INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Custodians of
Florida Fruit & Vegetable Association Employee Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Florida Fruit & Vegetable Association Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of July 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended July 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Florida Fruit & Vegetable Association Employee Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Florida Fruit & Vegetable Association Employee Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Florida Fruit & Vegetable Association Employee Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Florida Fruit & Vegetable Association Employee Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule H, part IV, line 4i – schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Florida Fruit & Vegetable Association Employee Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated May 9, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

July 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Florida Fruit & Vegetable Association Employee Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all full-time employees of Florida Fruit & Vegetable Association and Subsidiaries (the "Employer"). An employee is eligible to participate in the Plan on the first day of the month coinciding or following their attainment of age 21 and one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustees are responsible for oversight of the Plan. The Plan trustees determine the appropriateness of the Plan's investment offerings, monitor investment performance, and report to the Employer.

Contributions

Eligible participants may contribute up to the maximum allowed by the Internal Revenue Code ("IRC"). Employees that are eligible to participate in the Plan are automatically enrolled in the Plan and will have elective pre-tax deferrals withheld in the amount of 3% of compensation into a preselected fund, unless the participant makes an affirmative election not to participate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes a safe harbor match of 100% of salary deferrals up to 5% of Plan compensation plus 50% of salary deferrals up to the next 2% of Plan compensation. Employer profit sharing contributions are allowed at the option of the Employer's board of directors. Employer safe harbor matching and discretionary profit-sharing contributions are invested in a portfolio of investments as directed by each participant. For the year ended July 31, 2022, Employer safe harbor matching and discretionary profit-sharing contributions amounted to \$918,499, net of forfeitures of \$9,146.

Participant Accounts

Individual accounts are established for each participant. Each participant's account is credited with the participant's voluntary 401(k) contributions, Roth contributions, rollover contributions, Employer's safe harbor matching, Employer's discretionary profit-sharing contributions, and Plan earnings. The Employer's profit-sharing contributions are allocated to participants employed at the end of the Plan year who have attained 1,000 hours of service and are based on participant compensation. The Employer's safe harbor matching contributions are allocated to participants based on the voluntary contributions made by each participant. Plan earnings are allocated based on account balances and investment options chosen by the participants. Employees who have terminated employment during the year due to death, disability, or retirement are also allocated contributions. Participant accounts are reduced by withdrawals, losses on investments, administrative expenses, and any forfeitures. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in their voluntary 401(k), Roth, and safe harbor matching contributions plus actual earnings thereon. Vesting in the Employer's discretionary profit-sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is vested 20% during the first two years of credited service and then 20% each additional year. A participant is fully vested after six years of credited service, or upon death, disability, or normal retirement.

Notes Receivable From Participants

Participants may receive loans from their account balances in amounts not to exceed the amounts prescribed by IRS regulations. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates made under similar circumstances by personnel in the business of lending money. Principal and interest is paid ratably through monthly payroll deductions. Loans have various repayment terms limited to 60 months, or longer, if for the purchase of a primary residence. Effective November 1, 2021, the Plan was amended to limit the minimum amount that a participant may borrow to no less than \$1,000 and limit the number of notes outstanding to one at any given time.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants or their beneficiaries may elect to receive either a lump sum distribution or installments equal to their vested account balance. If the participant's account balance is between \$1,000 and \$5,000, the Plan administrator may make an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan administrator directs the trustees to make a lump sum distribution. In-service withdrawals are available for participants over age 59½. Participants terminated for reasons other than death, disability, or retirement, are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's voluntary account balance may be authorized at any time by Plan administration under certain financial hardship conditions.

Forfeited Accounts

Forfeitures are temporarily held in a suspense account maintained by the Plan and are used to pay Plan expenses and/or reduce future Employer contributions. During the plan year ended July 31, 2022 forfeitures of \$9,146 were used to reduce employer contributions. Forfeiture balances were not significant as of July 31, 2022 and 2021.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Plan uses the accrual basis of accounting for the presentation of financial statements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Florida Fruit & Vegetable Association Employee Retirement Plan

Notes to Financial Statements

July 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net change in the fair value of investments during the Plan year is included in the statement of changes in net assets available for benefits. Net appreciation or depreciation in the fair value of investments consists of the net realized gains or losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through May 12, 2023, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;

Florida Fruit & Vegetable Association Employee Retirement Plan
Notes to Financial Statements
July 31, 2022 and 2021

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following are descriptions of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at July 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value at July 31, 2022 and 2021:

2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,669,780	\$ -	\$ -	\$ 28,669,780
2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 33,048,092	\$ -	\$ -	\$ 33,048,092

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

At July 31, 2022 and 2021, the Plan has a guaranteed interest account with Massachusetts Mutual Life Insurance Company ("Mass Mutual") which guarantees a rate of return on the contract and is backed by Mass Mutual's general account. This investment contract has been determined to be fully benefit-responsive. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans, or transfers to other investment choices within the Plan. Contract value represents contributions made under each contract plus earnings less participant's withdrawals and administrative expenses.

Florida Fruit & Vegetable Association Employee Retirement Plan
Notes to Financial Statements
July 31, 2022 and 2021

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Repayment of principal and interest credited to the participants is a financial obligation of the insurance company backing the contract.

The effective annual rates of interest are established for the corresponding six-month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate. Events that may limit the Plan's ability to execute transactions at contract value include Plan sponsor bankruptcy, premature termination of the contracts, or a significant decline in the creditworthiness of the custodians. Additionally, certain events exist that would allow the contracts to be terminated. Since the respective fully-benefit responsive investment choices are the obligations of the insurance companies, the occurrence of an event that limits the ability of the investments to transact at contract value between the trustees and the participants holding the investment is not probable.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments and notes receivables from participants are managed by Reliance Trust Company and Empower Retirement ("Reliance" and "Empower"). Reliance and Empower are trustees, as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid fees for investment management services of \$28,590 for the year ended July 31, 2022, which is included in administrative expenses. In addition, there are transaction fees charged by Empower that are absorbed in investment income that are not readily determinable.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan adopted a volume submitter plan which has received an opinion letter from the Internal Revenue Service dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS").

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of July 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties for periods presented in these financial statements.

8. INVESTMENTS AND INFORMATION PROVIDED AND CERTIFIED BY TRUSTEES AND INVESTMENT CUSTODIANS (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Reliance Trust Company and Great-West Trust Company, the trustees have certified the completeness and accuracy of all investments and related investment activity for all investments and notes receivable from participants, except for the guaranteed interest account, and the related investment activity for this account, in the accompanying statements of net assets available for benefits as of July 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended July 31, 2022, and the accompanying supplemental schedule of assets (held at end of year) as of July 31, 2022.

Mass Mutual Life Insurance Company and Great-West Life & Annuity Insurance Company have certified the completeness and accuracy of the guaranteed interest account and the related investment activity in the accompanying statements of net assets available for benefits as of July 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended July 31, 2022, and the accompanying supplemental schedule of assets (held at end of year) as of July 31, 2022.

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the custodian/trustee, except for comparing such information with the related information included in the financial statements and supplementary schedule.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
