Plan Administrator
Ariens Company Retirement Savings Plan
Brillion, Wisconsin

Dear Plan Administrator:

We have audited the financial statements of Ariens Company Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit") for the year ended June 30, 2022, and we have issued our report thereon dated May 12, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Fidelity Management Trust Company, the Trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America ("GAAS"), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated August 1, 2022, in addition to our planning discussions with you on August 8, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. We had no significant differing opinions regarding management's accounting estimates.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements are Plan Description – Contributions in Note 1, Fair Value Measurements in Note 3, and Information Prepared and Certified by Trustee in Note 4.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

We proposed and the Plan recorded one adjusting journal entry to record the qualified non-elective contribution ("QNEC") receivable at June 30, 2022.

Disagreements With Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 12, 2023, a copy of which accompanies this letter.

Management's Consultation With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure Under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Internal Control Matters

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, an employee benefit plan subject to ERISA, as of and for the year ended June 30, 2022, in accordance with GAAS, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Fidelity Management Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies; therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a material weakness and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the following deficiency in the Plan's internal control to be a material weakness:

Contribution-Related Errors – Auto-Increase Program ("AIP")

During our audit, we noted multiple instances where participants should have received an auto-increase in employee deferral rate at the beginning of the plan year but did not. Per plan documents, a participant who has an affirmative or deemed elective deferral election of more than 0%, but less than 15% of compensation shall be deemed to have elected an elective deferral increase in the amount of 2% of compensation, which occurs each July 1st. There were participants tested during our audit that did not properly receive the auto-increase during the 2022 and 2021 plan years. Upon further evaluation, it was determined that there was an issue in the Trustee's system with participants having employee deferral rates capped at 10% instead of capped at 15%, and did not receive the auto-increase annually according to the plan documents.

Given the pervasive nature of the issue, Plan management determined that the best course of action would be to review all participant deferral rate history since the auto-increase cap limit was increased to 15% effective July 1, 2020. With the assistance of the Trustee, there were 507 participants that were identified as not properly receiving the appropriate auto-increase on July 1, 2020, and/or July 1, 2021. The Trustee calculated a QNEC for each of the participants impacted based on their eligible compensation for each pay period impacted. The QNEC consisted of 50% of missed employee deferrals and lost earnings for a total of \$453,000, which was recorded as an other contribution receivable on the statement of net assets available for benefits as of June 30, 2022, and as an other contribution on the statement of changes in net assets available for benefits for the year ended June 30, 2022.

During 2023, the plan sponsor and Trustee will work together to get the QNEC contribution impacting both the 2021 and 2022 Plan years funded into the Plan. The QNEC will be funded by the Trustee. We recommend the plan sponsor institute procedures to verify that all eligible employees are being included in the auto-increase feature of the Plan to prevent this error from occurring in the future.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Financial Accounting and Reporting

An entity's internal control over financial reporting does not end at the general ledger but extends to the financial statements and notes. As part of our professional services for the year ended June 30, 2022, Wipfli drafted the financial statements and related notes. Because the plan sponsor relies on Wipfli to provide the necessary understanding of current accounting and disclosure principles in the preparation of the financial statements and chose to have Wipfli prepare the financial statements, a significant deficiency exists in the plan sponsor's internal controls.

The completeness of the financial statement disclosures and the accuracy of the overall financial presentation may be negatively impacted, since outside auditors do not have the same comprehensive understanding of the Plan as its internal staff.

Review of Information Prepared by Third-Party Service Provider

During our audit, we noted the plan sponsor did not perform timely reviews of certain information prepared or provided by its third-party service provider. The plan sponsor is responsible for the prudent oversight and review of all services provided by third parties to the Plan.

