INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of the
Carling Technologies, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Carling Technologies, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of July 31, 2022 (date of liquidation) and December 31, 2021 (in liquidation), and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to July 31, 2022 (date of liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of July 31, 2022 (date of liquidation) and December 31, 2021 and for the period from January 1, 2022 to July 31, 2022 (date of liquidation), stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

A handwritten signature in cursive script that reads "Whittlesey PC".

CARLING TECHNOLOGIES, INC. 401(K) PLAN

Notes to Financial Statements

For the period January 1, 2022 to July 31, 2022 and the year ended December 31, 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Carling Technologies, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees (as defined by the Plan) of Carling Technologies, Inc. (the “Company” or “Employer”) who have completed six months of service and have attained age twenty-one. Employees must work at least 500 hours during their first six months of employment to be eligible. If employees fail to work at least 500 hours in their first six months of employment but do work 1,000 hours in their first twelve months of employment (or any calendar year thereafter), they will have satisfied the eligibility requirements. Employees are eligible to participate in the Plan at the beginning of the following calendar quarter after they have satisfied the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In accordance with Coronavirus (“COVID-19”) Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), the Plan adopted the following provisions: COVID related distributions up to \$100,000, loan payment deferment, suspension of required minimum distributions effective in 2020, increased the age for required minimum distributions from 70 1/2 to 72 years, and allowed long-term, part-time employees who completed three consecutive 12-month periods, each with at least 500 hours of service to participate in the employee deferral component of the Plan. As of July 31, 2022, the Plan has not been formally amended related to these provisions.

On November 29, 2021, the trustees of the Plan approved termination of the Plan. The Plan was fully liquidated as of July 31, 2022. See Note 7 for further information.

Participant Contributions

Prior to November 29, 2021, participants could make pretax contributions ranging from 1 percent to 100 percent of their earnings as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”). The Plan also allowed for participants who are 50 years old or older to make catch up contributions up to the limits prescribed by the IRS.

Participants could modify their contribution percentage at their discretion. Participants were permitted to revoke their election at any time during the plan year. The modifications became effective as soon as administratively feasible.

There were no participant contributions due to the Plan termination.

Employer Contributions

Effective January 1, 2014, the Company elected to make a safe harbor matching contribution equal to 100 percent of employee salary deferrals that do not exceed 4 percent of the participant’s eligible compensation. At its discretion, the Company may also make an additional contribution to the Plan for eligible participants, subject to limits for tax deductions under the Internal Revenue Code. There were no Employer contributions due to the Plan termination.

NOTE 1 - DESCRIPTION OF THE PLAN - (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, plan earnings and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Withdrawals

Withdrawals prior to the age of 59½ are allowed only at termination of employment or for the purpose of a participant loan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a rollover distribution paid directly to an eligible retirement plan. Participants with vested benefits of less than \$5,000 must elect a lump-sum payment. Benefits are recorded when distributed.

Vesting

Participants are immediately vested in their contributions and Company safe harbor contributions, and all earnings on those contributions. A participant is 100% vested in the Company profit sharing contributions after five years of credited service, as defined by the Plan. Non-vested portions of the Company contributions are forfeited as of an employee's termination date and are used, as described in the Plan document, to reduce future Company matching or profit-sharing contributions and Plan administrative expenses. On November 29, 2021, the Plan was approved for termination and participants became 100% vested in Company contributions.

Forfeitures

At July 31, 2022 and December 31, 2021, forfeited accounts totaled \$0 and \$402, respectively. These accounts may be used to reduce Plan expenses. During the period January 1, 2022 to July 31, 2022, \$402 of forfeitures were utilized to reduce Plan expenses.

Investment Options

Participants may direct participant contributions, Employer contributions, and Employer discretionary contributions to various investment options available under the Plan.

Notes Receivable from Participants

The Plan allows participant loans, subject to the provisions as set forth in the Plan. The loan shall not exceed the lesser of \$50,000 or 50 percent of the sum of the participant's total vested balance. The interest rate on the loans is fixed at the prime rate plus one percent on the date the loans are taken by the participants. The loans are secured by the participant's account balance. Loans may not have a repayment term of greater than five years unless the loan is for the purchase of the participant's principal residence, in which case the loan may have a longer repayment term. Principal and interest are paid ratably through payroll deductions in every pay period.

Plan Amendments

The Employer reserves the authority to amend certain provisions of the Plan by taking the appropriate action. However, any amendment may not eliminate certain forms of benefits under the Plan or reduce the existing vested percentage of the participants account balance derived from Employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements were prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Expenses incurred in connection with the administration of the Plan may be paid from the net assets of the Plan unless paid by the Company. Administrative expenses of \$45,599 were incurred by the Plan for 2022. All other expenses were paid by the Company. Investment related expenses are included in net depreciation in fair value of investments.

Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all highly liquid instruments with a maturity of three months or less to be cash and cash equivalents.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021.

Subsequent Events Measurement Date

The Plan has monitored and evaluated any subsequent events from July 31, 2022 through May 12, 2023, the date on which financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2022 and December 31, 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued through investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2021:

| | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u> |
|----------------------------------|----------------------|----------------|----------------|----------------------|
| Money market fund | \$ 4,140,644 | \$ - | \$ - | \$ 4,140,644 |
| Mutual funds | 49,494,306 | - | - | 49,494,306 |
| Total investments, at fair value | <u>\$ 53,634,950</u> | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 53,634,950</u> |

NOTE 4 - SUMMARY OF INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

Certain information related to investments disclosed in the accompanying financial statements, including noninterest bearing cash and investments, at fair value, held at December 31, 2021, and net depreciation in fair value of investments, interest and dividends for the period January 1, 2022 to July 31, 2022 (date of liquidation), was obtained or derived from information supplied to the Company and certified as complete and accurate by Charles Schwab Bank.

NOTE 5 - TAX STATUS

The IRS has informed the volume submitter plan sponsor, by an opinion letter dated March 31, 2014, that the Plan is acceptable under the appropriate sections of the Internal Revenue Code. The Plan is designed to constitute a qualified tax-exempt plan under section 401(a) of the Internal Revenue Code. As such, the Plan is exempt from federal income tax, and amounts contributed by the Employer will not be taxed to the participant until the participant receives a qualifying distribution from the Plan. The Plan has been amended since the date of the opinion letter, however the Employer believes that the Plan is operating in accordance with the applicable sections of the Internal Revenue Code. The Employer believes the Plan was terminated in accordance with IRS regulations.

Accounting principles generally accepted in the United State of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds held by Charles Schwab Bank, who is the custodian of the Plan. The Plan also hires firms for investment advice and recordkeeping services. Fees incurred by the Plan to these firms were \$45,599 for the period January 1, 2022 to July 31, 2022. Newport performs certain administrative advisory and recordkeeping services for the Plan. If revenue received by Newport from such services exceeds the amount owed, Newport remits the excess to the Plan's suspense account. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, there was no excess remitted to the Plan's suspense account. The Plan provides for participant loans. These transactions qualify as party-in-interest transactions as defined by ERISA.

NOTE 7 - PLAN TERMINATION

Effective November 29, 2021, the Employer terminated the Plan subject to the provisions of ERISA. Participants are 100 percent vested in their Employer contributions. As part of the Plan termination, participant balances of \$25,118,352 were transferred to the Littelfuse, Inc. 401(k) Retirement and Savings Plan. All plan assets were liquidated as of July 31, 2022.
