INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
JV Driver Group, Inc. Retirement Plan
Deer Park, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of JV Driver Group, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits-liquidation basis as of July 29, 2022, and December 31, 2021, and the related statement of changes in net assets available for benefits-liquidation basis for the period ended July 29, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of JV Driver Group, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of July 29, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in

all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JV Driver Group, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting and Plan Termination

As discussed in Note 7 to the financial statements, the governing body of JV Driver Group, Inc. Retirement Plan approved a plan of liquidation on December 31, 2021, and management determined liquidation was imminent. As a result, the Plan has changed its basis of accounting from the ongoing concern basis used in presenting the 2020 financial statements to the liquidation basis used in presenting the 2022 and 2021 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered

material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JV Driver Group, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules listed in the accompanying index, together referred to as "Supplemental Information," as of the period ended July 29, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

JULY 29, 2022 AND DECEMBER 31, 2021

NOTE 1: DESCRIPTION OF THE PLAN

General

The JV Driver Group, Inc. Retirement Plan (the "Plan") was established December 1, 2013 as a qualified retirement plan known as a safe harbor defined contribution 401(k) Plan covering all of the eligible employees of JV Driver Group, Inc. (the "Company", or "Plan Sponsor") and its related group members including JV Driver Fabricators (2013), Inc. and JV Driver Industrial Services, Inc. The Plan is a qualified plan as defined by Section 401(a) of the Internal Revenue Code and contains a provision for salary reduction contributions under Section 401(k) of the Internal Revenue Code. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

Employees of the Company are eligible to participate in the Plan on the first day of each month of the Plan Year with the Company, provided the employee has attained age 21.

Contributions

Employees may elect to contribute a portion of their annual compensation to the Plan, subject to Internal Revenue Service limitations, and may direct their contributions to various investment alternatives. The contribution limit applies to any calendar year and is adjusted annually by the Internal Revenue Service. For 2022, the maximum contribution allowed for any employee was \$20,500. Additionally, participants who attain age 50 during the plan year may make "catch up" contributions of up to \$7,000 for 2022. Participants may also contribute amounts representing distributions from other qualified plans. The Company, at the discretion of the Board of Directors, may also make a Safe Harbor contribution to the Plan during the year. The Safe Harbor contribution is on a pro-rata basis and to qualify, the employee must be employed on the last day of the plan year. Safe Harbor contributions were \$0 for the period ended July 29, 2022.

Vesting and Payment of Benefits

All participant contributions and company contributions vest immediately.

JV DRIVER GROUP, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (*Continued*)

During employment, vested benefits may be paid from the Plan under hardship provisions, or to electing participants that have attained the age of 59 ½. When a participant has reached the age of 70 ½, they must take a required minimum distribution or periodic installments as required to meet the minimum distribution requirements of Internal Revenue Code regulations. Distributions for non-retiring separated employees may be paid as a lump sum in cash. Separating participants may elect to rollover their account into another plan, as permitted by Internal Revenue Code regulations.

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's contribution and (b) investment income (less expenses). Income for each of the investment choices is allocated to the participants' accounts on a daily basis and is based on the relative units of participation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Notes Receivable from Participants

Participants may only have one loan outstanding at a given time. Participants may borrow a portion of the vested balance of their account, subject to a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Notes receivable bear interest at reasonable interest rates and are secured by the participant's account. Principal payments are made ratably through payroll deductions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

CARES Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, which laws change the plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, increased loan limits, expanded distribution options, and delayed the commencement date for required minimum distributions.

JV DRIVER GROUP, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis.

Administrative Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative fees. Other investment-related expenses are included in net appreciation in fair value of investments.

Benefit Payments

Distributions to participants are recorded when paid.

NOTE 3: TAX STATUS

For the plan period ended July 29, 2022 and year ended December 31, 2021, the Plan adopted a Prototype Non-Standardized Profit Sharing Plan, designed by Voya Retirement Insurance and Annuity Company ("VRIAC") which received a determination letter dated September 1, 2014. The letters state that the Plan is designed in accordance with the applicable section of the Internal Revenue Code ("IRC"). As allowed by Internal Revenue Service ("IRS") regulations, the Plan intends to rely on its advisors rather than submit its own determination letters. Although the Plan has been amended since adoption, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4: ADMINISTRATION AND INVESTMENTS

Administration

For the period ended July 29, 2022 and year ended December 31, 2021, the Plan's investments were administered by VRIAC. Among other duties, VRIAC receives contributions, invests and reinvests the Plan's assets, collects income and makes distributions from the Plan's assets as directed by the Plan Sponsor.

JV DRIVER GROUP, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4: ADMINISTRATION AND INVESTMENTS (Continued)

Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at July 29, 2022 and December 31, 2021, and net appreciation in fair value of investments and interest and dividends for the period ended July 29, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by VRIAC.