Failure to perform reviews of information prepared or provided by the third-party service provider could result in undetected errors or misstatements in plan financial reporting. We recommend the plan sponsor perform various periodic reviews and reconciliations of information provided by the third-party service provider, including:

- (a) Reconciling total plan assets per the participant detail (the sum of the individual participant account balances) provided by the Plan's recordkeeper to total plan assets reported by the Trustee.
- (b) Reviewing detailed participant account balances maintained by the Plan's recordkeeper and/or the trust statements maintained by the Trustee on a monthly, quarterly, or annual basis for reasonableness and appropriateness, including a review of investment income and management fee allocations for completeness and accuracy.

Review of Third-Party Service Provider SSAE No. 16, SOC 1 Report

During our audit, we noted the plan sponsor did not obtain and review the Statement on Standards for Attestation Engagements ("SSAE") No. 16, Service Organization Control (SOC) 1, Report on Controls at a Service Organization Relevant to User Entities' Internal Control Over Financial Reporting, of its Trustee and third-party service provider, Fidelity Management Trust Company. The plan sponsor is responsible for the prudent oversight and review of all services provided by third parties to the Plan, as well as the internal controls related to those services.

The SSAE No. 16, SOC 1 report can be extremely important to the plan sponsor in fulfilling its fiduciary duty to monitor its service organization, and the report allows the plan sponsor to ascertain whether controls are suitably designed and operating effectively. As such, the lack of review of the service organization's SSAE No. 16, SOC 1 report may negatively impact the Plan. We recommend the plan sponsor obtain and review the third-party service provider's SSAE No. 16, SOC 1 report for any significant exceptions of its internal controls related to processing of plan transactions and address these exceptions.

Other Operational, Administrative, and Internal Control Matters

During our audit, we also became aware of deficiencies in internal control other than significant deficiencies or material weaknesses that are an opportunity for strengthening internal controls and operating efficiency:

Contribution-Related Errors – Sunset Program

During our audit, we noted an instance where a participant retired and was rehired as part-time under the Company's sunset program. The participant retired and was rehired within the same week and should have continued to make employee deferrals and receive an employer match, but deferrals were stopped when the participant retired. Employee deferrals and employer match did not pick back up for a month after rehire as part-time. Therefore, the plan sponsor calculated a correction for the participant for missed employer match and related lost earnings and funded through forfeitures subsequent to year-end. We recommend the plan sponsor verify all sunset program employees are properly processed within Trustee and payroll.

File Documentation – No Documentation of AIP Election

While testing participant contributions, we noted that the Trustee and plan sponsor were not able to provide support showing the participant elected to participate in the Trustee's AIP instead of the plan sponsor's AIP program, where the participant can direct the rate of the auto-increase and when the auto-increase occurs. It is in the plan sponsor's best interest to ensure documentation is obtained for any participants who elect to participate in the different AIP programs. We recommend the plan sponsor work with the Trustee to ensure documentation is retained for when the participant elects into the Trustee's AIP.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various plan personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of the matters, or to assist you in implementing the recommendations to the extent our independence is not impaired.

Conclusion

This information is intended solely for the use of plan administrator and, if appropriate, management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Wipfli LLP

This representation letter is provided in connection with your audits of the financial statements and supplemental schedule of Ariens Company Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended June 30, 2022, and the disclosures (collectively, the "financial statements"), for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("US GAAP") and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we have elected for you to not perform any auditing procedures with respect to information prepared and certified to by Fidelity Management Trust Company, the Trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. We understand that the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by you in accordance with auditing standards generally accepted in the United States of America ("US GAAS"), and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of the date this letter is signed, the following representations made to you during your audits.

