

8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their contributions.

9 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The following is a summary of the unaudited information regarding the Plan included in the Plan's financial statements as of December 31, 2021 and 2020, that was prepared by Ascensus, and furnished to the plan administrator.

The plan administrator has obtained certifications from Ascensus that such information is complete and accurate:
