REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
DRiV 401(k) Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2022 financial statements

We have performed an audit of the financial statements of DRiV 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of July 1, 2022, and the related statement of changes in net assets available for benefits for the period January 1, 2022 through July 1, 2022, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of July 1, 2022 and for the period January 1, 2022 through July 1, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2022 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2022 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2022 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2022 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's report on the 2021 financial statements

We have audited the statement of net assets available for benefits of the Plan as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021 (not presented herein), and in our report dated June 24, 2022, we expressed an unmodified opinion on those financial statements.

DRiV 401(k) Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS
Period January 1, 2022 through July 1, 2022 and December 31, 2021

A. DESCRIPTION OF THE PLAN

The following is a description of the DRiV 401(k) Retirement Savings Plan (the “Plan”). Participants should refer to the Plan document for more complete information.

General – The Plan is a defined contribution plan covering substantially all U.S. salaried and hourly employees of DRiV Automotive Inc. and certain of its affiliates (the “Company”), a wholly owned subsidiary of Tenneco Inc. (“Tenneco”). Participation by union employees is subject to provisions that may be different from those applicable to non-union hourly employees as determined pursuant to negotiations with the union and incorporated into the Plan document. The special provisions applicable to union employees are not discussed in this summary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Benefits Administrative Committee of Tenneco Inc. appointed by the Company (the “Committee”) is the plan administrator (as defined under ERISA) and has the authority for the day-to-day administration of the Plan.

Plan Merger – Pursuant to the amendment dated June 27, 2022, and effective July 1, 2022, the Plan merged into the Tenneco 401(k) Investment Plan (the “Tenneco Plan”). All assets became the assets of the Tenneco Plan in the amount of \$756,534,685. The participant’s benefit after the merger was at least equal to their benefit before the merger date. The amount shown in the Statement of Changes in Net Assets Available for Benefits has been offset by approximately \$3.5M of assets that were transferred in from the Tenneco Plan in the first quarter of 2022.

The information summarized below represents the provisions prior to the merger.

Eligibility – Employees are eligible to participate in the Plan as soon as practicable following the earlier of the recordkeeper’s receipt of an application for enrollment or after two complete calendar months of employment provided the employee has not waived automatic enrollment.

Contributions – If he or she is not already enrolled or has not waived automatic enrollment, an eligible employee is automatically enrolled in the Plan as of the first day of the month following completion of the two month eligibility requirements at a pretax contribution rate of 3% of annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code (“IRC”) limitations. The Plan allows participants to make Roth elective contributions. Participants can elect to increase their pretax salary deferral contributions and/or Roth elective contributions rate, subject to certain IRC limitations up to 75%, of compensation in any whole percentage, at any time.

Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions subject to IRC limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and annuity contracts or individual retirement accounts as rollover contributions.

The employer matching contribution is equal to 100% on the first 3% of eligible compensation, and 50% of the next 2% of eligible compensation, based on employee pretax and Roth contributions to the Plan each payroll period. Additional amounts may also be contributed at the discretion of the Company. No such additional discretionary contributions were made for the period ended July 1, 2022.

In addition to matching contributions, eligible participants also receive a nonelective employer contribution (“CRC contribution”) at a rate that is based upon a participant’s age in accordance with an age-graded schedule outlined in the Plan document.

Participant Accounts – An individual account is maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the employer matching contributions, the CRC contributions, allocations of Company discretionary contributions, and Plan earnings; it is also charged with withdrawals and an allocation of Plan losses and administrative expenses. Participants direct the investment of their contributions and the employer contributions credited to their account into various investment options offered by the Plan. Allocations are based on participant compensation or account balances, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are vested immediately in their pretax and Roth contributions and the employer matching contributions plus actual earnings thereon. Participants are also vested in rollover contributions to the Plan. The CRC contributions and any additional Company contributions cliff vest after the participant has completed 3 years of service (or, if earlier, upon the participant’s death, disability or attainment of age 65 while employed).

Notes Receivable from Participants – Active participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000, less their highest outstanding loan balance in the previous 12 months or 50% of their account balance, whichever is less, as long as the participants have no outstanding loans. Each participant may only have one loan outstanding at any time. Loans for the purchase of a primary residence can be for 15-year duration. All other borrowings shall be paid back in equal payments, primarily through payroll deductions, not to exceed four-and-one-half years. The loans are secured by the balance in the participant’s account and bear interest at rates equal to the prime rate as reported in *The Wall Street Journal* at the time the loan is made; current outstanding loans are maturing at interest rates of 3.25%-6.50%.

Termination of Participation – Upon termination of service due to disability, retirement, or other termination of employment (other than death), a participant may elect to receive a lump-sum distribution equal to the value of the participant’s vested interest in his or her account or, if the participant’s vested interest in the account was more the \$1,000, to continue to maintain the account under the Plan and to receive a distribution at a later date as provided in the Plan. If the participant’s account does not exceed \$1,000, the participant is required to receive a lump-sum amount or roll over the amount to another qualified plan or individual retirement account. In the event of the participant’s death, his or her account will be distributed to the beneficiary in a lump sum as soon as practicable after the participant’s death.