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated August 1, 2022, including our responsibility for the preparation and fair presentation of the financial statements.
2. The financial statements referred to above are fairly presented in conformity with US GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedule referred to above is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

3. We acknowledge our election to have an ERISA Section 103(a)(3)(C) audit does not affect our responsibility for the financial statements and for determining the following:
 - a. The circumstances permit an ERISA Section 103(a)(3)(C) audit.
 - b. A qualified institution has prepared and certified the investment information as described in 29 CFR 2520.103-8.
 - c. The certification meets the 29 CFR 2520.103-5 requirements.
 - d. The certified investment information is appropriately measured, presented, and disclosed in accordance with U.S. GAAP.
4. We acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.
5. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
6. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
7. Significant assumptions we used in making accounting estimates, including those measured at fair value, are reasonable.
8. Related-party relationships and transactions and relationships and transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, have been appropriately accounted for and disclosed in accordance with the requirements of US GAAP and ERISA Section 3(14) and regulations thereunder.
9. No events have occurred subsequent to the date of the financial statements for which US GAAP requires adjustment or disclosure.
10. The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements as a whole. A list of the uncorrected misstatements is attached to the representation letter. In addition, you have proposed adjusting journal entries that have been posted to the Plan's accounts. We are in agreement with those adjustments.
11. There are no known actual or possible litigation, claims, and assessments that must be accounted for and disclosed in accordance with US GAAP.
12. There are no other matters (e.g., breach of fiduciary responsibilities, nonexempt, nonexempt transactions, loans or leases in default, events reportable to the PBGC, or events that may jeopardize the tax status) that must be disclosed.

13. Significant estimates and material concentrations have been properly disclosed in accordance with US GAAP.
14. Financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements. *None.*
15. Guarantees, whether written or oral, under which the Plan is contingently liable, have been properly recorded or disclosed in accordance with US GAAP. *None.*
16. The supplemental schedule or financial statements disclose the following, where applicable:
 - a. All non-exempt party-in-interest transactions [as defined in ERISA Section 3(14) and regulations thereunder]. *None.*
 - b. Investments or loans in default or considered to be uncollectible. *None.*
 - c. Reportable transactions [as defined in ERISA Section 103(b)(3)(H) and regulations thereunder]. *None.*

Information Provided

17. We have provided you with:
 - a. Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
 - b. A substantially complete draft of Form 5500.
 - c. Additional information that you have requested from us for the purpose of the audit.
 - d. Unrestricted access to persons within the Plan from who you determined it necessary to obtain audit evidence.
 - e. Current plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.
18. All material transactions have been recorded in the accounting records and are reflected in the financial statements.
19. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
20. We have no knowledge of any fraud or suspected fraud affecting the Plan and involves:
 - a. Management,

- b. Employees who have significant roles in internal control, or
 - c. Others where the fraud could have a material effect on the financial statements.
21. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.
 22. We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.
 23. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with US GAAP, and we have not consulted a lawyer concerning litigation, claims, or assessments.
 24. We have disclosed to you the names of all the Plan's related parties and parties-in-interest and all the related-party and party-in-interest relationships and transactions, including any side agreements.
 25. The Plan has satisfactory title to all owned assets, which are recorded at fair value, and all liens, encumbrances, or security interests requiring disclosure in the financial statements have been properly disclosed.
 26. We have no:
 - a. Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
 - b. Intentions to terminate the Plan.
 27. Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.
 28. The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
 29. The methods and significant assumptions used to estimate fair values of financial instruments, including nonreadily marketable securities, are as disclosed in Note 3 to the Plan's financial statements. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.
 30. All required amendments to and filings of Plan documents with the appropriate agencies have been made. We intend to formally amend the Plan to incorporate the following provisions under which the Plan is currently operating, that were adopted to comply with new laws or regulations.

31. The Plan obtained its latest notification letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the notification letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
32. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan. The plan sponsor has operated the Plan in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations. *No excess deferrals or contributions at June 30, 2022 or 2021.*
33. The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.
34. The Plan has complied with the fidelity bonding requirements of ERISA.
35. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
36. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).
37. For the plan year ended June 30, 2022, the Company made matching contributions equal to 50% of the first 8% of eligible compensation deferred into the Plan. The Company has chosen to not make any discretionary qualified non-elective contributions during the plan year ended June 30, 2022.
38. We believe the form and content of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2022 is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Sincerely,
Ariens Retirement Savings Plan