NOTE 5: FAIR VALUE MEASUREMENTS

FASB ASC 820-10 provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). FASB ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements. The statement requires fair value measurements be classified and disclosed in one of the following categories:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Measured based upon inputs that are observable, either directly or indirectly, for the asset or liability other than quoted market prices included in Level 1. These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

Level 3: Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 29, 2022 and December 31, 2021.

JV DRIVER GROUP, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS *(Continued)*

Mutual funds:

Mutual funds are valued at the net asset value (NAV) of shares held by the plan at year end and are classified as Level 1 investments.

Stable value fund:

The investment includes the Voya Fixed Account (the “VFA”), for which the primary objective is stability of principal. The VFA is the obligation of VRIAC’s general account which supports all of their insurance and annuity commitments. VRIAC may impose restrictions on moving funds into or out of the VFA, as this could disrupt their guaranteed minimum rate of interest. Withdrawals from the VFA could be subject to a market value adjustment and a surrender charge, if for reasons other than benefit payments to participants. Additionally, transfers from the VFA could result in a “percentage limitation” or an “equity wash” provision. Transfers into a competing investment option from another investment option are allowed at any time provided that no prior transfers from the VFA have occurred within 90 calendar days. There are no unfunded commitments as of July 29, 2022 and December 31, 2021.

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement.

The Company’s assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following table summarizes the valuation of the Company’s financial instruments by FASB ASC 820-10 pricing levels as of July 29, 2022:

*- Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE 6: RELATED PARTY TRANSACTIONS

The Plan held investments in pooled separate accounts that were managed by VRIAC, who is also the custodian for the Plan. For the period ended July 29, 2022, the Company paid \$5,481 in administration fees that are included in administrative expenses.

The Plan believes that the fees charged by VRIAC are no different than those that would be charged by other companies engaged in managing pension assets.

NOTE 7: PLAN TERMINATION

The Plan sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

The Plan Sponsor formally terminated the Plan effective as of December 31, 2021 and employee and employer contributions ceased. The Plan Sponsor provided in its formal termination resolutions that Plan assets were to be distributed as soon as administratively feasible in accordance with the terms of the Plan. The final distribution of the last remaining Plan assets took place on July 29, 2022.

JV DRIVER GROUP, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 8: RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments securities, and are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that reduction in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 9: INCOME TAXES

The Plan did not have unrecognized tax benefits as of July 29, 2022 and December 31, 2021, and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of July 29, 2022, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 10: SUBSEQUENT EVENTS

Management evaluated the period from July 30, 2022 through May 15, 2023, which was the date the financial statements were available to be issued.

No subsequent events were identified.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
JV Driver Group, Inc. Retirement Plan
Deer Park, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of JV Driver Group, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits-liquidation basis as of July 29, 2022, and December 31, 2021, and the related statement of changes in net assets available for benefits-liquidation basis for the period ended July 29, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of JV Driver Group, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of July 29, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in

all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JV Driver Group, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting and Plan Termination

As discussed in Note 7 to the financial statements, the governing body of JV Driver Group, Inc. Retirement Plan approved a plan of liquidation on December 31, 2021, and management determined liquidation was imminent. As a result, the Plan has changed its basis of accounting from the ongoing concern basis used in presenting the 2020 financial statements to the liquidation basis used in presenting the 2022 and 2021 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered

material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JV Driver Group, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules listed in the accompanying index, together referred to as "Supplemental Information," as of the period ended July 29, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

JULY 29, 2022 AND DECEMBER 31, 2021

NOTE 1: DESCRIPTION OF THE PLAN

General

The JV Driver Group, Inc. Retirement Plan (the "Plan") was established December 1, 2013 as a qualified retirement plan known as a safe harbor defined contribution 401(k) Plan covering all of the eligible employees of JV Driver Group, Inc. (the "Company", or "Plan Sponsor") and its related group members including JV Driver Fabricators (2013), Inc. and JV Driver Industrial Services, Inc. The Plan is a qualified plan as defined by Section 401(a) of the Internal Revenue Code and contains a provision for salary reduction contributions under Section 401(k) of the Internal Revenue Code. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

Employees of the Company are eligible to participate in the Plan on the first day of each month of the Plan Year with the Company, provided the employee has attained age 21.

Contributions

Employees may elect to contribute a portion of their annual compensation to the Plan, subject to Internal Revenue Service limitations, and may direct their contributions to various investment alternatives. The contribution limit applies to any calendar year and is adjusted annually by the Internal Revenue Service. For 2022, the maximum contribution allowed for any employee was \$20,500. Additionally, participants who attain age 50 during the plan year may make "catch up" contributions of up to \$7,000 for 2022. Participants may also contribute amounts representing distributions from other qualified plans. The Company, at the discretion of the Board of Directors, may also make a Safe Harbor contribution to the Plan during the year. The Safe Harbor contribution is on a pro-rata basis and to qualify, the employee must be employed on the last day of the plan year. Safe Harbor contributions were \$0 for the period ended July 29, 2022.