Forfeitures – At July 1, 2022 and December 31, 2021, forfeited nonvested accounts totaled approximately \$0 and \$634,000, respectively. These forfeitures are used to reduce future employer contributions and/or pay Plan administrative expenses. For the period ended July 1, 2022, no forfeitures were used to reduce employer contributions and/or pay Plan administrative expenses. If a participant terminates and is rehired within five years, any forfeited balance will be reinstated.

Voting Rights – Each participant who has an interest in the Tenneco Inc. stock fund is entitled to exercise voting rights attributable to the shares held in his or her stock fund account and is notified by the Trustee, Fidelity, as defined by the Plan, prior to the time that such rights are to be exercised. If the Trustee does not receive timely instructions, the Trustee itself or by proxy shall vote all such shares in the same ratio as the shares with respect to which instructions were received from participants.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (“GAAP”).

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan’s investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to determine the fair value of the Plan’s investments, when available.

See Note C for discussion of fair value measurements.

Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected in net appreciation (depreciation) in the fair market value of investments for such investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of July 1, 2022 and December 31, 2021.

Net Appreciation/(Depreciation) in Fair Value of Investments – Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as investment income.

Administrative Expenses – Administrative expenses of the Plan are paid by the Plan as provided by the Plan document unless such expenses are paid directly by the Company.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Subsequent Events – We have evaluated events and transactions occurring subsequent to July 1, 2022 through the date these financial statements were issued. We did not identify any items which would require disclosure in or adjustment to the financial statements.

C. FAIR VALUE MEASUREMENTS

A three-level valuation hierarchy, based upon observable and unobservable inputs, is used for fair value measurements. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions based on the best evidence available. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at July 1, 2022 and December 31, 2021.

Common stock and registered investment companies – Valued at the closing price reported on the active market on which the individual securities are traded.

Brokerage account – Consists primarily of common stock and registered investment companies, which are valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust – Valued at the net asset value (“NAV”) per share (or its equivalent) based on information reported by the investment advisor using audited financial statements of the collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the trust, with the exception of fully-benefit responsive investment contracts held by the trust that are valued at contract value, less liabilities. Contract value represents contributions made to a fund, plus earnings, less participant withdrawals. The collective trust’s NAV represents fair value since this is the amount at which the Plan transacts with the trust. Plan management believes that the value of the collective trust is reasonably stated and that no adjustment to NAV as of July 1, 2022 and December 31, 2021 is required.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the collective trust at contract value on a daily basis. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to twelve months in order to ensure that securities liquidations will be carried out in an orderly manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy:

<i>Plan Assets at Fair Value as of December 31, 2021</i>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 820,403,523	\$ -	\$ -	\$ 820,403,523
Tenneco common stock	21,647,284	-	-	21,647,284
Brokerage account	2,607,139	-	-	2,607,139
Total assets in the fair value hierarchy	<u>\$ 844,657,946</u>	<u>\$ -</u>	<u>\$ -</u>	844,657,946
Collective trust fund valued at net asset value ("NAV")				<u>76,147,539</u>
Investments at fair value				<u>\$ 920,805,485</u>

The collective trust fund does not file as a direct filing entity with the Department of Labor. Its investment strategy is to provide current income while maintaining stability of invested principal. The fund pursues its investment objective by investing primarily in a diversified portfolio of guaranteed investment contracts ("GICs"); wrapped fixed income contracts ("synthetic GICs"); separate account contracts; cash and cash equivalents; and other instruments.

D. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, (the "Trustee") has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as of June 30, 2022, which merged into the Tenneco Plan effective July 1, 2022 as noted in Note A (totaling approximately \$756,535,000).
- Net depreciation in fair value of investments and interest and dividends, as shown in the statement of changes in net assets available for benefits for the period from January July 1, 2022.
- Interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period January 1, 2022 through July 1, 2022.

E. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2021, the Plan held shares of the Fidelity Low-Priced Stock Fund and the Fidelity Government Money Market Fund, which are managed by Fidelity Investments, an affiliate of the Trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on this investment.

At December 31, 2021, the Plan held 1,915,689 shares of common stock of Tenneco, the ultimate parent of the sponsoring employer. During 2022, the Plan did not receive any common stock dividends from Tenneco.

F. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA and the terms of the Plan. In the event of a Plan termination, participants would become 100% vested in employer contributions. Any assets which are not allocated to the accounts of participants upon the complete termination of the Plan, or complete discontinuance of contributions, will be allocated among all of the participant accounts pro rata on the basis of their respective balances.

As discussed in Note A, the Plan was merged into the Tenneco Plan effective July 1, 2022.

G. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (“IRS”) determined and informed the Company by a letter dated March 4, 2016, that the form of the Plan conforms to the applicable requirements of the IRC. The Plan has been amended and restated since receiving the letter, however, the Company and the plan administrator believe that the Plan continues to be designed and operated in all material respects in compliance with the applicable requirements of the IRC and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Company has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
