INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Ravenswood Family Health Center 403(b) Plan
East Palo Alto, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Ravenswood Family Health Center 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Ravenswood Family Health Center 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Ravenswood Family Health Center 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RAVENSWOOD FAMILY HEALTH CENTER 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 1- DESCRIPTION OF PLAN

The following description of the Ravenswood Family Health Center 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution tax deferred savings plan available to eligible employees of South County Community Health Center, Inc. dba Ravenswood Family Health Center 403(b) Plan (the "Employer"). Eligible employees consist of those who work at least 20 hours per week. To be eligible for the Safe Harbor Employer Matching contribution, the employee must be credited with at least 1 year of service. A year of service for this purpose is a 12 consecutive month computation period in which the employee is credited with at least 1,000 hours of service. Eligible employees can immediately participate in the Plan for deferral contributions after completing a salary deferral agreement. The Plan is intended to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

All matters other than investments that concern the operation of the Plan are the responsibility of the administrator. The administrator of the Plan is the Employer, and as such, carries out the duties imposed by ERISA. The Employer has delegated certain responsibilities for the operation and administration of the Plan. Third Party Administrator and recordkeeping services are provided by WESPAC Plan Services, LLC.

Certain administrative expenses of the Plan, including recordkeeping, were paid directly by the Employer for the year ended December 31, 2021. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Contributions

Under the provisions of the Plan, an Employee can elect to contribute any percentage of their salary provided they do not contribute more than the lesser of 100% of the compensation they receive during that calendar year, or the annual dollar limit on 403(b) Deferrals (\$19,500 for calendar year 2021). Additionally, if the Employee has attained age 50, then the Employee is eligible to make an additional catch-up contribution. This contribution cannot exceed \$6,500 in 2021.

Plan participants with at least 1 year of service are eligible to receive a matching contribution for the allocation period. Effective January 01, 2011, the Employer match contribution is a safe harbor contribution for the Plan. The Employer and/or participants can make the following contributions to the Plan:

- Employee Pre-Tax Deferrals
- Employee ROTH Deferrals
- Employer Safe Harbor / Additional Matching

NOTE 1- DESCRIPTION OF PLAN - CONT'D

Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified retirement or 403(b) plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and earnings thereon and is charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants select the allocation of investment funds to be applied to contributions credited to their account.

Investment Options

Upon enrollment in the Plan, subject to the investment policy established by the Administrator, participants may direct the investment of their contributions into various investment options offered by the Plan.

Vesting

The total value of the participants account from Employer Safe Harbor Matching contributions is 100% vested at all times. The vested interest from Employer contributions is determined by the following vesting schedule, based on credited years of service.

<u>Years of Service</u>	<u>Percentage</u>
1	0%
2	0%
3	100%

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or an annuity contract calling for monthly payments for a certain period. If a terminated participant's vested interest is \$1,000 or less, it will be distributed in a lump sum as soon as administratively feasible after the termination. For distributions caused by a participant's death, the vested interest will be distributed as soon as administratively feasible after the participant's death. Employees can also make hardship withdrawals from the Plan under eligible circumstances, such as expenses for medical care that would be tax deductible, costs related to the purchase of principal residence, payments necessary to prevent eviction from principal residence or to prevent foreclosure on mortgaged property, and tuition and related educational fees.

Participants can take a lump sum distribution of up to 100% of his/her fully vested deferral account interest while still employed and provided he/she is at least 65 years of age.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 1- DESCRIPTION OF PLAN - CONT'D

Notes receivable from participants

Participants may borrow from their accounts up to a maximum amount generally equal to the lesser of \$50,000 or 50% of their vested account balance. All loans must be repaid within 5 years by equal payments, unless the loan is for the purchase of a principal residence for which a longer loan repayment period may be permitted. The participant's vested account balance is used as security for the loan provided the outstanding balance of all loans made to such participant does not exceed 50% of the participant's vested account balance. The plan administrator may require a participant to provide additional collateral if the plan administrator determines such additional collateral is required to protect the interests of plan participants. The interest rate is established at the inception of the loan and will be set at one percentage point higher than the prime lending rate as posted in the Wall Street Journal (or similar financial publication) when the loan is made. Principal and interest are generally repaid through payroll deductions to the participant's segregated account. Participants who leave service prior to the end of the loan term will be required to pay off the loan at severance of employment as provided by the Plan. Loans are secured by the participant's interest in the Plan.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except for distributions paid to participants which are prepared on the cash basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition

At December 31, 2021 and 2020, the Plan's investments were held in various cash, money market funds and mutual funds and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Loans to participants are valued at their outstanding balance, which approximates fair value. Purchases and sales of investments are recorded on a settlement date basis. Interest income is accrued as it is earned and dividends are recorded as of the ex-dividend date.

Contributions from employees are recorded in the period in which the Employer makes the payroll deductions from participant earnings. Total contributions for the year ended December 31, 2021 are as follows:

Employee Pre-Tax Deferrals	\$ 1,007,681
Employee ROTH contributions	112,473
Employer Safe Harbor match	509,845
Rollover contributions	<u>142,517</u>
	<u>\$ 1,772,516</u>

Participant Loans

At December 31, 2021, outstanding participant loans amounted to \$279,578. Total participant loans issued during the year amounted to \$113,323. Total interest income earned from participant loans was \$16,253.

Distributions

Distributions are recorded when paid. Total distributions for the year ended December 31, 2021 amounted to \$435,969.

Forfeitures

Forfeitures are used to reduce employer matching contributions. There were no forfeited non-vested accounts as of December 31, 2021.

Expenses

Certain Plan administrative expenses are paid by the Employer. Management fees and other operating expenses charged to the Plan are reflected as a reduction of net assets in the Statement of Changes in Net Assets Available for Benefits. Total Plan expenses for the year ended December 31, 2021, amounted to \$5,051.

NOTE 3- INFORMATION PREPARED AND CERTIFIED BY CHARLES SCHWAB & COMPANY, INC.

In accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Charles Schwab & Company, Inc. certified the accuracy and completeness of all investments as of December 31, 2021 and 2020, and investment transactions entered into for the year ended December 31, 2021, which was used in the preparation of the accompanying financial statements and supplemental schedule, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Money Market Funds and Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020:

	<u>Fair value of investments at December 31, 2021</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab & Company, Inc. Charles Schwab & Company, Inc. is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - TAX STATUS

The plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the plan have been prepared to conform to the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the plan when the IRS opens such program. The Plan is required to operate in accordance with the IRC to maintain its tax-exempt status for plan participants under Section 403(b). Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan for any reason, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contribution.

NOTE 9 - EVALUATION OF SUBSEQUENT EVENTS

The management has evaluated all subsequent events through October 10, 2022, the date on which the financial statements were available to be issued and have determined that no adjustments are necessary to the amounts reported in the accompanying financial statements, nor have any subsequent events occurred, the nature of which would require disclosure.