Vesting and Payment of Benefits

All participant contributions and company contributions vest immediately.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (*Continued*)

During employment, vested benefits may be paid from the Plan under hardship provisions, or to electing participants that have attained the age of 59 ½. When a participant has reached the age of 70 ½, they must take a required minimum distribution or periodic installments as required to meet the minimum distribution requirements of Internal Revenue Code regulations. Distributions for non-retiring separated employees may be paid as a lump sum in cash. Separating participants may elect to rollover their account into another plan, as permitted by Internal Revenue Code regulations.

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's contribution and (b) investment income (less expenses). Income for each of the investment choices is allocated to the participants' accounts on a daily basis and is based on the relative units of participation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Notes Receivable from Participants

Participants may only have one loan outstanding at a given time. Participants may borrow a portion of the vested balance of their account, subject to a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Notes receivable bear interest at reasonable interest rates and are secured by the participant's account. Principal payments are made ratably through payroll deductions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

CARES Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, which laws change the plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, increased loan limits, expanded distribution options, and delayed the commencement date for required minimum distributions.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis.

Administrative Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative fees. Other investment-related expenses are included in net appreciation in fair value of investments.

Benefit Payments

Distributions to participants are recorded when paid.

NOTE 3: TAX STATUS

For the plan period ended July 29, 2022 and year ended December 31, 2021, the Plan adopted a Prototype Non-Standardized Profit Sharing Plan, designed by Voya Retirement Insurance and Annuity Company ("VRIAC") which received a determination letter dated September 1, 2014. The letters state that the Plan is designed in accordance with the applicable section of the Internal Revenue Code ("IRC"). As allowed by Internal Revenue Service ("IRS") regulations, the Plan intends to rely on its advisors rather than submit its own determination letters. Although the Plan has been amended since adoption, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4: ADMINISTRATION AND INVESTMENTS

Administration

For the period ended July 29, 2022 and year ended December 31, 2021, the Plan's investments were administered by VRIAC. Among other duties, VRIAC receives contributions, invests and reinvests the Plan's assets, collects income and makes distributions from the Plan's assets as directed by the Plan Sponsor.

Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at July 29, 2022 and December 31, 2021, and net appreciation in fair value of investments and interest and dividends for the period ended July 29, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by VRIAC.

NOTE 5: FAIR VALUE MEASUREMENTS

FASB ASC 820-10 provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). FASB ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements. The statement requires fair value measurements be classified and disclosed in one of the following categories:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Measured based upon inputs that are observable, either directly or indirectly, for the asset or liability other than quoted market prices included in Level 1. These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

Level 3: Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 29, 2022 and December 31, 2021.

NOTE 5: FAIR VALUE MEASUREMENTS *(Continued)*

Mutual funds:

Mutual funds are valued at the net asset value (NAV) of shares held by the plan at year end and are classified as Level 1 investments.

Stable value fund:

The investment includes the Voya Fixed Account (the “VFA”), for which the primary objective is stability of principal. The VFA is the obligation of VRIAC’s general account which supports all of their insurance and annuity commitments. VRIAC may impose restrictions on moving funds into or out of the VFA, as this could disrupt their guaranteed minimum rate of interest. Withdrawals from the VFA could be subject to a market value adjustment and a surrender charge, if for reasons other than benefit payments to participants. Additionally, transfers from the VFA could result in a “percentage limitation” or an “equity wash” provision. Transfers into a competing investment option from another investment option are allowed at any time provided that no prior transfers from the VFA have occurred within 90 calendar days. There are no unfunded commitments as of July 29, 2022 and December 31, 2021.

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement.

The Company’s assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following table summarizes the valuation of the Company’s financial instruments by FASB ASC 820-10 pricing levels as of July 29, 2022:

*- Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE 6: RELATED PARTY TRANSACTIONS

The Plan held investments in pooled separate accounts that were managed by VRIAC, who is also the custodian for the Plan. For the period ended July 29, 2022, the Company paid \$5,481 in administration fees that are included in administrative expenses.

The Plan believes that the fees charged by VRIAC are no different than those that would be charged by other companies engaged in managing pension assets.

NOTE 7: PLAN TERMINATION

The Plan sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

The Plan Sponsor formally terminated the Plan effective as of December 31, 2021 and employee and employer contributions ceased. The Plan Sponsor provided in its formal termination resolutions that Plan assets were to be distributed as soon as administratively feasible in accordance with the terms of the Plan. The final distribution of the last remaining Plan assets took place on July 29, 2022.

NOTE 8: RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments securities, and are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that reduction in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 9: INCOME TAXES

The Plan did not have unrecognized tax benefits as of July 29, 2022 and December 31, 2021, and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of July 29, 2022, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 10: SUBSEQUENT EVENTS

Management evaluated the period from July 30, 2022 through May 15, 2023, which was the date the financial statements were available to be issued.

No subsequent events were identified.
