Independent Auditor's Report

To the Plan Administrator of
Adecco, Inc. Associates 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Adecco, Inc. Associates 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of February 23, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period ended February 23, 2022, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of February 23, 2022 and December 31, 2021 and for the period ended February 23, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Adecco, Inc. Associates 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Adecco, Inc. Associates 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Adecco, Inc. Associates 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Adecco, Inc. Associates 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Financial Statements

The 2021 financial statements of Adecco, Inc. Associates 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated January 11, 2023, indicated that (a) because of the significance of the information that they did not audit, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Adecco, Inc. Associates 401(k) Plan

Notes to Financial Statements February 23, 2022 and December 31, 2021

1. Description of Plan

The following description of the Adecco, Inc. Associates 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Effective as of February 16, 2022, the Company merged the Adecco, Inc. Colleagues 401(k) Plan, the Adecco, Inc. Specialty Brands 401(k) Plan, and the Plan into a single plan with the Plan as the surviving plan; and changed the name of the surviving plan to “The Adecco Group 401(k) Plan.” Effective February 23, 2022, Plan assets and notes receivable from participants totaling \$66,190,067 and \$427,302,295 from the Adecco, Inc. Associates 401(k) Plan and the Adecco, Inc. Specialty Brands 401(k) Plan, respectively, were merged into The Adecco Group 401(k) Plan.

General

The Plan is a defined contribution plan established to provide associate employees of certain subsidiaries of Adecco, Inc. (the “Company”) with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All Company associate employees of participating employers are eligible to participate in the Plan as soon as administratively possible as defined in the Plan document.

Participant contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 75% of their eligible annual compensation, as defined by the Plan, limited to the maximum amount allowable under the provisions of the IRC (\$20,500 in 2022). Further, participants who are 50 years of age or older as of February 23, 2022 may contribute an additional “catch up” contribution (\$6,500 in 2022). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common collective trust funds as investment options for participants.

Rollover contributions

The Plan may receive, on behalf of a participant, rollover contributions from other qualified plans subject to approval by the plan administrator. These contributions are 100% vested upon contribution.

Participants’ accounts

Each participant’s account is credited with their respective contribution and allocation of Plan earnings or losses.

Vesting

Participants’ voluntary contributions and any earnings thereon vest immediately.

Payment of benefits

Upon termination of employment, retirement, death, or disability, the participant or the participant’s beneficiary is entitled to receive the vested portion of the participant’s account in a single lump-sum. Further, withdrawals from the Plan before leaving the Company are available for special “hardship” reasons or after attaining the age of 59½. Distributions to participants are recorded when paid.

During the year ended December 31, 2020, the Plan’s retirement plan committee adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act. A CARES act distribution allows certain eligible participants to take a coronavirus related distribution up to \$100,000 from the Plan retroactive to January 1, 2020 and through December 30, 2020. The Plan has not been formally amended to reflect these provisions. Plan amendments related to coronavirus related distributions must be adopted by December 31, 2025.

During the period ended February 23, 2022, all of the Plan assets were liquidated and transferred to other qualified accounts at the discretion of the participants.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of February 23, 2022 or December 31, 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Loans are subject to approval by the plan administrator and the interest rate is set periodically to be in line with current market rates for similar types of loans. As of December 31, 2021, the interest rates on notes receivable from participants range from 4.25% to 9.50%. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended to ten years. Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

During the year ended December 31, 2020, the Plan's retirement plan committee adopted the loan provisions of the CARES Act, effective for qualified participant loans initiated on or after March 27, 2020 and before September 23, 2020. The CARES Act provided Plan participants with the option to borrow up to 100% of their vested account balance up to a maximum of \$100,000. Participants may also have the option of suspending loan payments due between March 27, 2020 and December 31, 2020 for up to one year, however, originally scheduled payments must resume beginning on January 1, 2021. The Plan has not been formally amended to reflect these provisions, Plan amendments related to participant loans taken under the CARES Act must be adopted by December 31, 2025.

Other income

Certain mutual fund and common collective trust expenses, which are charged by the mutual fund companies to the individual participants (e.g. 12b-1, sub transfer agent), are recaptured by the Plan. These funds are then used to pay for expenses of the Plan that benefit the Plan participants, as approved by the Internal Revenue Service ("IRS"), the Department of Labor ("DOL") and ERISA. During the year ended February 23, 2022, these funds were recorded as other income of \$7,145 in the accompanying statement of changes in net assets available for benefits.

2. Summary of significant accounting policies

The following is a summary of significant accounting policies followed by the Plan.

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the trustee. See Note 7 for discussions of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the plan year or at the time of purchase during the plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Fair value

Accounting standards provide a common definition of fair value and establish a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable.

Adecco, Inc. Associates 401(k) Plan

Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (see Note 7).

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative expenses

Administrative expenses of the Plan are paid by either the Company or the Plan, as provided in the Plan document.

Subsequent events

The Plan has evaluated subsequent events through May 9, 2023, which is the date the financial statements were available to be issued.

3. Information certified by the Plan's trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The investment assets, notes receivable from participants, investment transactions, investment income and interest income on notes receivable from participants presented in the Plan's financial statements was prepared by or derived from information prepared by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee, and furnished to the Company. The plan administrator has obtained certifications from the trustee as of February 23, 2022 and December 31, 2021, and for the period ended February 23, 2022, that such information is complete and accurate. The participant contributions receivable totaling \$73,021 at December 31, 2021 are not certified.

4. Tax status

The Plan is operating under an individually designed plan document. The Plan was amended and restated effective January 5, 2016. The Company obtained a determination letter dated January 11, 2016, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of February 23, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Related party transactions

Certain Plan investments were managed by the Plan's trustee, and therefore, these transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules, as defined by ERISA.

6. Risks and uncertainties

The Plan provides for various investment options in accounts which invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

7. Fair value measurements

Accounting standards require that financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset and liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that are accessible at the measurement date.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset or liability that are significant to the fair value measurement. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 23, 2022 and December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. Shares held by the Plan at year-end are valued at unadjusted quoted prices in an active market.

Common Collective Trusts: Value is based on the underlying unit value of the assets held. The assets of the underlying funds are invested primarily in certain investment and security-backed contracts in addition to other securities. The fair value of the contracts is determined using the market approach based on market prices of similar contracts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business matter.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's financial assets which are measured at fair value at December 31, 2021.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 59,749,082	\$ -	\$ -	\$ 59,749,082
Total investments in the fair value hierarchy	<u>\$ 59,749,082</u>	<u>\$ -</u>	<u>\$ -</u>	59,749,082
Investments measured at net asset value as a practical expedient				<u>13,906,821</u>
Investments at fair value				<u>\$ 73,655,903</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2021:

	Fair Value at December 31, 2021	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust funds	\$ 13,906,821	N/A	Daily	12 Months
