Report of Independent Auditors

The Board of Trustees of
Foundation for Blind Children 403(b) DC Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of Foundation for Blind Children 403(b) DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying 2022 financial statements of Foundation for Blind Children 403(b) DC Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Foundation for Blind Children 403(b) DC Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to July 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Foundation for Blind Children 403(b) DC Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Foundation for Blind Children 403(b) DC Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Foundation for Blind Children 403(b) DC Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Foundation for Blind Children 403(b). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated February 23, 2022, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements.

Foundation for Blind Children 403(b) DC Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Foundation for Blind Children 403(b) DC Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

General – The Plan is a defined contribution plan covering substantially all employees of the Foundation for Blind Children and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Foundation for Blind Children (the “Organization”) is the Plan’s sponsor and serves as plan administrator. The Plan was established on January 1, 1998.

Eligibility – Employees of the Organization are eligible to participate in the Plan as soon as administratively feasible after the hire date. Participants must complete two consecutive years of service to be eligible to receive non-elective employer contributions. Employees are eligible to receive additional employer match contribution amounts after five and ten years of service. An employee will be credited with a year of service once twelve months have passed since the date of hire during the eligibility measuring period. Upon reaching the eligibility requirements to receive employer contributions, entrance dates will be on the next semi-annual entry date (the first day of the plan year and the first day of the seventh month of the plan year).

Participant and Employer Contributions

Participant contributions – Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may elect to make Roth contributions on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 8%.

Employer non-elective contributions – The Organization contributes an amount equal to 4% of pre-tax annual compensation, as defined in the Plan, for all eligible employees.

Employer match contributions – For employees with 5-10 years of service, the Organization matches 100% of the employee contributions up to 1% of eligible compensation deferred to the Plan. For employees with more than 10 years of service the Organization matches 3% of eligible compensation deferred to the Plan.

Contributions are subject to regulatory limitations.

Foundation for Blind Children 403(b) DC Plan

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Participant accounts – Each participant's account is credited with the participant's contributions, non-elective employer contributions, and employer match contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions, employer non-elective contributions, and employer match contributions, plus actual earnings thereon.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments not to exceed the life expectancy of the participant, partial payments, or apply toward the purchase of an annuity contract. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, subject to certain restrictions. For distributions due to hardship, a participant may receive a distribution only from the portion of the employee's elective deferrals.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value and contract value. The Plan's insurance carriers, Teachers Insurance & Annuity Association (TIAA) and College Retirement Equities Fund (CREF), and custodian, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), certify the fair market value and contract value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measure for assets invested in fully benefit-responsive investment contracts because the contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Foundation for Blind Children 403(b) DC Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Annuity contracts with insurance company – The TIAA Traditional Annuity (the “Annuity”) is a fixed annuity contract that is fully and unconditionally guaranteed by TIAA. On March 3, 2010, the Department of Labor (DOL) issued advisory opinion 2010-01A. The DOL determined that the Annuity is not a fully allocated contract for reporting purposes. As such, for years beginning on or after July 1, 2009, the Annuity is to be included in the net assets of the Plan. Furthermore, the DOL determined that TIAA does not unconditionally guarantee a benefit of a specified dollar amount due to the fact that the underlying assets are adjusted for market fluctuations. According to the DOL, the Annuity only guarantees a return of contributions at a minimum rate of interest that may vary year to year at the discretion of TIAA. For these reasons, the Annuity is considered to be a non-benefit responsive contract measured at fair value.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing financial statements. The Plan’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through January 26, 2023, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Foundation for Blind Children 403(b) DC Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the techniques used at June 30, 2022 and 2021.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

TIAA traditional annuity – The TIAA Traditional Annuity Account is a non-fully benefit responsive contract, which is presented at estimated fair value on the statements of net assets available for benefits. The estimated fair value of the contract is based upon fair value of the underlying investments in the insurance company general account as reported on the audited financial statements of TIAA. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals. The contract is not actively traded on a securities exchange and transactions in similar investment instruments are not observable. This contract does not allow lump-sum cash withdrawals and transfers as they must be spread over 10 annual installments. Contract value approximates fair value.

Real estate account – TIAA Real Estate Account is a variable annuity account with investments in real estate properties and real estate-related investments. The account value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The unit values for the account are listed on the NASDAQ's website. Transfers out of the account are limited to one per calendar quarter. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, TIAA provides the account with a liquidity guarantee from the TIAA general fund that ensures that the account has funds available to meet participant redemption, transfer, or cash withdrawal requests.

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

The plan administrator determines the Plan's valuation policies utilizing information provided by the insurance carriers and custodian. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate.

There were no unfunded commitments related to the investments as of June 30, 2022 and 2021.

The following table discloses the fair value hierarchy of the Plan's assets by level as of June 30, 2022 and 2021:

Fair Value Measurement at June 30, 2022				
	Level 1	Level 2	Level 3	Total

Sales	\$ (42,571)	\$ (64,980)

Foundation for Blind Children 403(b) DC Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The plan administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Note 4 – Guaranteed Investment Contract

In 2022, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed on a semi-annual basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and, therefore, is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) An uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

Foundation for Blind Children 403(b) DC Plan

Notes to Financial Statements

Note 5 – Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service. The Plan is required to operate in conformity with the code to maintain the tax exempt status for participants under Section 403(b).

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 7 – Information Certified by the Insurance Carriers and Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, and Principal, have certified to the completeness and accuracy of the following:

- Investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2022 and 2021.
- Net depreciation in fair value of investments and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2022.
- Investments reflected on the schedule of assets (held at end of year).

Note 8 – Party-in-Interest Transactions

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Plan investments include shares in funds that are managed by TIAA and CREF, insurance carriers, and Principal, custodian of the Plan. Transactions with these entities qualify as exempt party-in-interest transactions.

Foundation for Blind Children 403(b) DC Plan

Notes to Financial Statements

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Organization has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA.