We are writing to confirm that Ariens Company Retirement Savings Plan had none of the following events occur during the time period starting with our most recent fiscal year-end, June 30, 2022, to the date of the letter. There have been no:

1. Subsequent settlements of a contingent liability or litigation at an amount that is different from the amount recorded in the draft year-end financial statements, if applicable.
2. New (previously undisclosed to Wipfli LLP) pending or threatened litigation, claims, or assessments, or unasserted claims or assessments.
3. Substantive consultations with the attorneys.
4. Material adverse changes in financial position of the Company since year-end.
5. Material changes to any significant estimates in the draft year-end financial statements.
6. Sales of any assets subsequent to year-end at a price significantly less than the carrying value in the draft financial statements.
7. Events adversely impacting the financial position of the Plan Sponsor.
8. Changes to previously disclosed substantial contingent liabilities or commitments that existed at the date of the balance sheet, and no new substantial contingent liabilities or commitments have become known since year-end.
9. Changes in the current status of items in the financial statements being reported on that were accounted for on the basis of tentative, preliminary, or inconclusive data.
10. Unusual adjustments made during the period from the year-end to the date of this inquiry.
11. Significant undisclosed (in the draft year-end financial statements) financial commitments.
12. Changes in accounting or financial policies.
13. Expiration or cancellation of significant insurance coverage.
14. New regulatory requirements or laws that could adversely affect the Plan or Plan Sponsor.
15. Liabilities in dispute or being contested.
16. New, or change to, related-party transactions since year-end.

17. Minutes (or summaries in place of approved minutes) from administrative, investment, or other committees (impacting Plan operations) meetings have been prepared and not provided to you for the period under audit through the date of this letter.

18. Meetings of directors or stockholders where minutes have not yet been prepared.

Sincerely,

Ariens Company Retirement Savings Plan

Ariens Company Retirement Savings Plan

Financial Statements and Supplemental Schedule

Year Ended June 30, 2022

WIPFLI

Independent Auditor's Report

Plan Administrator
Ariens Company Retirement Savings Plan
Brillion, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Ariens Company Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Ariens Company Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ariens Company Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ariens Company Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ariens Company Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ariens Company Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Ariens Company Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 13, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Ariens Company Retirement Savings Plan

Notes to Financial Statements

Note 1: Plan Description

The following description of Ariens Company Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees of Ariens Company (the "Company"). Employees become eligible to participate in employee deferrals and the Company match after completing three months of service and attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Retirement Committee is responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants may contribute to the Plan up to 75% of their annual compensation, as defined in the plan document, as pretax or Roth deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan also includes an auto-enrollment provision whereby newly eligible employees are automatically enrolled in the Plan unless an alternate election is made. Automatically-enrolled participants have their deferral rate set at 6% of eligible pretax compensation and their contributions invested in a designated fund until changed by the participant. At the beginning of each plan year, beginning with the second plan year after the plan year during which the participant became eligible, the deferral election of participants contributing less than 15% to the Plan will automatically increase by 2% (up to a maximum deferral of 15%) unless a different election is made. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a matching contribution equal to 50% of the first 8% of eligible compensation a participant contributes to the Plan. Rollover contributions are not matched. In addition to the matching contributions described above, the Company may make additional qualified nonelective contributions determined at the discretion of the Company. No qualified nonelective contributions were made in 2022.

The Plan has recorded an other contribution receivable of \$453,000 at June 30, 2022, that relates to an error found in the Plan's auto-increase provision. This correction is considered a qualified non-elective contribution ("QNEC") that will be funded by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, in 2023. Participants will be 100% vested in the QNEC once funded.

