INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Stryker Electrical Contracting, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stryker Electrical Contracting, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stryker Electrical Contracting, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stryker Electrical Contracting, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stryker Electrical Contracting, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2021 Supplemental Schedule Required by ERISA (continued)

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2020 Auditors' Report on the 2020 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Our report dated October 8, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 1: DESCRIPTION OF PLAN

The following description of Stryker Electrical Contracting, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all full-time employees of Stryker Electrical Contracting, Inc., and its affiliates (The Company) who have 1,000 hours of service and are age 21 or older. Affiliates include Diversified Electrical Systems, Inc. and Stryker Electric & Air, Inc. Prior service with a designated predecessor, Besco Stryker Electrical, Inc., is also recognized. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. The Trustees are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

Contributions

In 2021, participants may contribute up to the lesser of 100% of eligible compensation or \$19,500 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,500 for 2021. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants may also designate some or all deferral contributions as after-tax Roth deferrals at the time of the deferral election. Roth deferral contributions are subject to the same rules applicable to the pre-tax deferral contributions.

Participants may opt out of deferrals on bonuses. Participants who wish to defer on bonuses may contribute a whole percentage from 1% - 100% of any bonus designated by the employer into the Plan by completing a special election form. This contribution may not exceed 100% of eligible compensation or other applicable Internal Revenue Code limits and may be refused by the Company if it will have an adverse effect on the Plan's annually required Internal Revenue Code test.

The Company pays locally prevailing wages determined by the Department of Labor to applicable employees under the Davis-Bacon Act which allows the contribution of the wage fringe benefit component to be an employer non-elective contribution. The respective employees are immediately 100% vested in these contributions. Employer Davis-Bacon contributions must be made, at least, quarterly.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Company's contribution. Participant accounts may be charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

STRYKER ELECTRICAL CONTRACTING, INC.

401 (k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 1: DESCRIPTION OF PLAN (continued)

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may direct their contributions into an insurance contract and one or more mutual funds.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant shall be vested in these amounts on a schedule from 0% for less than one year of service to 100% after six years of service. Employer Davis-Bacon contributions are 100% vested immediately.

Notes Receivable from Participants

Participants may borrow up to one-half of their vested account balances which serves as security for their loans. The loan interest rates are set at reasonable rates, which currently range from 4.25% to 6.5%. The maximum loan term is five years except for principal residence loans which may be as long as fifteen years. The terms of the loans currently vary between twelve and sixty months. Principal and interest are paid through payroll withholdings.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum without regard to amount for their vested interest. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In service distributions are allowed for employees age 59½ or older. Installment payments may be requested for required minimum distributions and other applicable distributions.

Hardship Distributions

Hardship distributions of elective deferrals are also permitted for specific reasons such as medical, educational, and funeral expenses. They are also allowed to prevent foreclosure and offset casualty losses. They may be allowed, subject to certain limits, to be used for a down payment on a primary residence.

Forfeited Accounts

Forfeitures are determined as of the earlier of the last day of the Plan year in which the Plan Administrator distributes the Participant's entire vested interest or the last day of the Plan year. Forfeitures may be used to offset plan expenses, restore participant forfeitures, reducing matching contributions and reduce employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the modified cash basis of accounting. Revenue is recognized when received and expenses are recognized when paid. Investments are presented at fair value except for investment contracts which are presented at contract value.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the plan year to the end of the plan year is included with realized gains/losses as net investment income/loss reported in the accompanying statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses

The majority of expenses to maintain the Plan, are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3: INVESTMENTS

The Plan's investments were held in trust and administered by the Trustee. All investment information presented in the accompanying financial statements and supplemental schedule, including investments held and net appreciation in fair value of the investments and interest income, was obtained from information supplied to the Plan administrator and certified as complete and accurate by Nationwide Trust Company and/or Nationwide Life Insurance Company, as applicable, the custodians of the Plan assets.

NOTE 4: TAX STATUS

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 3, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is potentially subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 5: FAIR VALUE MEASUREMENTS

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income, or cost approach, as specified by FASB ASC 820, are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities which the Company has the ability to access.

STRYKER ELECTRICAL CONTRACTING, INC.

401 (k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

NOTE 5: FAIR VALUE MEASUREMENTS (continued)

- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020 except that the insurance contract is valued at contract value on these dates in accordance with Accounting Standards Update (ASU) 2015-12. Therefore, it is not included in the fair value schedules that follow.

Government money market fund: The government money market fund is valued at the closing price reported on the active market on which it is traded.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Aggregate self-directed brokerage account assets (SDBA): These accounts are self-directed and hold investments actively traded on the New York Stock Exchange. The accounts are valued at the daily closing prices of the underlying investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	\$ 2,952,479	\$ -	\$ -	\$ 2,952,479

NOTE 6: INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a group fixed annuity contract. It is a traditional investment contract that offers participants a conservative option and provides a competitive interest rate, stability, and protection. Both principal and interest payments, minus applicable fees and expenses, are guaranteed by the insurance company. The contract does not have a maturity date. The contract holder can request a lump sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The contract continues in force until all assets have been distributed and no further payments are due. Because the annuity contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the contract. Therefore, it is presented on the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Nationwide Financial Services, Inc. Private Sector Retirement Plan Administration, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Certain events may limit the Plan's ability to transact at contract value. However, the Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. Contract values were \$506,071 and \$472,736 at December 31, 2021 and 2020, respectively. This contract represented 12% and 14% of net assets available for benefits at December 31, 2021 and 2020, respectively.

NOTE 7: INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The following information was certified by Nationwide Trust Company, FSB and/or Nationwide Life Insurance Company, as applicable, the custodians of the Plan as of December 31, 2021 and 2020:

NOTE 8: PLAN EXPENSES

The majority of expenses of the Plan are generally paid by the Plan sponsor, including third party administrator fees and audit fees. Certain other expenses were paid directly by the Plan in 2021 as follows:

Asset fees	\$ 18,943
SDBA commission and fees	1,483
Advisory fees	3,625
Loan set up fees	375
Loan maintenance fees	130
	<u>\$ 24,556</u>

NOTE 9: RISKS AND UNCERTAINTY

Plan Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

COVID-19 Related Uncertainty

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in substantial decline and volatility of certain investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 10: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 11: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

NOTE: 12 CORRECTIONS OF ERRORS

The Independent Auditors' Report was appropriately corrected to reference the prior year auditor's opinion in a separate paragraph. In addition, the supplemental information was renamed as the Schedule H, Line 4i - Schedule of Assets (Held at End of Year). These changes were made in accordance with generally accepted auditing standards (GAAS) and the Department of Labor regulation requirements.