Note 1: Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and an allocation of (a) the Company's qualified nonelective contributions and (b) plan earnings or losses. Participant accounts are reduced for withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral, rollovers, and Company qualified nonelective contributions, plus actual earnings thereon. Participants become 100% vested in the Company's matching contributions and actual earnings thereon after the completion of three years of service, with no vesting prior to that time.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years unless the note proceeds are used to purchase a primary residence for which the note can exceed five years. The notes are secured by the balance in the participant's account and bear interest at a fixed rate, which approximates market rates at the loan inception date. Interest rates ranged from 4.25% to 8.50% at June 30, 2022. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Plan benefits are available at normal retirement (age 65), disability retirement, death, financial hardship (if certain criteria are met), or termination of employment. Benefits are paid in the form of either a lump-sum amount or partial payment, as requested or required. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's matching contribution. Forfeitures of nonvested account balances are used to reduce future Company contributions or pay administrative expenses at the discretion of the Company. The Plan had unallocated forfeitures from nonvested accounts of \$248,730 at June 30, 2022, and \$185,272 at June 30, 2021. Forfeitures of \$86,440 were used to pay certain administrative expenses in 2022. Forfeitures of \$113,174 were used to offset Company matching contributions in 2022.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustee of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2022 and 2021. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan. Other administrative expenses are paid by the Company and are excluded from these financial statements. Investment management fees paid directly by the Plan are allocated proportionately to plan participants based on their respective account balances and are included in net investment loss. Notes receivable from participants and distribution fees are charged directly to the participant's accounts and are included in administrative expenses. Certain investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net depreciation in fair value of investments. All other administrative expenses paid by the Plan are allocated proportionately to plan participants based on their respective account balances and are included in administrative expenses.

Administrative Expenses (Continued)

The Plan also participates in a revenue credit program with the trustee, whereby participants may receive credit for excess recordkeeping revenue that the trustee receives in connection with plan services when that revenue exceeds the agreed-upon compensation the trustee is to receive. These revenue credits are allocated to eligible participants based on their respective account balances and are reflected as an offset against administrative expenses.

Subsequent Events

Subsequent events have been evaluated through May 12, 2023, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2022 and 2021.

Common/collective trust: Valued at net asset value ("NAV") provided by the plan administrator of the fund using NAV as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the fund would sell the underlying investments for an amount different than the reported NAV. The fund is a stable value fund and its NAV is based on the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. There are no restrictions as to the redemption of this investment or unfunded commitments as of June 30, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of June 30, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of June 30, 2022			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy -				
Mutual funds	\$97,957,471	\$0	\$0	\$97,957,471
Investment assets measured at NAV				4,374,854
Total investment assets at fair value				\$102,332,325

	Assets at Fair Value as of June 30, 2021			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy -				
Mutual funds	\$118,721,219	\$0	\$0	\$118,721,219
Investment assets measured at NAV				3,828,071
Total investment assets at fair value				\$122,549,290

Note 4: Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at June 30, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended June 30, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account balances.

Note 6: Tax Status

The Company adopted a non-standardized pre-approved profit sharing plan with an Internal Revenue Service notification letter dated March 31, 2014, which stated the non-standardized pre-approved profit sharing plan document is in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Party-in-Interest Transactions

The Plan holds shares of mutual funds and units of a common/collective trust managed by Fidelity, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees received by the trustee for administrative services amounted to \$85,013 for the year ended June 30, 2022, as a result of the revenue credit program discussed in Note 2. Certain investment-related fees incurred by the Plan are included in net depreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Associated Trust Company, N.A. ("Associated") is a nondiscretionary trustee of the Plan and acts as an investment advisor. Therefore, the fees paid to Associated qualify as party-in-interest transactions. Fees paid by the Plan for investment advisory services amounted to \$85,000 for the year ended June 30, 2022, which was not covered by revenue sharing.

Strategic Advisors, Inc. ("Strategic") is also a nondiscretionary trustee of the Plan and acts as an investment advisor. Therefore, the fees paid to Strategic qualify as party-in-interest transactions. Fees paid by the Plan for investment advisory services amounted to \$15,921, included in net investment loss, for the year ended June 30, 2022, which was not covered by revenue sharing.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
